AN INDEPENDENT PAPER. Member of Associated Press. FRIDAY, FEBRUARY 21, 1908.

GUARD GUARANTEES LARGEST CIRCULATION

The Daily and Weekly Guard have a larger bona fide circulation list than any other newspaper in Lane county and will accept advertisements on this guarantee or money refunded. We are ready at any time to "show down" with our mailing lists and subscription books, and stand ready to forfeit \$100 to any charitable institution if any competitor in the field is able to show to a committee of reputable business men that our claim is not true.

ADVERTISING IS MADE BY ADVERTISING

Advertising makes the merchant the subject of an editorial comment in the Chicago Tribune. According to the writer, and it is well known to all successful business men, and especially those engaged in the retail trade, public sentiment for a store is made by advertising in a newspaper, just as the sentiment in a community is made for or against a public utility corporation by news articles. People read advertisements. They form their opinion of the merchant by what he says about himself, just as the people read the news articles and form their opinion of the gas company by what the editor says about it.

The editor does not turn public opinion in a day. A campaign (and it takes months and sometimes years for a newspaper to turn public sentiment in the right direction. Public sentiment for a store is made or turned in a day, a week, a month, or even a year. The merchant has to make up his mind to sell the people something every day, and finally the people will get a good opinion of his store to pay from the profit on the merchandise he sells for his advertising.

The Morning Mummy accuses the merchant of charging too much for his advertising space, when as a matter of fact, such a kick, if any is due, should be rebuffed by the advertiser.

The king of advertisers who run newspapers, but having any other business, but taking whatever advertising will stand for, fails to realize that businessmen are willing to pay fair and equitable rates for advertising in The Guard, a newspaper of wide circulation and standing. Such men, who have the reputation of being grafted upon every politician and corporation (including the water supply company), are simply making a show of themselves by howling about the price The Guard sees fit to charge its patrons when it gives them the chance to give, and they are willing to pay the price. When the morning paper becomes recognized as a legitimate business institution, it will be able to secure advertising space for its space and will have better sense than to meddle with the affairs of a competitor, or attempt a well-constituted guardianship over the business men of Eugene.

GREAT OCCASIONS

(Salem Statesman.) Two great occasions in the Willamette valley during the present week were the booster meetings at Salem and Eugene. Lots of heated arguments were turned loose, and it is hoped that it will return with a force considerably stronger. There has been much talk; now let it develop into something substantial.

or 15,000,000 gallons. The per capita expenditure for spirits was \$5.82, beer \$11.35, wine \$1.25, and all other liquors 12 cents. The consumption of beer per capita in England, Scotland and Ireland was 31.4, 9.5 and 21 gallons respectively; of spirits, 0.8, 1.6 and 1 gallon; of wine, 0.3, 0.3 and 0.1 gallon; and of other liquors 0.4, 0.01 and 0.1 gallon.

"This bank was talked to death," said the president of one of Kansas City's largest financial institutions as he closed its doors. And this is true in a great many instances. The doors of a great many banks have been closed because of rumors which have been circulated regarding their unstable condition, when in reality they were as staunch as ever in their existence. It has been well said that next to a woman's reputation that of a bank suffers most from talk.

Both Roseburg papers speak very highly of the treatment accorded the excursionists from that city in Eugene Monday, and are also profuse in their praise of this city for its spirit of progressiveness and enterprise. The council of our sister city also passed resolutions formally thanking the officials of Eugene for their courtesy and for information regarding paving matters furnished them.

"Joe" Cannon is accused of having had the Seattle exposition appropriation of \$750,000, which has passed the senate, held up in the ways and means committee, to which he unexpectedly sent it when it reached the house. Perhaps it will be turned loose, if the Pacific delegations to the Chicago convention show a disposition to vote right.

From Pennsylvania comes the report that a man died there from eating fifteen moth-balls. He mistook them for candy. We don't believe it. As well say a man could take fifteen drinks of whisky, under the impression that he was drinking water all the time.

The people of Eugene have an opportunity today to realize what it means to be without street cars. Many people attending the theatre and convention this evening will have long walks instead of a short, pleasant street car ride.

Most men will agree with Senator Bacon that it is not right for federal officials to actively participate in politics. Yet, it has always been done and probably will always be done, unless there is a great change in human nature.

It is not Hughes and anti-Hughes in New York so much as it is bosses and would-be bosses—the same old story that has kept the big state playing minor roles in the national political drama for so these many years.

As a grand jury witness, the down-and-out indicted trust magnate, C. W. Morse, could doubtless make things intensely interesting for a string of high financiers. And some of them are said to fear that he will.

The near-rich state treasurer of Michigan—F. P. Glazier—having resigned, by request, the Governor has appointed the real thing to be treasurer, in the person of former governor John T. Rich.

German's boast that in three years ago, what have a stranger navy than ours, might have tickled the naval expansionists in congress, coming as it did just in time to help along their program.

"Whatever it has touched the dispensary has defiled," says the Charleston News and Courier. Guess Charles's Senator Tillman, the daddy of the dispensary, and his pitchfork?

The congressman who said he would not know Roosevelt if he met him on the street would have no trouble in qualifying for service on a murder jury.

NO STREET CARS RUNNING TODAY OR TONIGHT

DYNAMO WHICH FURNISHES POWER FOR THEIR OPERATION BLEW OUT LAST NIGHT AND NEW ONE WILL NOT ARRIVE FROM PORTLAND UNTIL TONIGHT.

The street cars stopped running last night between eight and nine o'clock and will continue to remain idle till some time tomorrow morning on account of the blowing out of the dynamo which furnishes power for their operation. The accident occurred last night when the only car then running was coming down town from the depot and it stopped in front of the Underwood house, a block south of the depot, where it has remained since.

The company wired to Portland for a new dynamo, as the one kept in reserve is out of commission on account of repairs being made to it, and the new machine is expected to arrive by express on tonight's local. It will at once be installed and placed in operation, but it is probable that the "juice" cannot be turned on till some time tomorrow forenoon.

People of Eugene today wondered how they got along without the cars before the line was built. They missed them greatly last night and the accident is proving a great inconvenience just now on account of the Y. P. S. C. E. convention. The streets seem much quieter than when the cars are running and it brings back memories of our village days, when we had to walk it we wanted to go any place in the eastern part of the city.

THURSTON TRESPASS CASE DISMISSED

The trial which was to have been held at Thurston on the 19th did not materialize. The case was against Edward Magnus, who, while clearing away for a reservoir, felled some small maple trees across land which William Himelwright claimed but did not have possession of, and for which he had the bay arrested on a charge of criminal trespass, which, however, in the opinion of the district attorney he had no right to do. So the whole thing has been declared off and Edwin is allowed to finish his work.

The board reserves the right to reject any and all bids and a bond for the faithful performance of the contract will be required of the successful bidder, if any there be. Date February 21, 1908. FRANK REISNER, Clerk.

Neighborhood Favorite.

Mrs. E. D. Charles, of Harbor, Me., speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the bowels, as a thorough purifier makes it especially useful as a spring medicine. This grand alternative tonic is sold under guarantee at W. A. Keykendall's drug store, 506.
