***** winning candidate in The Guard's great 1909 prize voting contest. Miss Withrow, who is employed by the Sunset Telephone Company at Springfield, has many friends in both Eugene and Springfield, as well as other parts of Lane county, who are very much interested as to her outcome, knowing that if her name is announced as a winner of the trip prize to Los Angeles they will be well represented during the coming season in Southern California. Miss Withrow, whose address is Springfield, where she can be reached by mail or phone, will greatly appreciate any favors shown by her friends during the remaining days of the contest, and will be pleased to receive notification to call for contest subscription votes.

Contest will close As announced yesterday, subscriptions to count in favor of contestants will be received at the office of The Guard up to 10 o'clock Saturday night, February 5.

Consolation Prizes. Mrs. H. L. Gibbs, sewing machine; Miss May Douglas, Miss Georgia Neff, Newport trips.

In order that the county candidates can work for subscriptions up to a late hour, the same as city candidates, the following provision is made: All mail subscriptions received by The Guard bearing postmark of Saturday, February 5, received at The

Miss Effie Withrow, the popular leader of district number four, whose picture is herewith produced, is very desirous of being announced as a

Guard office by Tuesday, February 11, at 11 a. m., will count in favor of candidates whose votes are requested on such subscriptions.

The final count of ballots will be announced on Tuesday, February 12. The prizes will be awarded at once.

This is a slight change from the original arrangement in order to give the candidates of Acme, Mapleton and Florence the same opportunities to work up to the closing hours of the contest.

This announcement will be of interest to friends and partisans of the candidates who are intending to advance subscriptions in their behalf.

The voting of the past twenty-four hours has been exceedingly light, owing to the fact that all candidates in the race are adding every possible vote to their reserve that they have in readiness to hurl at their competitors on Saturday night next.

Candidates who are leaders of today should not think that their opponents are not working because their totals of today are not increasing—THEY ARE—and are obtaining very good results. Saturday night will tell the tale.

Every one in the race has friends who promised to support her at the final rush. Why not see them within the next few days and have them on hand Saturday night to give you a final boost when it will be needed?

EVERY CANDIDATE AND THEIR FRIENDS ARE REQUESTED TO BE ON HAND AT THE FINISH.

Candidates who cannot arrange to be at The Guard office Saturday night during the closing hours should have a representative on hand to look after their interests in the closing hours. A race is never lost until it is over, and if you feel that your chances are not as good as those of your competitors your friends will assist that, when they will come to your aid at the finish. A few yearly subscriptions which can be easily secured during the closing hours for the asking will go a long way to place your name in the position which you have worked so hard for during the contest. DO IT NOW—write or see your friends and tell them to be on hand when you will need their assistance most—NEXT SATURDAY NIGHT.

IF WOMEN ONLY KNEW.

What a Heap of Happiness It Would Bring to Their Homes.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains come from sick kidneys.

Doan's Kidney Pills cure sick kidneys.

Eugene people endorse this: Mrs. S. Y. Abbott of 484 Pearl St., Eugene, Ore., says: "Last winter I was taken down with a bad spell of sickness and kidney complaint. There was hardly ever a time when I could not attend to housework but this time I was completely laid up. My back was so weak I could scarcely move without pain. I started doctoring and took several prescriptions but without much benefit as far as I could see. Doan's Kidney Pills were recommended to me and I got a box. I continued taking the remedy and the pains and weakness left me. My kidneys seemed to gain strength until I was entirely well again. I can now do my work without the least annoyance."

SIUSLAW LAUNCH WRECKED AT THE MOUTH OF RIVER

CLAUD YATES' GASOLINE BOAT MEETS WITH DISASTER—SCHOONER COQUILLE WATER-LOGGED AND PUTS INTO COOS BAY—ROAD WASHED AWAY BY RIVER

(Special Correspondence.)

Mapleton, Feb. 5.—The schooner Coquille, which sailed from this port a few days ago loaded with lumber, sprung a leak and water-logged. She was towed into Coos Bay yesterday. It is not known yet how much she is damaged. M. E. Saubert, of Acme, has a large interest in her.

Launch Wrecked. Yesterday Claud Yates, in charge of the launch Lena, towed a scow loaded with lumber to the mouth of the river, intending to land it below the jetty. When opposite the end of the jetty his engine stopped and before he could get it started the launch drifted onto the north spit and last night the sea broke it all to pieces. She was owned by Charles Saubert and was valued at about \$500.

River Cutting Road Away. The river is cutting the bank very bad at Holtenbeck's, half a mile above Mapleton. The road is damaged to such an extent that teams are obliged to travel through the field. Some of the people have subscribed quite liberally to jetty it. They have the piles in the river and Benedict's pile driver was brought up last night to drive them. They have to get it fixed before another freshet, and expect the county court to appropriate money for part of the expense.

Shipping Notes. The tug Roberts was brought up from Gardiner Saturday, loaded with cold-storage and canned salmon at William Kyle & Sons' cold storage plant at Florence, and was on the way to Coos Bay again Sunday. The L. Roseco, with the same kind of a cargo from the same place, sailed Monday for Coos Bay.

The Washelore is on the way from San Francisco to this port and should be here today.

Mr. Clough is putting up a good-sized building just south of Joe Morris' store, but no one seems to know what it is going to be used for.

Last week we had some of the coldest weather of the season. Aside from bursting some of the water pipes no damage was done.

OREGON POULTRY INDUSTRY GROWING

The Oregon experiment station recently issued a 40-page bulletin on "The Poultry Industry of Oregon," from the pen of Professor James Dryden.

Professor Dryden came to Oregon a few months ago from the Utah experiment station, where he made a reputation as one of the most useful men who are devoting their attention to the poultry industry at experiment stations in the United States. The bulletin just issued is intended to encourage the development of the poultry industry in Oregon. It gives figures taken from the last United States census which show by counties the number of fowl of different kinds on the farms of Oregon in 1899, the value of the poultry raised in 1899 and the number of dozens of eggs produced in that year. The value of the poultry raised in the state that year was \$226,678. The leading county in value of production was Linn, with \$88,368. Douglas was second with \$78,740, and Lane third with \$65,277. Marion followed Lane closely with \$64,160.

The number of dozen eggs produced in the state was 7,709,970. Marion county took the lead in egg production with 732,170 dozens. Linn county was second with 679,420 dozens.
