IT'S UNREASONABLE

IT IS UNREASONABLE for a young man to suppose that he can set himself up in a good paying business without some capital to invest in the enterprise.

Perhaps this lack of ready funds has been the cause of your working for some one else instead of yourself for these many years.

An account with this bank will afford you a convenient, safe and altogether ideal method of keeping your surplus funds where they will grow into a sum that in time will make possible your success in business.

Others have succeeded in this way: you can also.

DR. MARTIN STILL DRAWS BIG CROWDS

The sermon on "The Second Coming of Christ and the End of the World" was again delivered at the Christian church last evening in the presence of a large and attentive audience. Dr. Martin, through his excellent ability, unfolded that marvelous discourse of the Savior recorded in the 24th and 25th chapters of the gospel by Matthew.

Forever will remain the deep impressions the evangelist made of those majestic utterances of the Christ of Galilee. Just as certain as the Bible is the Word of God, so certain is the fact that Christ will come again from the right hand of God and every eye shall see Him, and later every one in Eugene shall stand before His judgment seat and "give an account of the deeds done in the body, whether they be good or evil." Well may each individual, who may but for a moment think of that day, ask himself or herself the question: "Am I ready? Can I stand before the Redeemer and render an acceptable account of my deeds done in this life?"

If any of us are in any way uneasy concerning our soul's welfare, let us go to the services tonight and know God's will regarding us, as Dr. Martin presents the message on "The Three Temptations of Jesus and of All men."

Up to the present there have been 172 added to the church.

Great interest is manifested, while the word is preached with power and telling effect. Professor Davis efficiently directs the music. Come early as the services begin at 7:30 p.m. This is the last evening you have opportunity to make use of the question box.

PORTLAND AND EUGENE HIGH SCHOOLS PLAY

Tomorrow night Portland high ons of the metropolis, play on the canons of the meropolis, play on the canvas at the armory the Eugene high school team, which is now second in the valley league. It will probably be as fast a game as ever seen in Eugene, and if the local team wins this it will place it above all the Portland teams. Judging from the scores of other teams who have played Portland high this year the local boys feel that their chance of victory is good.

After the game there will be another of those enjoyable dances, to be given by the students. These dances are for students, and the University students are especially invited.
