New York, Jan. 11.—The jury for the second trial of Harry Thaw was completed last evening, and adjournment taken until Monday, when the prosecution will open the case.

Thaw announced he was entirely satisfied, and in fact well pleased with the twelve men chosen, and young Mrs. Thaw is also well pleased.

"They are much nicer than the men selected last year."

The jury as finally completed is as follows: 1—Charles F. Gremmels, ship broker, foreman; 2—Arthur E. Naething, employing baker; 3—Geo. W. Carey, dry goods; 4—George C. Ruppel, salesman; 5—John H. EUGENE PROPERTY WILL GROW VALUABLE

Blair street addition property is sure to double in value within the next two years. Two electric railroads are coming up the valley from Portland and both of them must enter the city from the west, and the line that will tap the Siuslaw country can not go out in any other direction. As sure as water runs down hill, Eugene must build down the valley—because the business is there.

There are both acreage tracts and large lots in this addition, only a mile from the business center and three blocks from the Geary public school.

Prices are very reasonable and you may make your own terms, a small payment down and monthly installments if you desire.

See the Oregon Land Co. at 412 Willamette street, or write them for particulars and prices.

where companies are located could spend their evenings and it would keep them off the streets and out of the saloons and gambling places.

Will Get New Rifles.

Major Beaker gave out to the reporter a piece of information that will be of great interest to the local Guardsmen. He said that Adjutant-General Finzer, who is now in Washington, D. C., has wired the Guard officers at Portland that the new Springfield army rifle will be furnished the Oregon troops immediately, this state being the first to receive them. They will arrive within a very few weeks and then the Krag-Jorgensen rifles now in use will be discarded. The regular army has been using them for a good while and they have proven to be far superior to the Krag-Jorgensens, which are a very good gun.

Major Beaker leaves tonight for Roseburg, and from there will go to Ashland on the same mission that brought him to Eugene. From there he goes to Eastern Oregon.
