SAYS BACKACHE IS THE FIRST SIGN

Mixture Said to Relieve Lame Back and Prevent Kidney Diseases Can be Prepared at Home

Take care of backache. A great many cases of kidney complaint are reported about here, also bladder trouble and rheumatism.

An authority once stated that pain in the back, loin or region of the kidneys is the danger signal nature hangs out to notify the sufferer that there is something wrong with the kidneys which should receive immediate attention. Only vegetable treatment should be administered and absolutely no strongly alcoholic patent medicines, which are harmful to the kidneys and bladder.

The following prescription, while simple, harmless and inexpensive, is known and recognized as a sovereign remedy for kidney complaint. The ingredients can be obtained at any good prescription pharmacy and anyone can mix them; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime.

This preparation is said to restore the natural functions of the kidneys, so they will filter and strain the poisons waste matter, uric acid, etc., from the blood, purifying it and relieving rheumatism. Backache will be relieved, the urine will be neutralized and cleared and no longer a cause of irritation, thereby overcoming such symptoms as weak bladder, painful, frequent and other urinary difficulties.

This is worth trying and may prove what many people here need.

Friday evening is the opening date of the high school's big "county fair."

This torture will cost probably the enormous sum of ten cents, and will consist of songs, stunts and other dangers. The freshmen, who have by this time lost much of their greenness, will represent to the best of their ability "the streets of all nations." The sophomores, who have always been known to be dangerous, will condescend for two nights only to display themselves as wild Indians, except a few less dangerous members of that tribe, who will put on that familiar play, "The Old Plantation." The juniors will be up to date and open a nickelodeon theatre. At each performance may be seen over 5000 feet of moving pictures which are absolutely new, illustrated songs, fine dancing by world-famous dancers, and a great many other novelties appropriate to such a boulevard. The juniors will also give a magnificent production at an enormous cost of the famous tragedy, "Getting Ready." The seniors put on the "freaks."

EUGENE PROPERTY WILL GROW VALUABLE

Blair street addition property is sure to double in value within the next two years. Two electric railroads are coming up the valley from Portland and both of them must enter the city from the west, and the line that will tap the Siuslaw country can not go out in any other direction. As sure as water runs down hill, Eugene must build down the valley—because the business is there.

There are both acreage tracts and large lots in this addition, only a mile from the business center and three blocks from the Geary public school.

Prices are very reasonable and you may make your own terms, a small payment down and monthly installments if you desire.
