GOOD CHANCE TO ADVERTISE BUSINESS

The page of small ads printed in The Guard yesterday will be run in The Guard, with slight changes, once a week (Fridays), and in the weekly edition for the next the next month. The price will be made very reasonable, and the advertisements should prove quite effective the way they are classified and arranged and every business man who was overlooked by the canvasser will be given space if he will hand his copy into the business office. Putting even nothing but your simple business card on this page for a month will be much better than painting your name on a fence or the side of a barn. Not less than 18,000 regular readers will see it here every week—and the cost will be scarcely worth mentioning.

FIRST CAR OF MATERIAL FOR NEW DEPOT

The first carload of material for the construction of the new Southern Pacific depot in Eugene arrived here yesterday from Portland. It was a car of cement to be used in building the foundation of the structure and was consigned to Chief Engineer Boschke. The material will be unloaded at once and it will not be long before the work of building the foundation will begin. Other materials will be sent up from Portland from time to time until all that are necessary for the construction of the fine depot have arrived.

It will be remembered that General Manager O'Brien the other day promised John H. Hartog, manager of the Eugene Commercial Club, that material for the depot would be shipped here soon, and this is a fulfillment of the promise sooner than expected.

The last few days of last week a pack crossed the Willamette below Saginaw and then struck up the old elk trail along the mountain divides. On this outward trip but little killing and eating is done, but after about ten days the return is taken up, when hunting is the occupation. Next week the farmers along the road should keep a close watch on their flocks. That, too, is a good time to put out poison, strychnine in bacon. A lot of grey varmints can be disposed of in that way.—Cottage Grove Western Oregon.
