The government has accordingly abandoned its intransigent attitude and safe conducts have been granted to a number of revolutionary leaders. All danger of an attack upon legations and consulates is considered at an end.

JUDGE WOOD SENTENCES HARRY ORCHARD TO HANG MAY 15, BUT HOPES PARDON BOARD WILL REMIT SENTENCE

HARRY ORCHARD.

believes Orchard in his testimony at the trials of Haywood and Pettibone for the murder of ex-Governor Steunenberg, told the exact truth, attempting to conceal nothing.

"I am more than satisfied that the defendant now at the bar of this court awaiting final sentence has not only acted in good faith in making the disclosures that he did and that he also testified fully and fairly to the whole truth, withholding nothing that was material and stating nothing which had not actually taken place."

Judge Wood formally sentenced Orchard to be hanged and fixed May 15 as the date of execution.

Orchard thanked the court for his review of the case and for his kindly remarks regarding him. He reported that he had told the whole truth and that no promise of immunity or mercy had ever been made to him. Before he had concluded tears were streaming from his eyes and he all but broke down as he thanked Judge Wood for his recommendation to the board of pardons.

Professor Burbank told Wing many years ago that if he could produce an odorless onion he would make a fortune. Wing started out with that end in view and has succeeded, for all farmers who have handled the vegetable agree that it is the real thing in the odorless line.

Boise, March 18.—Judge Wood today sentenced Harry Orchard to death in accordance with the plea of guilty entered by Orchard last week but the court recommended that the sentence be remitted. In sentencing Orchard Judge Wood stated that he

ACTION TAKEN ON LAND GRANT RESOLUTION

At a meeting at the Commercial Club this afternoon of a large number of citizens of Eugene and Lane county who are interested in the purchase of timber lands now in the railroad grants the following was drafted and unanimously adopted:

"Eugene, Or., March 18, 1908. To the members of the Oregon delegation in congress: At a general meeting of citizens of Lane county, called on notice duly published and held at the Eugene Commercial Club rooms, March 18, 1908, it was resolved: That it is the sense of this meeting that the resolution introduced by Senator Fulton relative to the Oregon & California land grant should be passed as introduced and without amendment. We heartily concur in the position taken by you and Congressman Hawley in reference to the amendments proposed."

This was at once wired to each member of the Oregon delegation at Washington.

RUSSIAN GENERALS FIGHT DEADLY DUEL

Pistols were used and the riding school of the Chevalier Guard regiment was the scene. Smirnov questioned the courage of General Fock at the siege of Port Arthur.

OFFICIAL FORECAST FOR NORTHWEST

Portland, Or., March 18.—Western Oregon and Western Washington—Fair tonight; light frost; Thursday, fair; north to east winds.

Eastern Oregon and Idaho—Fair tonight and Thursday; freezing temperature tonight.

Grants Pass had a sensation in "high life" last week when Miss Violet Motzarth, a teacher in the high school, failed to report for her classes, and later it was learned that she and Arthur Murphy had taken a month-long trip, neither having given the slightest intimation of their plans. Inasmuch as the couple had been keeping company for some months, an explanation of their sudden disappearance.

O. A. C. TRACK TEAM IS STRONG IN SPOTS ONLY

Oregon Agricultural College, Corvallis, Or., March 17.—A comparison of the track team prospects of the O. A. C. and U. of O. at the present time indicates that neither team has any advantage, as has been the case in former years. Where one is strong the other is weak. It is safe to say the outcome of the meet will largely depend upon the material gleaned from freshmen classes, of which comparatively little is known.

For O. A. C. the outlook is brighter than it has been for several years. Nearly all the old men of last year's team are back, and will be aided by some splendid new material. O. A. C. is weakest in the sprints and hurdles and even the weights are in doubt.

The only sprinters O. A. C. has are Loomis and Schroeder, and neither of these can be figured upon seriously as being of any consequence. Greenhaw and Howard are the quarter-milers. Howard has run the race under 53 seconds, while Greenhaw has done 59 seconds and is generally considered the best man in the state. In the half mile O. A. C. has Davolt and Greenhaw, two men who have run the race in record time and should have but little trouble in disposing of their opponents. Davolt will also figure strongly in the mile, as will the sophomore, Cross, who broke the college record in the mile last year, and in the annual cross-country run this year was but six inches behind Davolt, the winner, in the finish.

SOME GOOD NEW ONES

Lounsbury and Jackson are the two new men in the weights. The former was Willamette's crack athlete last year and the latter is the All-Northwest tackle of last season and is doing splendid work. Wolfe is putting the shot over 43 feet already this season, and if he gets the proper form will be a record-breaker. Hall is throwing the hammer better than ever before, and is showing a marked improvement in his form over that of last year.

Lounsbury and Chapman are strong men in the high jump. Both have cleared the rod at 5 feet 8 inches. Swann is doing splendid work in the pole vault, as is Farnsworth and Rooper, who lag but little behind. Farnsworth comes from Utah and has the reputation of being a burder of note. It is in the hurdles that O. A. C. is particularly weak. Bergman, the former hurdler, has left school, and the only men left in this event from last year's team are Brodie and Swann, neither of whom has any record of consequence. Cox, from Washington, and Farnsworth, from Utah, are the only new men who have shown up thus far in this event. Lounsbury and Bowen are jumping over 23 feet in the running broad jump, and are improving rapidly.

Trainer Heater is doing his utmost to produce a winning team. He has proved himself a good trainer and is well-liked by the boys. He has started a training table and is personally looking after the interests of the men. Over 200 men are out on the track every day, and more interest than usual is displayed in track work. The rules on eligibility formulated at the Whitman conference will not affect O. A. C.'s track team in the least, since every man has and is living up to the necessary requirements.

SENATOR WHYTE ANSWERS SUDDEN SUMMONS OF DEATH

Baltimore, March 17.—United States Senator William Pinkney Whyte died at his home in this city tonight.

Senator Whyte was taken ill while in Washington and returned as soon as possible. Erysipelas developed and his condition became steadily worse, although his physicians gave out encouraging statements until noon today. About 4 o'clock he had a sinking spell, but recovered and was conscious until the final convulsion that ended his life at 7 o'clock.

(Senator Whyte was appointed by the governor of Maryland to serve out the unexpired term of Arthur Pue Gorman in the United States senate, on January 8, 1906, and his term would have expired in 1909. He served as United States senator between the years of 1875 to 1881 by election, and in 1868 he was appointed to serve out the term of Senator Reverdy Johnson. He also was in the house of representatives and served as governor of Maryland, besides holding numerous offices during his long public career. Senator Whyte was born in Maryland August 9, 1824, and was nearly 83 years of age at the time of his death.)

EMMA GOLDMAN SUPPRESSED BY POLICE

Chicago, March 17.—Chicago anarchists are incensed today and are making threats against the police because their leader, Emma Goldman, was unceremoniously hauled off the stage of Workingman's hall by the federal officers last night, when she attempted to address an audience of 500 "Reds."

The men, most of whom were members of the Edelstadt group of anarchists, had assembled in the hall ostensibly for a dance. About 10 o'clock Miss Goldman arose to speak. "Friends, I beg of you to keep quiet," began the "Queen of the Reds."

That was as far as she got. Policemen seemed to spring up out of the floor. Twenty-five plain clothes men and forty-five uniformed officers burst into the hall and were sweeping toward the stage before the audience realized what was happening. Miss Goldman was put out of the hall and the crowd slowly dispersed, muttering imprecations and threats against Chief Shippey's policemen.
