

AMERICAN OFFICERS OF HIGH RANK AND OTHERS ENDORSE PE-RU-NA.

IMPEACHMENT OF JUDGE WILFLEY IS DISMISSED

Prominent People Recommend the Remedy Pe-ru-na.

Dr. Hartman's World Renowned Catarrh Medicine.

A Remedy for the Grip. Gen. W. H. Parsons, 925 H St., N. W., Washington, D. C., writes as follows: "Upon the recommendation of persons and many strong testimonials of the efficacy of Peruna in the treatment of the numerous symptoms of the grip with which I have been affected for several months past, I have been induced to undergo a treatment of this justly celebrated formula."

"I feel a decided change for the better for the use of one week only, especially in the morning up the stomach, and a consequent decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration."

"My numerous friends in Texas, where I have had the honor to command a brigade of her veteran cavalry in a four-year war, may accept this voluntary testimonial to the merit of Peruna from a sense of obligation for its wonderful efficacy."

Pe-ru-na a Good Tonic. Gen. M. C. Butler, of South Carolina, writes from Washington, D. C., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved."

"It is indeed a wonderful medicine, and besides a good tonic."

Colds in the Head and Throat. Gen. W. Bowman, 1st Lieut. and Adjt. M. S. M. Cav. Corps., writes from Annapolis, Md., as follows:

"Though somewhat averse to patent medicines, and still more averse to becoming a professional affidavit man, it seems only a plain duty in the present emergency to add my experience to the many already written concerning the curative powers of Peruna."

"I have been particularly benefited by the use of Peruna in the head and throat. I have been able to fully cure myself of a most severe attack in forty-eight hours by its use according to directions. I use it as a preventive whenever I am exposed to an attack."

"Members of my family also use it with excellent results."

"I am recommending it to our friends."

GEN'L KIRBY

GEN'L YODER

Gen. A.M. Legg

Recommends Pe-ru-na to the Afflicted.

Brig. Gen. D. T. Kirby, Washington, D. C., writes concerning Peruna, as follows:

"Friends of mine having used your Peruna catarrh cure with good results, I am impressed with its curative qualities, and can recommend it to those who are afflicted."

Pe-ru-na in Tablet Form.

Some people prefer to take tablets, rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

For Catarrh of the Stomach.

Gen. W. W. Duffield, Washington, D. C., writes:

"I have used Peruna in my family and have found it a valuable medicine and take pleasure in recommending it to all who suffer from catarrh of the stomach or who require a tonic of prompt efficacy."

DEAFNESS CAUSED BY CATARRH—RELIEVED BY PE-RU-NA.

Gen. A. M. Legg, writes from the Savings Bank Building, Washington, D. C., as follows:

"I take pleasure in endorsing the many recommendations I have heard and read of Peruna, because of having had knowledge of the truth of so many of them."

"We always tell our sick and ailing friends of the remedies that we have learned, from experience, were good for us when alling in the same way, and we do it as a duty we feel that we owe them."

"Why is it any the less our duty to advise all the people we can when we know of a good and comparatively inexpensive remedy that makes many cures, and benefits in almost all cases?"

"My own little personal experience of being relieved of deafness, caused by a slight of catarrh, warrants me in advising all the afflicted to just try Peruna."

Used Pe-ru-na—Satisfied As to Its Merits—Recommends it to All Sufferers.

Gen. S. S. Yoder, 265 Md. Ave., N. E., Washington, D. C., writes:

"I desire to say that I have found Peruna to be a wonderful remedy. I only used it for a short time and am thoroughly satisfied as to its merits. I shall gladly recommend it to all sufferers."

For Kidney, Trouble Coughs, Colds and Catarrh.

Gen. A. T. Hawley, 1326 25th St., N. W., Washington, D. C., writes:

"I have used Peruna and find it very beneficial for kidney trouble, and especially good for coughs, colds and catarrhal trouble."

Convinced of Pe-ru-na's Merit.

Brig. Gen. J. Floyd King, Washington, D. C., writes:

"I unhesitatingly state that I am convinced Peruna is a medicine which will effect all that is claimed for its use." Those desiring to obtain special directions with regard to the use of Peruna should write to Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

When Other Remedies Failed Pe-ru-na Proved Efficacious.

Hon. Geo. W. Honey, National Chaplain U. V. U., Ex-Chaplain 4th Wisconsin Cavalry, Ex-Treas. State of Wisconsin and Ex-Q. Master General State of Texas, G. A. R., writes from 1700 First street, N. E., Washington, D. C., as follows:

"I cannot too highly recommend your preparation for the relief of catarrhal troubles in their various forms."

"Some members of my own family have used it with most gratifying results."

"When other remedies failed, Peruna proved most efficacious and I cheerfully certify to its curative excellence."

Pe-ru-na, a Standard Treatment For Catarrhal Diseases.

Mr. John C. Nelson, Dayton, Tenn., geologist and mining engineer, while a Captain in the Federal Army during the Civil War, contracted a case of rheumatism. This malady was constant and persistent, inducing the development of other ailments, which also became chronic. After taking a course of Peruna, Capt. Nelson writes:

"Having been painfully afflicted with chronic rheumatism and the adjunctive complications for many years, and after having received many general and special treatments with only temporary relief, I read your scientific treatise on catarrhal diseases."

"At my request you prescribed a special course of the Peruna remedies, which I closely followed, and am happy to report that my rheumatism and complicated ailments were subdued, and I feel young again at the age of 69 years."

"Reasoning on the scientific classification of catarrhal diseases as scientific and true, and the Peruna remedies as a standard treatment for them, I thank you heartily for your skilled and logical advice."

Enjoys Renewed Health and Strength.

James J. Osborn, 623 Wahatch Ave., Colorado Springs, Colo., has filled all the positions in Knight Templar Masonic Order, was a Mason since 1866, Judge of County Court, Clinton, Mo., and also County Collector of Clinton. He writes:

"A sluggish liver which I had been troubled with for two years made life miserable and I was unable to attend to my business half the time. I lacked energy, had headache most of the time, and my food distressed me and did not seem to do me a particle of good."

"Reading of the many cures performed by Peruna, I decided to try a bottle. Before I had taken many doses I felt better."

"I took it as directed for two months when I was a well man."

Washington, D. C., March 25.—

Impeachment proceedings will not be instituted in the United States Senate against Lebbeus R. Wilfley, Judge of the United States Court for China, as a result of the charges of misbehavior in office brought against him by Lorin Andrews and other American lawyers resident in Shanghai. The report of the special committee, consisting of Representatives Noon of Pennsylvania, Webb of North Carolina and Dickman of Michigan, appointed by Speaker Cannon to determine whether the charges were justly made, is sufficient to warrant impeachment of Judge Wilfley today submitted its report to the house committee on the judiciary.

This report is in the nature of a verdict, holding Judge Wilfley guilty of the bad motives necessary to a legal cause for impeachment, but finding him guilty; though more by forceful inference than by direct accusation, of high-handedness and negligence and some serious mistakes in the conduct of his court.

The investigation by the special committee followed the introduction in the house by Mr. Waldo of New York of a memorial comprising 29 distinct charges, made by Mr. Andrews and his colleagues. In the report of the committee an exhaustive review written by Chairman Noon and concurred in by Mr. Webb and Mr. Dickman, each of these charges and the real facts relating thereto, are brought out by testimony taken, are judicially discussed and disposed of and the conclusions resolved are as follows:

"The conclusion of the committee adduced from the memorial from the examination of petitioner and from our construction of the precedents of impeachment trials in the United States, is that the actual facts charged in the said memorial, even though established by competent legal evidence, would not justify a conviction of Judge Wilfley upon charges of impeachment before the United States Senate and would not therefore warrant a presentation by the House of Representatives of such articles of impeachment. Notwithstanding this finding, the investigation of the case has made it clear to us that the anomalous character of this court, the extraordinary power given by law to the judge, the fact that it is separated several thousand miles from an appellate tribunal with a broad ocean intervening between, presenting obstacles that burden the constitutional right of review with expense, delay and hazard unknown to any other court, justify the people of the United States in demanding of this great judge a temporary exercise of his great power."

"It is obviously true that an aggregation of entirely legal acts may develop a system of tyranny and oppression and that an inequitable exercise of judicial discretion may convert the ministry of justice into an engine of despotic and autocratic power. This may be accomplished without the talent of individual corruption and with a laudable purpose of purifying a community and of inaugurating civic reform."

"Terror to evildoers, if purchased at the price of judicial fairness and overstrained legal authority, is achieved at too great an expense, for it defeats its own high aim, and warps the very fabric of the law itself."

"The temptation of an honest judge to bend once the law to his authority to do a great right, do a little wrong, is fraught with danger to our whole system of remedial justice and must merit the condemnation of every man. Such acts of legal oppression and of abuse of judicial discretion lie at the foundation of the charges. They are made before the house of representatives in the form prescribed by law and custom and are presented as a question of high privilege on the solemn responsibility of a member of the house. Charges so presented against the court have a dangerous and peculiar significance. In this case they are dismissed as falling short of impeachable offense by what we believe to be sound principles of legal construction, and Judge Wilfley is thereby denied every opportunity for defense. He can file no answer and make no denial nor explain to the house the legality of necessity for his action."

"These charges, therefore, stand uncontroverted, and if his judicial acts in the future are marked by the rigor and inflexible harshness imputed to him they will hang as a portentous cloud over this new court, impairing the usefulness of Judge Wilfley, impeding the administration of justice and challenging the integrity of American institutions."

SEVERAL HUNDRED HOBOS PASS THROUGH CITY

A NUMBER OF CARS ON NORTHBOUND FREIGHT FILLED WITH THEM—SOME STOPPED OFF

As the northbound freight train, No. 222, stopped in Eugene about 5:30 last evening between 200 and 250 hobos who were beating their way north alighted and literally swarmed about the depot grounds. The tourists were on their way from California, where many of them had gone from northern points during the past few weeks, but finding conditions worse there than here have commenced to return. Several "gondolas," or coal cars, were filled with the shivering "bos," and when the train stopped here they were glad to get a chance to hunker up by walking or running about the depot platform. Some of them remained in the city over night and the night police force ran across them at every turn during the night. They looked for trouble but the crowd seemed to be peaceable, perhaps most of them being honest laboring men who had been thrown out of employment at the beginning of the recent panic.

The crowd last evening reminded one of the days of Coxey's army, when thousands of unemployed took the freight trains by storm and forced the trainmen to carry them.

WIDOW WOULD SET ORCHARD FREE

(Continued from Page One.)

ry Orchard, the self-confessed murderer of ex-Governor Steunenberg, Judge Wood said today:

"By the statutes of Idaho the common law is made the rule of decision in all cases not inconsistent with the legislative laws of the United States, and of the state. By the common law, when the court or magistrate accepted an accomplice as a witness against an ex-defendant, a promise was implied on the part of such court or magistrate to recommend such an accomplice to the merciful consideration of the crown, provided the accomplice thus accepted as a witness was subsequently convicted of the same offense. This right has been declared to be a part of our judicial system by the supreme court of the United States, and by the supreme court of several states."

"The right, however, to secure recommendation for clemency depends upon the accomplice thus accepted as a witness testifying fully and fairly to the entire transaction involved, and it is this fact that makes it necessary for the trial court to review the evidence of the accomplice before judicially determining that such accomplice is entitled to the recommendations of the court for any degree of executive clemency."

"The accomplice, Harry Orchard, having testified fully and fairly when accepted as a witness, the court recommended the omission of the death penalty."
