POSSE CAPTURED BY BANK ROBBERS
 Coffeyville, Kan., March 16.—At 11 o'clock this morning three members of the Ochelata posse came upon the Tyro bank robbers on the bank of Sandy creek, eight miles south of Ochelata, where they were waiting for an oil lease cook to get dinner for them. The possemen were ordered to halt and throw up their hands. They complied at once. The robbers broke up the possemen's rifle, took away their pistols and took one of their horses and then permitted them to depart unarmed. After dinner the outlaws fled further into the Osage hills. A posse of 100 men is about to leave Big Heart, hoping to surround the outlaws.

BOSTON BANKER SPENT LAST EIGHT YEARS IN MISERY
 Carleton H. Hutchinson, a leading banker and broker of Boston, with offices at 8 Congress Street, in that city, has recently come out with a very strong statement.
 In the widespread discussion over Cooper's new theory and medicines which has spread over the country so rapidly, Mr. Hutchinson has taken the side of those who say that Cooper's theory is correct and his medicine all that he claims.
 Mr. Hutchinson's emphatic statement is as follows: "Anyone afflicted with chronic ill health and a general run-down condition caused by stomach trouble, who does not try this man Cooper's medicine, is very foolish. I say this after a most remarkable experience with the medicine."
 "I heard of Cooper's success first when he was in Chicago, as I have a private wire to that city in connection with my business. Later, when he came east, I learned more of him and his theory that stomach trouble causes ill health. I have had no faith in anything not prescribed by a physician for each particular case after careful diagnosis, but after eight years of constant suffering, during which time I spent \$3,500 with absolutely no relief, I felt that it would do me no harm to try the medicine which was being so much talked about."
 "During these eight years I have been forced to go without food for five or six weeks at a time. I always had a poor stomach, troubled with formation of gas and the usual miserable life of a dyspeptic. I was thin, tired, nervous and gloomy all the time, and was always constipated."
 "I have taken Cooper's medicine a comparatively short time. For the past month I have not had the slightest sign of stomach trouble, and eat anything with no bad effects whatsoever. I have a fine complexion, full of energy and vigor, and my nervousness has disappeared. My first time in eight years."
 "I do not hesitate to say that would not take \$50,000 and be better where I was. My relief and healthfulness is beyond description." We sell Cooper's famous preparation described in the above statement.
