IT'S UNREASONABLE IT IS UNREASONABLE for a young man to suppose that he can set himself up in a good paying business without some capital to invest in the enterprise. Perhaps this lack of ready funds has been the cause of your working for some one else instead of yourself for these many years. An account with this bank will afford you a convenient, safe and altogether ideal method of keeping your surplus funds where they will grow into a sum that in time will make possible your success in business. Others have succeeded in this way; you can also. The Eugene Loan & Savings Bank Established 1872
