REGULAR CARS ON
ELECTRIC ROAD

The first through electric car carrying passengers from Portland to Salem arrived this morning at 11 o'clock, after a smooth three-hour run. Conductor Smith, upon arriving, said: "The only disadvantage of the run is that our schedule at present will not allow us to make anywhere near the time that the big coaches are capable of making. As the track becomes more solid, and the schedule is adjusted, the three-hour time will probably be reduced materially."—Salem Journal.

The Clatsop county judge has sold the old county buildings at the following prices: For old courthouse building, \$70; woodshed, \$5; sheriff's office, \$5, and the building in which the county court meets, \$5.
