They were informed that they will arbitrate its contract March 14, and will thereupon recognize the machinists, car repairers or boiler-makers unions. The committee will submit the question to a vote of all employees belonging to those unions who are employed on the Gould roads. The company also announced that there will be a general increase in the wages paid telegraphers.

specific charges are made in a petition praying for the removal of District Attorney Jerome, which was sent to Governor Hughes today by a committee of stockholders of the Metropolitan Street Railway through their chairman, William F. King. The petition charges Jerome with having failed to properly prosecute the charges of alleged jury fixing in the street railway cases; that he delayed the prosecutions in the life insurance cases; that he allowed a conspiracy to divert the property of the Metropolitan Street Railway into the hands of a few men, which was allowed by Jerome to go on to the loss of the stockholders; that his statements as to judges have been scandalous, and have tended to destroy confidence in the integrity of their courts; that he misconducted himself by failing to indict some officials of the New York Central Railroad in connection with the collision in that company's tunnel, when seventeen were killed, and various other accusations.

## REPUBLICANS HOLD LOVE FEAST AND PASS RESOLUTIONS

The Republicans of Lane county held a big love feast today at the courthouse, the first session opening at 10:30 o'clock and the second at 2 this afternoon. There was a great sized crowd at both meetings. Chairman Mumme, of the county central committee, called the meeting to order. He stated that the best thing to be done was to name a "good dyed-in-the-wool" Republican chairman, and Attorney H. W. Thomson nominated Colonel John M. Williams for the place. The colonel reluctantly consented to act, but accepted the honor gracefully. B. A. Washburne, of Springfield, was chosen secretary. S. L. Moorhead, of Astoria, was a candidate for the nomination of representative. Dr. Kuskooshant, of others spoke, each laying particular stress upon the importance of a united party at the coming election. Captain Dodd moved that it be the sense of the meeting that "Republicans are Republicans regardless of Statement No. 1," but before being put to a vote a number objected on the ground that the committee on resolutions which was to be appointed would attend to such matters as that in their resolutions, to be reported at the afternoon meeting. After considerable discussion Mr. Dodd withdrew his motion and the meeting adjourned until 2 o'clock. The committee on resolutions consisted of H. W. Thompson, Albert Walker, William Van Dusen, E. O. Potter and S. L. Moorhead.

upon the election of United States senator was likewise tabled and another one substituted. The resolutions as finally adopted are: To the mass meeting of Republicans held on the 29th day of February, 1908: Your committee on resolutions respectfully reports that they recommend the adoption of the following resolutions: Resolved, That we heartily favor the plan of organizing Republican clubs in each precinct of this county and recommend that in each precinct a committee be organized for the purpose of promoting the interests of the Republican party. Believing that the prevalence of Republican principles is and always has been best for the happiness and prosperity of this republic, we favor the election of a Republican as president of these United States. For the same reasons we believe in the election of a Republican United States senator from Oregon. Inasmuch as the direct primary law does not require nor advise legislative candidates to subscribe to Statement No. 1 we recommend that candidates do not sign any statement which might require them to stultify their Republican principles by voting for any one who is not a Republican. Resolutions Rejected. Following are the portions of the resolutions rejected: Resolved, That we endorse the candidacy of Hon. Charles E. Hughes, of New York, for the office of president of the United States, and urge the Republicans of this county to use all proper means to secure his nomination for that office. Whereas, We believe in the principles of the Republican party and believe that the welfare of the

## MINING MAN SHOT WOMAN IN ROW OVER MONEY

Los Angeles, Feb. 29.—A quarrel over financial matters is accepted by the police as the most likely origin of a murder committed early this morning, when Mrs. Charlotte L. Noyes, a young widow, was shot dead in her apartments by W. P. Comas, a mining engineer. McComas states that the woman attempted to throw a cupful of sulphuric acid in his face and he shot in self defense. He exhibits acid burns on his face, but the police believe McComas applied the acid himself. Detectives searched the elaborately furnished apartments of Mrs. Noyes and discovered a sheet of paper presumed to contain an account of the operations of McComas and Mrs. Noyes on the tract. It showed heavy windings up to two weeks ago, but the total of losses, all seemingly in the past few days, amounted to between \$2000 and \$3000.
