

S.S.S. FORTY YEARS SUCCESSFUL SERVICE

When a medicine has stood the test for a period of more than two generations and is then more popular than ever, there can be no doubt of its merit. This is the record of S. S. S. Its period of existence is marked by a long line of cures of blood and skin diseases of every character, and its value in the treatment of such troubles has become so well known that it is today the most extensively used blood medicine on the market. For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases and all other troubles due to an impure or poisoned condition of the blood, S. S. S. has no equal. It counteracts and drives out the poisons, humors and germs, cleanses the system of all unhealthy matter, cures the disease permanently and restores strong, robust health. Where the blood is weak or anemic, and unable to furnish the body with the nourishment and strength it needs, S. S. S. supplies it with the healthful properties and acts splendidly in toning up and reinvigorating the system. It goes down to the very bottom of all blood disorders, and in this way reaches inherited taints on which the ordinary blood medicines have no effect. Not only is S. S. S. certain in its results, but it is at the same time an absolutely safe remedy. It is made entirely of roots, herbs and barks of known healing and curative value. It does not contain the slightest trace of mineral in any form to damage the delicate parts of the system, and may be used by children with the same good results and perfect safety as by older people. It is not an experiment to use S. S. S.; it is a remedy with a record and one that has proven its worth by its forty years of successful service. If you are in need of a blood purifier for any cause begin the use of S. S. S., write our physicians and they will send you a book concerning your trouble, and will give without charge any special medical advice that is required.

New wheat—Per bu., 80c.
Rolled barley—Per ton, \$25.
Chopped feed—\$21 per ton.

PORTLAND MARKET REPORT

Portland, Or., Feb. 13.—As a result of considerable shipments of Eastern onions that have been received in San Francisco within the past few days the markets in the South have taken a decided turn for the worse. The effect on the local market is such that dealers who two weeks ago were willing to pay growers \$2.50 a hundred for carload lots now say that it would be hazardous to offer more than \$2.25. Figuring on prevailing prices in the Bay City, jobbers say they can land Eastern stock here with a better margin of profit than is possible in handling Oregon onions on the basis of \$2.25 to the growers.

The weakening of the Southern onion markets has had some effect on the growers, but many of them are still in a manner bullish. Some business is being done daily, but the aggregate of the purchases for some days past has not been large. With the San Francisco and Los Angeles markets well stocked for the present, local dealers are not attempting to rush any great amounts south. It is estimated that there are still between 40 and 50 carloads of onions unsold in this state.

Egg Market Tending Downward.

While a local paper, according to the trade, is trying to depress the egg market materially, the general tendency of the market has been downward for some time, and no sales were reported along Front street this morning over 24 cents. This was the general figure asked, although the trade was talking of 23 cents. No sales could be confirmed, however, at this figure. All day yesterday the egg market ruled between 24 1/2 and 25c, with most of the sales at the lower figure. Receipts of eggs at this time are quite liberal, and if the movement continues for any length of time it will likely cause the market to touch as low as 20 cents within a short time. This has been predicted for some time. The quality of the eggs now arriving is quite good, this showing that the country shippers themselves do not believe the market will hold up and are rushing their supplies to Portland with all possible speed. They are not holding eggs a minute longer than necessary. There was a slight demand from the north during the past 24 hours, but prices offered there were no higher than ruling here because of the increase in home stocks.

Chicken Market Is Stiff.

There is a very stiff feeling in the Front street poultry market at the moment. Supplies are quite small, but while the demand is not very hotly excited, some of the dealers have been forced to pay a fractional advance because they wanted fresh supplies. However, most of the larger dealers are buying practically all their poultry from the Eastern dealers, the best quality of stock being offered them at 15 @ 16c a pound dressed. One Front street receiver was trying to hold the trade up for 16c a pound for live local birds, but the trade will not pay it.

Dressed Meats Unusually Firm.

While receipts of dressed meats are quite fair, demand is increasing at a lively pace, and a fractional advance is shown in values. Even the hog market has a better tone along the street, some of the best dressed stock moving as high as 7 1/2c a pound. For dressed veal the demand is sufficiently heavy to hold the best quality stiff at 9 1/2c, with talk of some dealers asking an advance over this. This, however, cannot be confirmed.

Mutton Scarce and Strong.

For weeks the mutton supply in the local markets has been light, and the chances are that this will be the situation for some time to come, here from the country, but the bulk of the offerings is now coming from Idaho and Montana. Front street quotations are 8 to 10 cents a pound for dressed stock. Veal is plentiful, especially off-grade stuff, and the indications are for lower prices in the near future. Pork is in fair supply and the market is firm, with 7 cents the top quotation for the best.

Butter Surplus Is Reduced.

Dealers in country creamery butter report a slightly better tone in the market, due to the fact that within the past few days the surplus of stock has been somewhat reduced. The improvement is not, however, sufficient to warrant any change in quotations. The city creamery market continues steady at the prices that have prevailed for several weeks. Commission men say there is still much of which is old and stale, drugs at 18 to 20 cents. There is but a

limited demand for this at any time.

More Truck from Illinois.
Another shipment of hothouse tomatoes and cucumbers from Illinois reached the city today, and these are considered the best offerings of the two vegetables now in the market. The tomatoes come in ten-pound baskets and sell at 35 cents a pound, the cucumbers going at \$2.50 a dozen. At these prices they sell readily. Some Mississippi tomatoes are offered, but they are said to drag at \$1.50 a crate. The vegetable market is fairly well supplied with the trade active at the prices that prevailed yesterday.

Portland Livestock Market.

Livestock prices generally were advanced from 25 to 50 cents a hundred in the local market today, and the market is firm in all lines. Ruling prices are:
Cattle—Best steers, \$4.25 @ \$4.50; medium, \$3.50 @ \$4.00; cows, \$3.25 @ \$3.50; fair to medium cows, \$2.75 @ \$3.25; bulls, \$2.00 @ \$2.75; calves, \$2.75 @ \$4.50.
Sheep—Good, \$5.50 @ \$6.00; lamp, \$4.50 @ \$5.00; \$3.50 @ \$4.00.
Lamb, \$5.75 @ \$5.50.
Hogs—Best, \$5.25 @ \$5.50; lights, fat and feeders, \$5.00 @ \$5.25.

PORTLAND MARKET REPORT

Creamery Butter—30 @ 35c.
Eggs—23 @ 24c.
Chicken—12 @ 13c.
Wheat—Valley, 82c; bluestem, 85c.
Oats—Per ton, \$27 @ \$28.
Barley—Per ton, \$27 @ \$30.
Hay—Timothy, \$18; cheat, \$14.
Grain Hay—\$14 @ \$15.
Mohair—Choice, 29 @ 30c.
Wool—Valley, 16 @ 18c.
Hops—Prime, 4 1/2 @ 7.
Potatoes—50 @ 60c.
Onions—\$2.25 @ \$2.35 per cwt.
Chittim bark—4 @ 5 1/2c.

THE DOCTOR OF OSTEOPATHY

What His Title Means—How He Gets It and the Peculiar Abilities Acquired in His Long Course of Training

The graduate of a recognized college of osteopathy, after a long and exhaustive study of the highest authorities in anatomy, physiology, pathology, diagnosis, therapeutics and all kindred branches, is awarded a diploma that gives him a legal right to the title of Doctor of Osteopathy. That is the only title that he wishes, for he makes no pretense of practicing medicine, the word medicine being generally accepted as meaning drugs.

The abbreviation of the title of Doctor of Osteopathy is D. O., and the province of the D. O. is to help nature, in the human body, to right herself. He believes that drugs are not only unnecessary, but distinctly damaging, and that the body is a very perfect machine that will run along smoothly if supplied with the proper fuel (food), and if none of its parts get out of position.

Repairing the Structure.
But, while the most perfect of machines, it is also the most delicate, and derangement of its parts can be brought about in scores of ways. Falls, jars, strains, undue exertions, and local contractions or relaxations due to changes in temperature, are only a few of the things that may cause trouble in this delicate mechanism. Sometimes the effects are immediately apparent, sometimes long delayed.

It is for the especial work of finding the derangement and rectifying it that the osteopathic physician is trained. He is a master mechanic, and when anything is wrong with the machine it is the master mechanic whose services should be called in. If some little part has slipped out of place, the resulting trouble may be at a distant part of the mechanism, and but the trained expert would be likely to attempt repairs in the wrong place and work further damage. But the skilled workman does nothing until he has made thorough examination and found that little part that has slipped out of place. Then his training enables him to replace it. That is the work of the osteopathic physician.

If you want an opinion as to the value of osteopathic treatment do not make the mistake of consulting any one whose whole training has been along other lines. Ask some one who has had experience with the system and knows, or, better yet, go to a good osteopath and give him the opportunity to demonstrate the thing to you.

Dr. H. L. Studley, osteopath, office over Chambers Hardware store, Phone Black 1326. Residence, 734 Ferry street. Phone Red 3197.

GOES AFTER GERMS

How Hyomeo Does Its Work in Curing Catarrh.

The natural way of curing disease is always the scientific way, and the scientific way of curing catarrh is the simple way, with Hyomeo. Catarrh is a germ disease and can be cured only by using Hyomeo, the treatment that reaches and destroys all catarrhal germs.
Breathed through the nasal pocket inhaler that comes with every outfit, the Hyomeo medication reaches the most remote air cells of the nose, throat and lungs, acting after the catarrh germs wherever present, destroying them and preventing their growth, thus curing the disease.
Hull's drug store sells Hyomeo, under a guarantee to refund the money if it does not give satisfaction. Begin its use at once. The cost of a complete outfit is only \$1.

A tissue builder, flesh producer, brings health and happiness to the system. That's what Hollister's Rocky Mountain Tea has done for millions. It will do the same for you. 35c, tea or tablets, Linn Drug Company.

We use all the latest methods in cleaning and dyeing at the Eugene Dye Works, corner Sixth and Willamette streets. Phone Red 2861.

HARRISBURG NOTES.

LOCAL AND PERSONAL
Mrs. M. Foot of Springfield, was here the latter part of last week, to attend the funeral of Mr. and Mrs. Fawcett's little child.
Hugh Cunningham of Harisey, drove four hundred head of sheep through here to Junction the first of the week, where they were shipped by A. J. Pickard, of Eugene, to San Francisco. They were a fine bunch of sheep.
Jama D'avey, of Eugene, was here the first of the week interviewing our hop growers. There does not seem to be very much doing in the hop market at present.

Charles Cunningham, of Eugene, was here Sunday visiting his mother and other relatives and friends. He is local manager of the Willamette Valley Company at Eugene.
Died—At the home of his parents, Mr. and Mrs. S. Fawcett, near this city, Thursday evening, February 6, 1908, Howard Fawcett, aged six months and two days, of membranous croup. He was a bright little child, and his death was a sad blow to his parents and their many friends in this section. The funeral occurred Saturday at Muddy, and the bereaved family have the sincere sympathy of a host of friends in this, their sad loss.

Guy Haley, of Lyons, and Miss Millie Peters, of this city, were united in marriage at the home of Mrs. Lang, this city, Sunday, February 9, 1908. Rev. W. X. Lyon officiating. The happy couple left on the noon train for Albany, and from there they went to their new home at Lyons, where Mr. Haley is employed in the logging woods. The bride was born and raised here and has a host of friends who wish them many long and happy years of wedded happiness.

L. G. Lassell left Monday evening for San Francisco, where he will put in a few days taking in the sights. He was accompanied by Irvin Williams, of Lake Creek, and the two went along with a shipment of sheep, several cars having been shipped by A. J. Pickard, of Eugene. The boys will not have very much to do with the sheep, however, only to feed them a couple of times, and it gives them a splendid chance to look at the country as they pass through.—Bulletin.

EUGENE PROPERTY WILL GROW VALUABLE

Blair street addition property is sure to double in value within the next two years. Two electric railways are coming up the valley from Portland and both of them must enter the city from the west, and the line that will tap the Siuslaw country can not go out in any other direction. As sure as water runs down hill, Eugene must build down the valley—because the business is there.

There are both average tracts and large lots in this addition, only a mile from the business center and three blocks from the Geary public school.
Prices are very reasonable and you may make your own terms, a small payment down and monthly installments if you desire.
See the Oregon Land Co. at 412 Willamette street, or write them for particulars and prices.

NOTICE TO TAKE OUT LICENSE

Notice is hereby given that ordinance No. 708, requiring those wishing to conduct business in hotels, restaurants, saloons, pool-rooms, drug stores where such drinks are sold and other similar places, to apply to the city recorder and secure a license to carry on such business, and ordinance No. 708, requiring retail dealers to take out license, are in force and all parties desiring to conduct such business within the city of Eugene should at once take out such license. Application blanks may be had on application to the city recorder.

R. A. FARRINGTON, City Marshal

The Jumping Off Place

"Consumption has me in its grasp, and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery. My improvement began with the first bottle and after taking one dozen bottles I was a well and happy man again." Says George Moore, of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs, and for preventing pneumonia New Discovery is supreme. 50c and \$1 at W. A. Ryckendall's drug stores. Trial bottles free.

GASOLINE WOOD SAWING

W. G. White is prepared to saw your wood on short notice. Phone Black 4351. Residence, 218 West Sixth street.

Homebuilders will find the best bargains in Blair street addition. Make your own terms; pay for your lot or acre tract out of your monthly savings.

The Cause of Many Sudden Deaths

There is a disease prevalent in our country most dangerous because it is so common. It is the cause of many sudden deaths. It is the cause of many deaths in the family. It is the cause of many deaths in the hospital. It is the cause of many deaths in the street. It is the cause of many deaths in the home. It is the cause of many deaths in the office. It is the cause of many deaths in the school. It is the cause of many deaths in the church. It is the cause of many deaths in the temple. It is the cause of many deaths in the synagogue. It is the cause of many deaths in the mosque. It is the cause of many deaths in the synagogue. It is the cause of many deaths in the mosque.

tack the vital organs, causing them to break down and waste away. It is the cause of many deaths in the family. It is the cause of many deaths in the hospital. It is the cause of many deaths in the street. It is the cause of many deaths in the home. It is the cause of many deaths in the office. It is the cause of many deaths in the school. It is the cause of many deaths in the church. It is the cause of many deaths in the temple. It is the cause of many deaths in the synagogue. It is the cause of many deaths in the mosque.

It corrects inability to hold breath, sending pain in passing, and comes that unpleasant necessity, and is not yet up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon felt. It stands the highest for its cures of the most distressing cases of Swamp-Root is present in tablet form, one dollar size bottles. You may get a sample bottle of this wonderful medicine and a book that tells all you need to know about it. Address: Dr. Kilmer's Swamp-Root, 609 N. York St., Binghamton, N. Y.
