IT CUTS SOME ICE

If the store is a clean place; if the salesmen obliging; if the service is prompt, and last, but not least if the quality of the goods is the best, the store never lacks business. Come and give us a trial and be convinced that we fulfill all of the above principles, especially in quality and cleanliness.

We carry a complete line of staple and delicacies, flour and feed, and buy and sell country produce.

IT'S UNREASONABLE

IT IS UNREASONABLE for a young man to suppose that he can set himself up in a good paying business without some capital to invest in the enterprise.

Perhaps this lack of ready funds has been the cause of your working for some one else instead of yourself for these many years.

An account with this bank will afford you a convenient, safe and altogether ideal method of keeping your surplus funds where they will grow into a sum that in time will make possible your success in business.

Others have succeeded in this way; you can also.
