

REMOVAL SALE

Our new building, which will be used exclusively for groceries will be completed about April 10th. We would like very much to open it with new goods, but to close out our present large stock in two weeks' time is next to impossible. We expect however to make prices that will move a large part of it.

..SUGAR..

Owing to the unsettled Condition of the sugar market we do not quote prices. The manufacturers have just recently advanced their price 60c per hundred.
