WHAT IS POPULATION OF EUGENE, ANYWAY?

How big is Eugene—what is the city's population, anyway? We are asked that question every day, and we can't answer. Eighteen months ago the compilers of R. L. Folk & Company's directory estimated it 7500, and there has been a very rapid increase since that time. Eugene's public school census showed this year 2174 pupils of school age, indicating a population far above the 7500 mark. Speaking of the population of Medford the Tribune of that city says: "In December, 1907, the school canvass showed 1965 school children. By the usual multiple of five this would give a population of 5315." That is the basis upon which most cities estimate their population and applying it to Eugene it would mean a population of 10,870. That may be a little high, but taking into consideration the number of new houses built, the school census increase and the growth of postal receipts during the past two years The Guard feels sure that Eugene is now a city in the 10,000 class.

GET-TOGETHER SPIRIT SHOULD BE ENCOURAGED

These fraternal visits of commercial bodies to neighboring towns are going to do more to assist in the upbuilding of Western Oregon than anything else that has yet been tried. They are productive of good fellowship and enthusiasm and these are essential in promoting a general, harmonious boosting movement. Why should Eugene and Springfield or any other two Willamette valley towns hold grudges against each other and give expression to feelings of strife and rancor? Their interests are identical. More people are needed in Oregon to buy small farms and make them productive, thus contributing toward the increase in the volume of business that is so essential to city-building in the Willamette valley. All alike require additional industries and electric railways that will contribute to growth and prosperity. These things can best be secured by pulling together, advertising and boosting all Western Oregon, as the more certain way of attracting the attention of the capitalist and the home seeker. Friendly rivalry, even though strenuous, if marked by good nature and good will, is proper and commendable, but strife and hatred of neighbors is never.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Eugene Citizen Shows How to Cure Them

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when it is only a urinary trouble sets in they think it is a urinary trouble. And so it is with all other ailments. That is just where the danger lies. You may cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ailments which are caused by weak or diseased kidneys. Eugene people testify to permanent cures. R. A. Fox, well-known resident of Eugene, Or., living at 385 West Sixth street, says: "There was a dull, heavy aching in the small of my back quite down, and trouble with the kidneys and bladder. Using Doan's Kidney Pills I found relief in a short time. The irritation and inflammation disappeared and the action of the kidneys and bladder was regulated and brought to a normal condition. I have a great deal of confidence in Doan's Kidney Pills." No flower could at all compare. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

We use all the latest methods in cleaning and dyeing at the Eugene Dye Works, corner Sixth and Willamette streets. Phone Red 3861.

Investors will double their money in two years if they buy lots or acre tracts in the Blair street addition. The city must build in that direction.

didate for state office the petition must be filed not later than March 26, or 10 days before the primary election.

Accusing the defense in a murder trial of "bribing witnesses, subornation of perjury and despicable slyster methods" was a startling part of the prosecution of a Chicago case and that the judge should have allowed it was even more startling.

Cleveland, Ohio, has a Solomon—his business is the law, but when asked what would be the issues in the national campaign he replied: "Really, I don't know, but I presume the principal issue will be the offices, as usual."

If they are not much slandered by their local papers a number of financiers in New York throw a fit or two every one of them intimates an intention to go before the grand jury and tell a few things if not let alone.

Senator Fulton is sending out packages of alleged garden seed to his newspaper supporters for distribution among their readers. This is a true harbinger of coming spring and a political campaign.

There may have been officials suspended who got less sympathy from the press than has been given to former Public Printer Stillings, though we do not remember one of them.

It may be a source of consolation to former Governor Beckham to recall that many men have engaged senatorial togas who did not get seats in the senate.

The man "who first suggested Hughes for president" is beginning to be heard from quite numerous, even if the Hughes boom is marked time.

It must be admitted, however, that divorce as an academic question is an entirely different proposition to going up against it personally.

NEWS NOTES

C. D. of the Oregon National Guard, at Roseburg, has presented Mayor F. B. Humlin, formerly its captain, with a handsomely engraved sword, as a testimonial of their regard.

Now that Judge George H. Burnett, of Salem, has virtually declined to allow his name to be considered as a candidate for the office of United States district attorney, the name of John H. McNary, district attorney for Marion county, will be sent to Washington for approval. It has been known for some time that Judge Burnett's friends were urging him to try for the office, but Judge Burnett has held that the oath which he took when he became judge bars him from being a candidate. It has also been known that he has urged Mr. McNary to try for the berth that W. C. Bristol is holding against the protest of the Oregon delegation.

Eight thousand dollars will be spent on new buildings at the state fair grounds this spring, the state fair board having decided upon the expenditure at the meeting yesterday.

A couple married last week in Vale were lovers in their youth, but had drifted apart, both had married and had families. Both lost their spouse and came together again after 30 years of separation.

A complaint that may bring serious trouble for the officers and members of the Grants Pass Firemen's Association is made by the property committee of the city council to the effect that the firemen have gone to an extreme in decorating the meeting rooms of the firemen with nude pictures and paintings. The committee has stated that the city property has been desecrated and a "refusing out" of the firemen's meeting room is advised.

Dr. H. L. Studley, osteopath, office over Chambers Hardware store, Phone Black 1326. Residence, 734 Ferry street. Phone Red 3197.

NOTICE OF FINAL ACCOUNT

Notice is hereby given that the undersigned has filed her final account as administratrix of the estate of A. G. Mathews, deceased, and the County Court of Lane County, Oregon, has set Monday, the second day of March, 1908, at 10 o'clock in the forenoon of said day as the time for hearing said account.

All persons interested are hereby notified to appear in said court at said time and show cause, if any there be, why the said final account shall not be allowed, the undersigned administratrix discharged and her bondsman exonerated. Dated this 31st day of January, 1908. MARTHA A. MATHEWS, Administratrix of the estate of A. G. Mathews, deceased.

Summons. In the Circuit Court of the State of Oregon for Lane County. Glen O. Powers, plaintiff, vs. Oregon Blue River Mining Company, a corporation, defendant.

To Oregon Blue River Mining Company, a corporation, defendant: In the name of the State of Oregon you are hereby required to appear and answer the complaint filed against you in the above entitled court and action within six weeks from the date of the first publication of this summons, and if you fail so to answer for want thereof the plaintiff will take judgment against you for the sum of \$990.00, with interest from August 1, 1905, and \$1250.00, with interest from November 7, 1904, and \$88.45, with interest from January 1, 1907, and for costs and disbursements of action, and for an order of sale of property attached in this action.

This summons is published by the order of Hon. L. T. Harris, Judge of the above entitled court, made January 17, 1908, and this summons is published the first time January 18, 1908.

WILLIAMS & BEAN, Attorneys for Plaintiff.

SAWMILL AT SPRINGFIELD TO BE IMPROVED

The Springfield News received information from a thoroughly reliable source yesterday that a large force of men would commence work at the Springfield Booth-Kelly mill making repairs, installing new machinery and otherwise improving the mill and increasing its capacity. Machinery will be added that will lessen the cost of cutting lumber and put the plant on a much more profitable basis. The plant will be enlarged, thus increasing the capacity of the output of lumber to a great extent. The mill when completed will be one of the best on the Pacific coast.

The above information was given a News reporter unqualified. This means that there are great things in store for Springfield, and the starting of the mill crew will be the cause of a great revival in all lines of business.

THE DOCTOR OF OSTEOPATHY

What His Title Means—How He Gets It and the Wonderful Abilities Acquired in His Long Course of Training

The graduate of a recognized college of osteopathy, after a long and exhaustive study of the highest authorities in anatomy, physiology, pathology, diagnosis, therapeutics and all kindred branches, is awarded a diploma that gives him a legal right to the title of Doctor of Osteopathy. That is the only title that he wishes, for he makes no pretense of practicing medicine, the word medicine being generally accepted as meaning drugs.

The abbreviation of the title of Doctor of Osteopathy is D. O., and the province of the D. O. is to help nature, in the human body, to right herself. He believes that drugs are not only unnecessary, but distinctly damaging, and that the body is a very perfect machine that will run along smoothly if supplied with the proper fuel (food), and if none of its parts get out of position.

Repairing the Structure. But, while the most perfect of machines, it is also the most delicate, and derangement of its parts can be brought about in scores of ways. Falls, jars, strains, undue exertions, and local contractions or relaxations due to changes in temperature, are only a few of the things that may cause trouble in this delicate mechanism. Sometimes the effects are immediately apparent, sometimes long delayed.

It is for the especial work of finding the derangement and rectifying it that the osteopathic physician is trained. He is a master mechanic, and when anything is wrong with the machine it is the master mechanic whose services should be called in. If some little part has slipped out of place, the resulting trouble may be at a distant part of the mechanism, and and but the trained expert would be likely to attempt repairs in the wrong place and work further damage. But the skilled workman does nothing until he has made thorough examination and found that little part that has slipped out of place; then his training enables him to replace it. That is the work of the osteopathic physician.

If you want an opinion as to the value of osteopathic treatment do not make the mistake of consulting any one whose whole training has been along other lines. Ask some one who has had experience with the system and knows; or, better yet, go to a good osteopath and give him the opportunity to demonstrate the thing to you.

Dr. H. L. Studley, osteopath, office over Chambers Hardware store, Phone Black 1326. Residence, 734 Ferry street. Phone Red 3197.
