REPEAL OF PRESENT LAND LAWS

There has been a good deal of talk about the land policy of the administration, but it is clearly not understood by a great many persons...

The commissioner recommends the mineral land act and the stone act be repealed, the reasons that the first is no longer necessary...

In committing the United States to get out of Cuba in the spring of 1909 Secretary Taft threw a bolt into the bunch which have been laying wires to make American occupation permanent.

Isn't some congressman who regards the number of bills introduced as proof of statesmanship overlooking a play by not introducing one to regulate the visits of the stork?

Let's hear no more about the heartlessness of city folk. No less than 10,000 of them died last year from some form of heart disease...

The decision of the United States supreme court, that an employe of the United States land office cannot legally acquire public land is on all fours with common sense.

Why poke "fun" at the postal authorities for barring short men from employment when army chaplains are retired for not being expert rough riders?

One of the numerous unaccountable things is why the man who is wrong always does the most talking about it.

Congress has been asked to invest \$9,587,500 in additional peace insurance, in the shape of reserve uniforms for 230,000 soldiers.

NORMAL SCHOOL OFFERS SPECIAL OPPORTUNITIES. The Southern Oregon State Normal school at Ashland offers special opportunities for teachers to review for the teachers' examinations in February and August...

EIGHTH GRADE EXAMINATIONS. The eighth grade final examinations for the public schools will be held January 23, 24, May 14, 15, June 11, 12.

WE CAN SUPPLY. Your wares with wood—Oak, Maple, Fir, and Pine. Also Coal. WILLIAMS TRANSFER CO. Phone Black 1141.

political issues which are centres of party rancor. Thus the expression of opinion on them by one representing in any way this government would be productive of annoyance and embarrassment to us.

In these "hard times" the greatest value for the smallest outlay is the daily newspaper, printed on white paper that costs more than the selling price, and furnishing information that costs thousands of dollars to collect and put in type...

Somebody has been guessing wrong. Instead of reducing its force of special agents the United States land office wants congress to increase the appropriation of \$250,000 it has for the current fiscal year for special agents to \$500,000 for the year beginning July 1 next.

The president of Smith College says that too much education spoils the girls as wives, and at the same time Vardaman says that education is ruining the negroes.

Maybe the leader of the Russian douma knows his business best; at any rate we are curious to know what he expects to gain by traveling 11,000 miles to tell his troubles to Americans, who have a sufficiency of their own.

Chaffeur husbands also come high. One of them, who eloped with the only daughter of a rich Philadelphian, is suing his daddy-in-law for \$250,000 for taking wifey away from him.

WALTER LAKIN'S NEW INVENTION. FORMER EUGENE BOY HAS PATENTED A DEVICE WHICH ANNOUNCES STREETS ON STREET CARS.

The Portland Journal of yesterday tells of an invention of Walter Lakin, son of D. R. Lakin, of this city, as follows:

W. E. Lakin, a conductor on the East Ankeny carline, who lives at 83 East Twenty-seventh street North, has patented a street recorder to be placed in streetcars. It will record the name of the street which a car is approaching and designate the numbers of the houses on the block.

At the same time his invention will flash a picture or advertisement to view until another street is crossed. The speed of the car does not alter the display, for the trolley merely meets an overhead contact hanger, wherever located, and the recorder does the work perfectly.

Mr. Lakin's device will not only relieve conductors of the necessity of calling the streets, but will quiet the fears of the nervous passengers. Strangers seeking a certain number can locate it a block away by this recorder, which is like an ordinary cash register and can be removed to another car if necessary.

To relieve the monotony of staring the passenger opposite in the face, Mr. Lakin says he can present attractive pictures of Oregon scenery between advertisements, and might even attach a phonograph and give a good vaudeville show.

***** DIED. *****

Mrs. Polly Loomis-Humphrey died Wednesday, January 15, 1908, at Olympia, Wash., aged 87 years, and was buried Saturday at Harrisburg, Or. Two daughters survive her. She was formerly a resident of Harrisburg, and her husband, who died 24 years ago at that place, is buried there. The funeral services were conducted by Rev. J. S. McCallum, of Eugene.

AS TO ACUTE DISEASES. In many quarters of the country osteopaths are not very numerous; as a result, the news of their good work having spread, they are kept busy treating patients who come to their offices suffering from diseases that have become chronic...

In many quarters of the country where osteopaths have become numerous the doctors of this new school have become the regular family physician. They have been called in alike for the troubles of children and parents, and their marked success in the treatment of diseases of every character makes their services much sought after.

ATTENDANCE AT BIBLE SCHOOL. 417 — EVANGELIST MARTIN LECTURES TO WOMEN.

Blair street addition property is sure to double in value within the next two years. Two electric railroads are coming up the valley from Portland and both of them must enter the city from the west, and the line that will tap the Sasias country can not go out in any other direction.

There are both acreage tracts and large lots in this addition, only a mile from the business center and three blocks from the Geary public school.

SUNDAY GREAT DAY AT CHRISTIAN CHURCH

ATTENDANCE AT BIBLE SCHOOL. 417 — EVANGELIST MARTIN LECTURES TO WOMEN.

In spite of the inclement weather yesterday, every service at the Christian church was highly inspiring.

The report of the secretary of the Bible school showed that the attendance at that great gathering was 417. In the sermon following, Dr. S. M. Martin most certainly kept his promise and far surpassed expectations in showing how clear the Bible teaching is regarding "the eleventh hour."

The lecture to women at 3 p. m. decided the great contest between them and the men. The women in and about Eugene assembled in such numbers and gave such an offering as to keep their banner of victory and progress still floating. In numbers they exceeded the men by 19; in offering, \$8.53. With the men it was "Almost, but lost." The great good this lecture has in store will evidently be revealed in the everyday life of each woman present and prove a blessing to home and country.

At the evening service Dr. Martin held his audience spell-bound as he treated that theme on the life-sustaining ordinance, "The Lord's Supper." So surprising it was to a vast number in the audience! When the evangelist produced the testimony of leading men in different religious movements, showing their unanimous agreement with the Bible teaching in respect to the observance of the Lord's Supper, every Lord's Day.

Total additions for the day, 187, making a grand total of 89 since the revival began.

This is Monday. Be at the church before 7:30 this evening. Everybody will want to hear the sermon tonight. The subject is "Hell, or the Doctrine of Future Punishment." Come and hear Dr. Martin prove there is a hell, its nature and its duration—all without a word of Scripture; then follow the argument with the Bible doctrine.

EUGENE PROPERTY WILL GROW VALUABLE. Blair street addition property is sure to double in value within the next two years.

There are both acreage tracts and large lots in this addition, only a mile from the business center and three blocks from the Geary public school.

Prices are very reasonable and you may make your own terms, a small payment down and monthly installments if you desire.

See the Oregon Land Co. at 412 Willamette street, or write them for particulars and prices.

A CURE FOR MISERY. "I have found a cure for the misery malaria produces," says R. M. James, of Louellen, S. C. It's called Electric Bitters and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in no time and it puts yellow jaundice clear out of commission.
