OREGON DIAMOND GAMES ARE FIXED FOR SEASON

While the baseball schedule has not been approved by the athletic committee, it has been practically completed and will probably be accepted as it is. The first collegiate game will be on April 13. Up to that time only practice games with the town and high school teams and perhaps other nearby teams will be played.

The season will probably begin with two games against Whitman at Eugene, April 13 and 14. At the first of the season no game was expected with them as they did not contemplate a trip in this direction. Manager Mount has received a letter asking for games on the dates mentioned, and they will probably be played. On April 18 there will be a game with Multnomah at Portland and during the following week, which will be in the spring vacation, they will make a trip through the valley playing different high school and amateur teams. There will be games with Willamette May 2, Multnomah May 9, two with Pullman on the 15th and 16th, and with O. A. C. on the 23d. All these games will be played in Eugene.

The northern trip will begin with a game against Willamette at Salem, May 27, then Olympia high school at Olympia the 28th, with Lincoln high at Seattle the 29th, and on the morning of the 30th with the University of Washington at Seattle, going over to Tacoma in the afternoon to play Whitworth College. The last game of the season will be against O. A. C. at Corvallis on June 6.

The team so far has shown far better than any for several years and with consistent playing should annex the championship banner for the University.

NEW ANTI-TOXIN FOUND.

The Germans have found an anti-toxin for the "laziness germ." They claim that it will transform any man of sluggish and slothful habits into an energetic person to whom that "tired feeling" is unknown. This is the reduction of the germ theory to its logical absurdity. Germs are not the only cause of disease. Germs simply multiply in depleted or diseased tissue.—Saturday Evening Post.

Osteopathy seals the fate of germs by restoring the proper circulation of the bodily fluids that are alone capable of imparting the diseased tissue. Does it not seem like the correct and rational method?

CIRCUIT OF THEATRES IS BEING PLANNED

Report is current in Northern California that a syndicate, the personnel of which is being organized, is contemplating the establishment of a theatre circuit to include the towns of Sacramento, Marysville, Chico, Redding, Ashland, Roseburg, Eugene, and Salem, the last four towns being in Oregon, and possibly other towns of prominence.

During the past several days overtures have been made for the purchase of a site in Redding on which to erect a theatre, and several properties of central location have been considered.

ROBBERS BLOW OPEN LEBANON DEPOT SAFE

Lebanon, Or., March 24.—Robbers broke into the depot here last night, drilled into the safe after knocking off the combination knob, inserted an explosive and blew off the outer door of the safe. The door was thrown off with such force that it flew across the building, making a hole in the wall. The robbers did not attempt to get on the inside of the safe after the outer door was off. Entrance was gained into the building by the work of amateurs. No arrests have been made.

FRANKLIN ITEMS

(Special Correspondence.) Franklin, March 25.—We are having spring weather at present. It will give every one a chance to put in early garden.

Ed Bryant, of Blackley, made a flying trip out to the burg last week. Clyde McBea visited at Martin Grimsley's Sunday.

Melvina Herbert visited at Mrs. Sarah Zumwalt's Sunday.

Earl Bryan has an Edison phonograph. We suppose he will be able to furnish every one music now.

The funeral of Thomas Evans was largely attended Saturday, March 21, at 1 o'clock. Services were conducted by Rev. C. C. Curtis. The remains were interred in the Franklin cemetery.

Herman Ray and wife have an 11-pound boy.

Charles Gaines and wife also have a big boy. They can both afford to step high now.

There were a number of people present at the flagpole raising at the Red Oak school Friday. Charles Gibson, of Elmira, came down. I wonder what the attraction was?

Elmira seems to be on the boom this winter. According to the Elmira notes there have been at least four new families moved in during the past six months and now they are building a hotel. Hurrah for Elmira.

The men who have been trapping for coyotes have not had much encouragement so far.

Several of the farmers are shearing coats at present during this good weather.

Every one is about over their bad colds, which have been bothering every one all winter.

Freud Ray and wife have moved to their new dwelling.

Emma Richardson has been visiting her sister, Mrs. Gibson, the past few weeks.

LEARN TO EAT.

Few People in Eugene Really Know How.

Slow eating will solve one-half the problems of ill health. Those who suffer with indigestion and weak stomach can with care and the use of M-I-O-na stomach tablets restore the digestion to a healthy condition, so that they can eat what they want at any time without fear of distress or suffering.

After a few days' use of M-I-O-na tablets, the headaches, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, flatulence, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear and perfect digestion and good health will be restored.

Hull's Drug Store places so much confidence in the power of M-I-O-na to cure indigestion that they offer to refund the money should it fail to give satisfaction.
