TOMORROW NIGHT ENDS THE MOST SUCCESSFUL CONTEST EVERY HELD IN NORTHWEST OUTSIDE OF PORTLAND

Table with 2 columns: Candidate Name and Vote Count. Includes Miss Idah Hendershot, Miss Marguerite Woods, Miss Grace Wood, etc.

Table with 2 columns: Candidate Name and Vote Count. Includes Miss Effie Withrow, Miss Maude Lewis, Miss Georgia Neff, etc.

If the following candidates finish after the last count of votes tomorrow evening in the positions they now hold they will be announced as winners of The Guard up-right Kimball piano, the trips to Los Angeles, the scholarships, the White sewing machine and the trips to Oregon's popular summer resort, Newport.

turn in their subscriptions and have them counted into votes. In order that the country candidates can work for subscriptions up to a late hour, the same as city candidates, the following provision is made: All mail subscriptions received by the Guard bearing postmark of Saturday, February 8, received at the Guard office by Tuesday, February 11, at 11 a. m., will count in favor of candidates when votes are requested on such subscriptions.

One day more of labor, contest candidates and the great \$1000 prize contest run by this newspaper. The Guard, Eugene's foremost and best paper, will close. It is rapidly coming to a termination—it will be a splendid and successful windup. It has been a fine and dandy contest, and don't you falter on that statement. The big contest has from its very inception just shot along in a smooth and go-ahead manner. It has been run without a hitch. It has kept the pace set at the beginning. There remains but one more day until all are end. Come, now, candidates, and get a few more votes to insure your standing and finish on top with the rest of the ambitious bunch. Remember, there is but one day more of labor, and then comes rest, and joy. Show us what you can do in this remaining day—let us see you all bring this contest to a grand and glorious finish. Now is the particular time to do good work. Reports from all districts and the many towns embraced in the scope of the contest are very good. Remember, we are at your service any time! The subscriptions continue to pour into The Guard office in astonishing quantities. Many local and out-of-town candidates are continually calling on the contest manager and reporting progress. The outlook for a very successful termination for the contest is very bright. Remember, every aim is and always has been to help you all we can. Spirit and vim are all you need to win out in this great Guard contest. "Get busy," one good final effort, and the trick is done. Every one should strive to reach the very top, and after once displacing the leaders should work pretty hard to stay there as some one is actively engaged in securing their friends to work for them and are putting in all their extra time themselves, with the idea that your share will soon meet satisfactory results.

How are your chances to win? Is your reserve force of votes large enough to place your name in a winning position after the final count of votes? These two questions are of vital importance. It would be a good idea to feel that you are safe, and with that thought in mind, make final arrangements to have your friends and supporters on hand tomorrow to assist you to place your name in a position so it will be announced the winner when the final count of votes is made. Many thousands of votes are held in reserve, and ambitious candidates are working with a will. Don't think because you are the leader of today in your district that the race is won, or because you have a few thousand in reserve that the amount will be large enough to see you through tomorrow night. Other contestants have reserve forces possibly larger than yours, and it would be a good thing to figure that your reserve force of votes was not half large enough and proceed at once to get the other half. The Way the Prizes Will Be Awarded. Capital prize—Grand upright piano, valued at \$750, will be given to the young lady who secures the most votes of any candidate in the contest irrespective of the district she may reside in. First prize to each district—To the four young ladies who finish with the largest number of votes, to the credit of each in the four districts will be given a first-class free trip to Los Angeles and return, including the best hotel accommodations for one week while in the city of Los Angeles, under the escort of a chaperone elected in the chaperone contest. Chaperone Consolation Prizes. To the chaperone candidate who gives the Los Angeles prize trip has been awarded, besides with the largest number of votes in her district, will receive a White sewing machine, to be delivered at the office of the Guard on the 11 o'clock Saturday night, February 8. Consolation prizes will be given to the chaperone candidate who finishes in

second place after the last count of votes. Contestant Consolation Prizes. To the two candidates who finish with the largest number of votes, irrespective of districts, after the grand upright piano, the vacation trips to Los Angeles and the scholarship prizes have been awarded, we will give two free trips to Newport, Oregon, both ways, at any time during the summer months, and first-class hotel accommodations for one week while there.

THE DOCTOR OF OSTEOPATHY What His Title Means—How He Gets It and the Peculiar Abilities Acquired in His Long Course of Training

The graduate of a recognized college of osteopathy, after a long and exhaustive study of the highest authorities in anatomy, physiology, pathology, diagnosis, therapeutics and all kindred branches, is awarded a diploma that gives him a legal right to the title of Doctor of Osteopathy. That is the only title that he wishes, for he makes no pretense of practicing medicine, the word medicine being generally accepted as meaning drugs.

The abbreviation of the title of Doctor of Osteopathy is D. O., and the province of the D. O. is to help nature, in the human body, to right herself. He believes that drugs are not only unnecessary, but distinctly damaging, and that the body is a very perfect machine that will run along smoothly if supplied with the proper fuel (food), and if none of its parts get out of position.

Repairing the Structure. But, while the most perfect of machines, it is also the most delicate, and derangement of its parts can be brought about in scores of ways. Falls, jars, strains, undue exertions, and local contractions or relaxations due to changes in temperature, are only a few of the things that may cause trouble in this delicate mechanism. Sometimes the effects are immediately apparent, sometimes long delayed.

It is for the especial work of finding the derangement and rectifying it that the osteopathic physician is trained. He is a master mechanic, and when anything is wrong with the machine it is the master mechanic whose services should be called in. If some little part has slipped out of place, the resulting trouble may be at a distant part of the mechanism, and but the trained expert would be likely to attempt repairs in the wrong place and work further damage. But the skilled workman does nothing until he has made thorough examination and found that little part that has slipped out of place. Then his training enables him to replace it. That is the work of the osteopathic physician.

If you want an opinion as to the value of osteopathic treatment do not make the mistake of consulting any one whose whole training has been along other lines. Ask some one who has had experience with the system and knows; or, better yet, go to a good osteopath and give him the opportunity to demonstrate the thing to you. Dr. H. L. Studley, osteopath, office over Chambers Hardware store, Phone Black 1326. Residence, 734 Ferry street. Phone Red 3197.

AMUSEMENTS

One of the most striking and beautiful features in the spectacle of "Parsifal" which comes to the Eugene theater Saturday, February 15, is the flower garden scene with its fascinating Flower Maidens. This garden is the creation of Klingsor for the deliberate purpose of seducing the Knights of the Holy Grail from their lives of rectitude and holiness. But it is in the attempted destruction of the soul of the hero himself Parsifal, where Klingsor puts forth his greatest efforts, and the Flower Garden and its occupants are made to play their most important part. The garden itself is fairly liken and enchanting. Its luxuriant foliage and tropical plants and flowers of gorgeous and varied colors are sufficient to dazzle the eye and bewilder the senses with their splendor and penetrating perfume. Then again, in and out among this sea of Oriental color and luxuriance, there appears a number of young and lovely maidens who rival in beauty of face and figure the magnificence and charm of their expulsive surroundings. The whole scene blazes with iridescent grandeur in the brilliant sunlight. It is into this vortex of sensuous creation that the innocent and guileless Parsifal is lured by Klingsor. Intent upon his moral downfall, and yet to see how this noble youth is enabled to resist all the allurements and temptations that beset him. How, even when the arch temptress, Kundry, now transformed into an enchantress of wondrous beauty and voluptuousness, is powerless to attract him. We see these two arch demons, frustrated in their evil machinations, at last resort to physical violence, fearful that Parsifal shall escape them. Klingsor hurls the sacred lance at the head of the valiant youth. It falls to strike him but miraculously remains suspended over his head. Parsifal grasps the Holy relic and with it makes the sign of the Cross. A loud crash of thunder is heard, and the magic castle crumbles into ruins; the Flower Garden and all it contains is turned into an arid waste, and Klingsor disappears forever. Kundry is overwhelmed with fright and horror, while Parsifal, holding aloft the holy spear, reveals a striking picture of triumphant good over evil.

EUGENE PROPERTY WILL GROW VALUABLE

Blair street addition property is sure to double in value within the next two years. Two electric railways are coming up the valley from Portland and both of them must enter the city from the west, and the line that will tap the Siuslaw country can not go out in any other direction. As sure as water runs down hill, Eugene must build down the valley—because the business is there. There are both acreage tracts and large lots in this addition, only a mile from the business center and three blocks from the Geary public school. Prices are very reasonable and you may make your own terms, a small payment down and monthly installments if you desire. See the Oregon Land Co. at 412 Willamette street, or write them for particulars and prices.

RULES FOR GOOD DIGESTION

A Simple Way to Prevent and Cure Stomach Trouble. The sufferer from indigestion and stomach weakness should eat slowly and chew the food thoroughly. But as the majority of people have already so abused the delicate stomach that they suffer with distress after eating, flatulence, headaches, coated tongue, spots before the eyes and many other symptoms of indigestion, it is necessary for them to use M-I-O-na, the only remedy that will strengthen the muscular walls of the stomach and increase the flow of gastric juices so that indigestion will be cured. M-I-O-na puts the whole digestive system in such shape that it can care for all the food that is eaten without pain or distress. Hull Drug Co. give an absolute guarantee with every 50 cent box to refund the money unless M-I-O-na does all that is claimed for it. A guarantee like this must inspire your confidence in the remedy.

MADE FROM S.S.S. ROOTS AND HERBS A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisonous impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the fountain of good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles. Book on the blood and any medical advice free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.
