

THREE DEFENDANTS MAY TESTIFY AGAINST HALL AND MAYS

Portland, Jan. 15.—Francis J. Henry created something of a sensation today when he announced in Judge Hunt's courtroom that at the five o'clock trial in connection with the Butte Creek land frauds the cases of only two, former United States District Attorney John H. Hall and Edwin Mays, would be tried at this time.

There exists an understanding that Henry and the other two defendants, former State Senator W. W. Stelwer, H. H. Hendricks and Charles B. Zachary, and that they will testify against Hall and Mays when called upon. It has been rumored for several days that an immunity bath was ready for certain of the defendants, and Henry's announcement is believed to confirm the rumors.

The selection of jurors went on this morning, five being accepted before the noon recess, as follows: Alfred Freerkson, Linn county.

William Fuqua, Clackamas county.
Charles J. Sunderland, Multnomah county.
R. W. Fry, Linn county.
Samuel W. Miles, Lane county.

BRYAN'S DOUBLE DIED OF HEART DISEASE

Dallas, Tex., Jan. 13.—Charles K. Wolf, known as the double of William J. Bryan, died of heart disease at his home in this city yesterday. He was sick less than ten minutes. Wolf's physical, facial and vocal resemblance of Bryan was so remarkable that he frequently was mistaken for the Nebraska statesman and often made catchy short speeches that added to this deception. He practiced this to a notable extent at the national meeting of Elks in Philadelphia last July.

FOUR MORGUES FULL OF DEAD IN STRICKEN TOWN

Boyertown, Jan. 15.—With the opening of four improvised morgues today in which lay the victims of Monday night's theatre horror, the inhabitants of this borough began to realize the awful extent of the tragedy. The hand of sorrow was touched nearly every family in town and many neighboring villages. Four buildings used as morgues contain 162 bodies. Most of the bodies are in such a condition that few of them are recognized by their features. Fully forty teams are unclaimed at the stables, showing that a large number drove in from surrounding towns to witness the production of the "Scottish Reformation." One of the injured died today.

YOUNG BANKER ROBBED AND SLAIN

New York, Jan. 15.—Frank Nun-

ner, a wealthy young banker, was found stabbed to death beside his wagon, and there are appearances of a fierce struggle. He had a large sum of money and a watch when he left Ardaley. It is believed that he was waylaid on the road by the same gang that killed a young insurance agent near Elmford two weeks ago and which has robbed several post-offices in Westchester county.

NEGRO KILLED HIS EMPLOYER WITH HAMMER

CORTELYOU WILL NOT RESIGN HIS CABINET POSITION

Washington, Jan. 15.—Secretary Cortelyou was at his desk today. At the White House it was said positively nothing whatever was known as to the secretary's reported proposed resignation.

Secretary Cortelyou later said the report was without foundation. He had had no serious difficulties with the president, he declared, or with any member of the cabinet, and he expected to continue to serve as secretary of the treasury. He pronounced the story that he had been offered the presidency of the Knickerbocker Trust Company of New York absolutely without foundation, and said the report that he had conferred with J. P. Morgan during his recent visit to New York in regard to it a "fake" in every particular. He had not seen Mr. Morgan or any one else in his interest.

For twenty-five years he was a teacher and disciplinarian in the Indian school at Chemawa, Or., and was a fine man. He leaves a widow, five sons and two daughters, all well educated.

Frankfort, Ky., Jan. 15.—The ballot in joint session today for United States senator was without result. Beckham (Dem.), 66; Bradley (Rep.), 64; scattering, 5; two absent. The scattering votes represent Democrats who are opposed to Beckham, who lacks three votes of a majority.

UNIVERSITY PLAYS AT MOSCOW THIS YEAR.

Moscow, Ida., Jan. 13.—Arrangements have been made whereby the Oregon-Idaho football game of this year will be played in this city on October 31 and in Eugene in 1909. A two-year contract is being drawn up and the signatures of the athletic authorities of the two universities will be affixed in a few days.

In spite of the great success of the recent Oregon-Idaho game in Portland, it has been deemed advisable to make it a campus game hereafter, as students of both institutions and townspeople of Moscow and Eugene are anxious to see the contest, at least once in two years, without leaving home. Local football enthusiasts are looking forward with glee to this year's game, for it is recognized as one of the big games of the season.

Last year's game between Oregon and Idaho is regarded by many well-known critics as the greatest game ever played in the west. When Oregon played here in 1906, the game drew a crowd of 1500 people. It is estimated that the game of this year will draw at least 3000 people, for there is more interest in the sport and rivalry between the two colleges is keener.

Idaho has secured the services of Coach John R. Middleton for next season. The three men who will be lost by graduation are Armstrong, Stein and Keyes. Leigh Savidge has been chosen captain for next year and Paul S. Savidge, brother of the captain-elect, has been chosen manager.

RESERVE POLICY OF ADMINISTRATION IS ATTACKED

Helena, Jan. 15.—The policy of the national administration with reference to public lands was again attacked today in the convention of the National Woolgrowers' Association, Senator Thomas H. Carter, of Montana, being the spokesman, through an intermediary, the senator being unable to be present.

Governor Bryant B. Brook, of Wyoming, also delivered a forceful address, and said he was opposed to the Barrett bill and expressed a decided preference for the rule of law rather than the rules and regulations of the department.

NEW EVIDENCE BROUGHT IN TO SHOW INSANITY

New York, Jan. 15.—Many witnesses entirely new to the case testified today at the Thaw trial, and told stories of his eccentricities during the years preceding the killing of Stanford White. All declared he impressed them as being irrational.

The most interesting testimony was that of Christopher Hazzard, a boarder of the New York White Club, who told of the delirium on the day of the tragedy, and who, under the cross-examination of Jerome, gave amusing details of the whist game in which Thaw and several men of prominence participated.
