There are both acreage tracts and large lots in this addition, only a mile from the business center and three blocks from the Geary public school. Prices are very reasonable and you may make your own terms, a small payment down and monthly installments if you desire.

IT'S UNREASONABLE

IT IS UNREASONABLE for a young man to suppose that he can set himself up in a good paying business without some capital to invest in the enterprise.

Perhaps this lack of ready funds has been the cause of your working for some one else instead of yourself for these many years.
