

GREAT BRITAIN TAKES HAND IN CHINESE AFFAIR

Tokio, March 10.—According to a well authenticated report, when the British government was informed of Japan's announcement that in the event of refusal by China to entertain Japan's demands, she proposed to take "independent action," the British foreign office asked Count Komura, Japanese ambassador, what steps Japan and Great Britain should take covering the question of war between Japan and any other nation. Komura was unable to give any information, and asked the foreign office here for information.

GUILTY COUPLE GET WHAT THEY DESERVED

Portland, March 10.—Mrs. Belle Waymire was sentenced to four months and E. E. Radding to six months' imprisonment in the county jail today. The couple were recently convicted of conspiring or larceny by having him discovered in a compromising position with the woman.

RECEPTION COMMITTEES HAVE BEEN NAMED

In pursuance with a resolution passed by the Commercial Club last evening to have five members' representatives to the reception committee next Thursday afternoon, the following were named: William appointed Mrs. L. L. Whitson and C. B. Willoughby of the committee to act with President Campbell. The letter, having to have the seal, was signed by Mrs. Charles Hardy to act in his place. All three of the ladies have accepted.

JOHN McCOURT'S NAME SENT TO SENATE

Washington, March 10.—President Roosevelt today sent to the senate the nomination of John McCourt, of Pendleton, Or., to be United States district attorney for Oregon.

CITY COUNCIL MEETS IN REGULAR MONTHLY SESSION

FIVE HUNDRED DOLLARS APPROPRIATED FOR CITY PARK PURPOSES—NUMEROUS MATTERS OF IMPORTANCE TRANSACTED—SAFETY OF PUBLIC BUILDINGS DISCUSSED

The regular meeting of the city council was held last night with all members present. After the reading of the minutes and the allowing of bills and going through the usual routine work, Simon Klovdahl, engineer for the Portland, Eugene & Eastern railway, presented a proposition to have the Eugene-Springfield electric line, after crossing the Southern Pacific track on Thirteenth street, leave the center of the road, from thence to the city limits, and be built along the north side of the street about nine feet from the railroad right-of-way, thus leaving the greater part of the road for travel on the north side. It was unanimously agreed to.

\$500 for Park Purposes.
The finance committee reported favorably on the proposition to allow \$500 for city park purposes. This will be used in improving Hendricks' park.

Other committees made reports which were of a more or less unimportant interest.

Street Matters.
A petition from residents of College Hill asking that the names of certain streets which are practically extensions of streets in the original city of Eugene, be made to conform to the names of the streets of which they are extensions was referred to the city attorney to prepare an ordinance to secure the same.

A petition to construct a sewer in the alley between Pearl and High streets between Twelfth and Thirteenth, was presented. The prayer of the petitioners was granted and an ordinance passed in conformity therewith.

A petition to grade and gravel West Sixth street, west of Blair, was referred to the street committee.

The specifications for paving East Eleventh street were ordered filed and the city attorney was instructed to advertise for bids for paving the street.

The city attorney and city engineer were appointed a committee to confer with the railroad engineer about the specifications for paving the street railway right-of-way on East Eleventh street.

The street committee was authorized to purchase one of S. Manerud's dump wagons at the price of \$150 delivered in Eugene. They were also authorized to fix up a street sprinkler for sprinkling the street preparatory to sweeping.

The fire and water committee were instructed to put in a hydrant at West Eleventh and Lincoln streets.

In regard to the Maughn claim for damages Councilman Fisher moved to deed the two acres known as the dumping ground to Mr. Maughn for his claim. He was the only man who voted for it. It was finally disposed of by referring it to the health committee and the city could or to fight the case, as they see fit.

The cement sidewalk in front of the property of E. J. Frasier on Wilamette street was ordered put in and the city attorney and street committee were ordered to see that it is put in at once in the proper legal manner.

City Election Officers.
The following officers for the coming municipal election on April 6 and the special election on April 18, were appointed, the elections to be held in each ward at the usual polling places: First Ward—Judge, S. R. Williams; clerks, E. R. Mummy and T. J. McPherson.

Second Ward—Judge, D. R. Larkin; clerks, Robert Cherry, W. S. Moon.

Third Ward—Judge, Sherman Heller; clerks, R. S. Bryson, W. G. Martin.

Fourth Ward—Judge, D. E. Yoran; clerks, G. F. Hurd, S. P. Ness.

An ordinance regarding the construction of buildings, appointing a building inspector, etc., was read and referred to the fire and water committee.

The city attorney was directed to prepare an ordinance with regard to having all doors to public buildings opening outward and that these doors should be kept unlocked whenever people were assembled therein. The fire chief and fire warden were instructed to visit every public building of every character in the city and report to the council whatever defects they may have with regard to insufficient means of escape in case of fire and to confer with the proper officers of said buildings about correcting any deficiencies.

Don't fail to hear the Williams' Jubilee Singers at the M. E. Church Saturday, March 14. M15

Dammon & Sternberg are located just west of Rankin's music store on West Sixth street with a photo tent and are now ready to accommodate the public with photos or groups. Stamps and cards a specialty. M14

Have Your seats reserved at Kuykendall's drug store for the Jubilee Singers. M15

Original Dixie Jubilee Singers at the M. E. Church Saturday evening. M15

RETIRED BUSINESS MAN IS IN FAVOR OF NEW DISCOVERY

One of the most interesting statements made recently concerning the much discussed Cooper theory, that has spread over the country during the past year, is made by E. H. Lambert, a retired business man, whose home is at 115 Francis Street, Everett, Mass.

Mr. Lambert has this to say in connection with Cooper and his medicine: "Some time ago I read an article about this man Cooper, in which he claimed that stomach trouble was directly responsible for most ill health. He went on to say that, although his medicine did nothing but get the stomach in sound condition, it would, in many cases, remove kidney and liver trouble and various other ailments. He argued from this that the stomach was the main cause of sickness, and stated that the success he has had with his medicines was due entirely to this fact."

"I am now fully convinced that this theory is correct, and believe Cooper has a really remarkable medicine, judging from my own experience."

"I have been a sick man for five years. Three years ago I was told by a physician that I had Bright's disease of the kidneys. I have treated constantly for this trouble since, without results. After reading the article I have mentioned, I purchased some of this man Cooper's medicine. I have been astounded by what it has done for me. I was relieved to some extent within 24 hours. Today my health is better than for five years, and so far as I can tell, my kidney trouble has disappeared."

"My wife, who had stomach trouble for some time, tried the preparation after noting its action in my case, and her improvement is fully as marked as mine. She now eats heartily three times a day without any distress whatsoever. Her nervousness has also left her. I certainly believe this man's success is fully justified, as he undoubtedly has a wonderful medicine."

We will gladly describe the remarkable record made by the Cooper medicine to all who wish to know them.—Hull's Red Cross Drug Store.

GASOLINE ENGINE IRRIGATION, SPRAYING and PUMPING MACHINERY
Fairbanks-Morse Gasoline Engines for pumping, spraying, sawing, grinding, cutting complete.
