## BIG BASKETBALL GAME AT ARMORY FRIDAY NIGHT

Tomorrow evening the most important basketball game of the season for the Eugene high school will be played at the armory with Roseburg high, the present champions of Southern Oregon. It will be the hardest game they will have or have had. While the local players do not think there is an even chance, the strength of the teams considered, for either side.

A word as to the players: For Roseburg the whole team is an old one, that is, all the members played together last year and one or two of them for the last three years; all know the game and are very quick. The Eugene five has shown itself good by taking the championship of the Willamette valley. Clay Watson is probably the quickest and coolest player on the coast for his size. His brother Gwyn is very accurate in throwing baskets, and does not get excited, always playing a steady game. He is probably the best forward in the league. Mitchell, the big centre, has shown himself invaluable through his accurate passes and quick work on the floor. Bean and Cockerline are about a stand-off in throwing baskets. Either always throw more than any of the other players.

The lineup of the teams is as follows: Eugene Fisher, F.; C. Watson, G.; Thornton, F.; G. Mitchell, G.; Finch, C.; G. Bean, G.; Risley (c), G.; Cockerline, G.; Goodman, G.; Cockerline, Young Utility, Young.

The Roseburg girls will be along with the team, as they play Albany girls Saturday night. They were to play here, but as our girls' team was obliged to disband the game was called off.

After the game Roseburg will be treated to an elaborate reception and dance.

### CIRCUIT COURT LASTED ONLY TWENTY MINUTES

Corvallis, Or., Jan. 22.—An adjourned term of the circuit court was held at the courthouse here Monday. Judge L. T. Harris of Eugene presiding, and notwithstanding that it was the first term of circuit court in Benton county since last July, the term was perhaps the shortest ever held in the county, lasting only twenty minutes. In most of the counties a great amount of court business accumulated during the holidays, but here there was nothing but routine. There are only a couple of jury cases on the docket, and they will be tried next session. There is seldom a term of circuit court here lasting longer than one or two days.

## ..It Is Prudent to Insure..

your life & your property.

Why is it not as important to insure against adversity in the future by keeping your funds in a bank account? Allow it to accumulate until a time comes when you need it badly—that is when you will appreciate its true worth.

Just as the value of your life insurance increases as you grow older, so will your bank account grow as you add to it weekly or monthly.

In fact, the possibilities of your bank account are limited only by your earning and saving capacity.

An account with this bank is good insurance.
