## BIG SHINGLE MILL FOR SPRINGFIELD

The News has been informed from a reliable source that in the very near future Springfield will have added to her manufacturing district a 40,000 capacity shingle mill. One of Lane county's most prominent capitalists has organized a company and will start the erection of the building at once. The site that has been chosen and secured will be near where the rock crusher was located while crushing rock for the concrete piers of the large Steel Southern Pacific bridge. The names of the parties are withheld from publication for the time being for certain reasons, but after arrangements are further under way the News will be able to give more definite information. A representative of the company is now purchasing the necessary machinery and negotiating with different electric companies for a 30-horsepower motor.

### Livery Stable Change.

Another change has taken place in Springfield business circles since our last publication, it being a change in the partnership firm of Winzenreid & Renwick. Mr. Renwick has sold his interest to I. W. Young, who at one time owned an interest in the barn, being a partner of the late M. C. Davis. Mr. Renwick has been associated with Mr. Winzenreid for the past eight months, but has been forced to retire from active business owing to failing health.

### Stage Line Change.

The News has been informed that "Dad" Butler, who has been one of the proprietors of the Butler & Rice stage line, has sold his interest in the business to his partner, Mr. Rice. We understand that Mr. Rice will make some improvements in the stage line, and possibly in the livery business. He will probably build a new barn in the near future in a more suitable location, and will do a more extensive livery business.

### Numbering Houses

A number of our business men have already complied with the new ordinance requiring the numbering of all residences and business houses. Everybody seems to be taking to the ordinance kindly, and within a short time Springfield will look very metropolitan. The next thing will be to get out a city directory, which can be done at a very small cost, and this expense would be mostly paid by the advertisers.

### Big Lumber Business.

Superintendent Bassett, of the Booth-Kelly mill, reports the largest local lumber business during the past few weeks that the mill has ever known. He says the sales, both in Springfield and Eugene, are remarkably large, and in his opinion it is an indication of better times. Several men are kept busy at the mill filling orders.

### Business Change

Wednesday afternoon a deal was closed which makes Walter Wilmont one of the proprietors of the Eagle pool and billiard hall, he having purchased the interest of John Tink.

## PERSCHIPTIO I WAS FILLED OFTEN HERE

Noted Authority Gives Simple Remedy for Kidney and Bladder Trouble and Tells How to Mix It.

That the readers of this paper appreciate advice when given in good faith is plainly demonstrated by the fact that one well-known local pharmacy supplied the ingredients for the "vegetable prescription" many times within the past two weeks. The announcement of this simple harmless mixture has certainly accomplished much in reducing the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population who are always suffering more or less with bladder and urinary trouble, backache and particularly rheumatism.

A well known druggist asks us to continue the announcement of the prescription. It is doing so much real good here, he continues, that it would be a crime not to do so. It can not be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of simple ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Any first class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful, taken after each meal and again at bedtime. There is enough here to last for one week. If taken according to directions, good results will be apparent from the first few doses.
