Society at Junction

One of the most enjoyable events of the past week was a Leap Year party given in honor of Hanks Hill by some of his young lady friends at the home of Miss Nellie Folsom Friday evening, January 3d. Each lady gallantly escorted a gentleman. A prize was given to the lady writing the best proposal and the gentleman writing the best answer. Florence Marquis and Dr. Wright Lee won the ring. Written fortunes were prepared and read by individuals, which afforded a great deal of amusement. Music and games were also indulged in, but best of all was the unique way in which refreshments were served. Shingles were used for plates, and onion sandwiches on a bread board, wienerwurst from the frying pan, coffee in crippled pitchers, mustache cups, etc., and doughnuts on a broomstick. It was a late hour when the merry guests said good night. The young people always have a jolly time at Colonel Folsom's. Those present were Misses Nellie Folsom, Laura Schelt, Hattie Moorhead, Kittie Milliorn, Lorena Belknap, Maude Hayes, Florence Marquis, Marie Schelt, Josie Moorhead and Mable Hayes; Messrs. Hanks Hill, Charles Johnson, Dr. Lehrbach, Dr. Wright Lee, Clare Lee, Earl Jackson, Haven Belknap, Richard Thom, Bert Jackson, Leon Parks and Leonard Jackson.—Times.

THE NASHVILLE STUDENTS ARE NO LAGGARDS.

Those who remained away from the Deadwood theatre last night, under the impression that the Nashville Students might prove of the less calibre of the joyless Happy Hooligans missed a treat. For light musical entertainment, with just the right sort of fun and dancing, the colored aggregation is the best that has been seen here. Throughout the evening the small cast of eight gave entire satisfaction, keeping the large audience in an uproar of applause and appreciation over their work. They can each and everyone sing and dance and act and the program was carefully culled of anything that might prove objectionable or bordering on the vulgar. It was a clean and finished entertainment.

W. A. Bruce and Miss L. Bruce, as singers, together with the Mitchells and Miss Henderson were thoroughly enjoyed. Johnny Edwards is a rattling good eccentric dancer and comedian, and George Boutte made the boards jump with his shifty new steps. The olio is much above the average and contrary to most performances of this kind, the audience is better pleased as it progresses. Mr. Culligan should be justly proud of his company and it is safe to say that the purses in the towns they visit should be flattened for their appearance.—Deadwood Pioneer-Times, April 23.

At Eugene Theatre, two nights only, Jan. 14th and 15th; popular prices, 10c, 20c, 30c.

NORMAL SCHOOL OFFERS SPECIAL OPPORTUNITIES

The Southern Oregon State Normal school at Ashland offers special opportunities for teachers to review for the teachers' examinations in February and August, and to take work in pedagogy and special methods in teaching the various grades of the training school. Since the public schools of Oregon are calling for teachers who can teach manual training, many are taking advantage of the industrial work lately installed in the school. Expenses of board and lodging and tuition nominal.

The State Normal School at Ashland is enjoying the largest appropriation of state funds ever granted a normal school in the history of Oregon. Catalogues sent on application to the president. j31

JUNCTION CITY ITEMS

Sam Moore had the misfortune to have all the fingers of his right hand almost completely severed Tuesday morning at the excelsior plant. Dr. Parks has hopes of saving the fingers, though it will require time.

The Balm Grove Dairy milk wagon had a close call Wednesday morning. The horse was left as usual while the boy took the milk into E. Johnson's. The horse became frightened and ran away, scattering milk bottles from one end of the avenue to the other, finally turning into the warehouse back of the depot. The result of the runaway was a broken wheel, shaft, harness, and several dozen milk bottles demolished. Everybody expected to see the new milk wagon smashed into kindling, and was glad the damage was no worse.—Times.

AS TO ACUTE DISEASES

In many quarters of the country osteopaths are not very numerous; as a result, the news of their good work having spread, they are kept busy treating patients who come to their offices suffering from diseases that have become chronic, so that the impression has grown that osteopaths treat chronic diseases only.

In many quarters of the country where osteopaths have become numerous the doctors of this new school have become the regular family physician. They have been called in alike for the troubles of children and parents, and their marked success in the treatment of diseases of every character makes their services much sought after. Any one who wishes a thoroughly convincing demonstration of osteopathy's effectiveness should call in an osteopath when some member of the family is suffering from an acute attack; and it is quite certain that the osteopath will thereafter be the family physician.

JAPANESE WAR NEWS FROM COTTAGE GROVE

Here is an exciting piece of war news from the Cottage Grove Western Oregon:

Marshal Snodgrass last week discovered that two Jap lieutenants were making diagrams of the Cottage Grove waterworks. These included the pipe line and another reservoir which they located on the flat south of the high school building. When discovered they separated an done went north to Saginaw. It is probable that he will locate and diagram the Booth-Kelly lumber flume. Later the other fellow was arrested on information that he had been making inquiries as to the number of guns, thickness of the armor, the mechanism and the general destructive powpowers of the automobile on exhibition in the show window of the Wynne Hardware Company, which he took for an infernal machine. On his person were found a snapshot of it. Mayor Jones brought the matter to the attention of the councilmen on Monday night and the little brown man was ordered deported forthwith, but on Tuesday morning the prosecuting attorney ordered him released as he did not wish to offend the mikado. Accordingly he was given his liberty, but was told that if he did not make tracks for the Land of the Rising Sun the infernal machine would be shipped there and his little island be blown out of existence.

HOT WORDS USED IN COTTAGE GROVE COUNCIL

There came near being violence at the Cottage Grove council meeting last Monday. Councilman Porter wanted to remove the new sidewalk built by Messrs. Lurch and Lewis in front of their property on Fifth street while others thought the proposed action drastic. Recorder King called the attention of the council to the fact that there is not a uniformity of sidewalk on Main street, some being 12 feet wide, other stretches eight feet, and down to a few inches over the regulation five feet four inches, and that there seemed to be stubbornness and prejudice involved. This was vehemently resented by Councilman Porter, and only but for the constant, even temper of Recorder King there would have been scrapping on the spot. Mayor Jones promptly called the speaker to order. Later the dispute was compromised and good feeling verbally restored.—Western Oregon.

A CURE FOR MISERY

"I have found a cure for the misery malaria produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in no time and it puts yellow jaundice clear out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints, and the misery of lame back. Sold under guarantee at W. A. Kuykendall's drug store.
