GUARD GUARANTEES LARGEST CIRCULATION

The Daily and Weekly Guard have a larger bona fide circulation list than any other newspaper in Lane county and will accept advertisements on this guarantee or money refunded.

GENERAL CONDITIONS RAPIDLY IMPROVING

The Washington Post in a recent issue calls attention to the fact that the position of the money lender to borrowers has been reversed in the past few months and that the signs are now out in the markets pointing after a piece to put their money.

The money thus hoarded has been going back into the channels of trade like a tidal wave. In the country money has been hoarded to such an extent that it has caused a glut in the money market.

Every once in a while some fellow comes along with a wise look and proceeds to overturn the traditional practices of our fathers.

It is becoming a mania and the new things that can be introduced in a given length of time, the more famous that personage becomes.

It is a disease bred and must be eradicated from the bark closet as a pest of moments of the barbaric age.

It is the authority quoted testimonial from people residing in health by Hollick's Rocky Mountain Tea.

In water and then wiped dry. The result is that small lumps of food remain between the times where the dish cloth cannot reach them.

Material is beginning to arrive for Eugene's new \$25,000 depot, upon which actual work will be commenced by April first.

The following from the Salem Statesman indicates a very rotten mail service on the railroad: "The Statesman considers the Albany and Eugene daily papers among its most valued exchanges."

Decreasing revenues was the excuse for the house postoffice committee for knocking out all the promised increase of salaries for the hard-worked postal employes.

When a New York grand jury indicts a high financier, even a "busted" one, for grand larceny, it certainly looks as though things were settling down to their proper level.

Putting it on a business bank is only what the latest "busted" holder of a title did when he engaged a lawyer and announced that, having failed to put Monte Carlo out of business, he was open for bids for himself and title.

A daughter of the late Tom Loebl, who opposed and ridiculed woman suffrage, is at the head of a band of women who are nagging congress for an equal suffrage amendment.

Sneers at the widow who was so happy on the eve of her re-marriage that she divided half of \$60,000,000 among her most hated relatives.

Wonder who did Speaker Cannon mean to hit when he said: "There will be sensible legislation, but what is done will not be influenced by those who start the air vibrating with their vocal chords."

A pink ball is scheduled by New York society, at which everything, even the men's coats, is to be pink, which is another proof that yellow backs are again circulating freely in Spendersville.

Oklahoma will have a boom in cotton and china, if the bill passed by the lower branch of the legislature, requiring hotels to furnish 9-foot sheets and uncracked table china becomes a law.

ROSEBURG TEAM IS LEAGUE CHAMPION

Roseburg, Feb. 21.—In a decidedly one-sided game of basketball in this city Thursday night Roseburg high school defeated Albany high school in the windup of the schedule of the Western Oregon League.

CALL IT LOTTERY Postoffice Department Causes Change in the Gibraltar Limerick Contest

An opinion by the assistant attorney-general of the United States has made it necessary to change the conditions governing the Gibraltar "Limerick" contest to avoid conflict with the lottery laws.

MATERIAL ARRIVING FOR DRAIN RAILROAD

New steel bridge material continues to arrive almost daily for the Drain-Coos-Bay railroad, and several acres in South Drain are now covered with it.
