

Thousands Have Kidney Trouble and Never Suspect it

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physician, who content themselves with doctoring the effects, while the original disease undermines the system.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y.

University of Oregon News

The University baseball team will play the high school tomorrow afternoon. Unless rain interferes with the present plans, the high school beat the second team last Saturday 16 to 1, and the game between the varsity and scholastic nine should be fast. Oregon has a new "find" to take the place of Beck in the box. His name is Henkle, of Portland. Being a left-hander with speed and curves, Fred DeNeffe, who is handling that end of the department for the boys, is likely to make a wonder out of him. Hurd, Henkle and Clifford seem the most likely candidates for slabsters.

Bishop Scadding's address Wednesday on "The Cathedrals of France" was heard by a thousand people, and though the bishop talked for nearly two hours many were so interested that they thought only half the time had elapsed. The address was illustrated.

The Y. M. C. A. held its annual business meeting in Deady hall last Friday night and elected officers as follows: President, Ethan Collier, '09, vice president, Harold J. Rounds, '10; treasurer, Earl Kilpatrick, '09; recording secretary, Carlos Marsters, '11.

Cure for Physical Growth. J. O. Watts, the jeweler, has offered a cup to the member of the freshman class who, with no previous reputation in athletics, shows the best development during the present track season. A track meet will be held about the middle of the season to determine the candidate. Several men are in close competition.

The Oregon baseball team defeated the Woodburn nine last Saturday by the score of 5 to 2. The Woodburn team are professionals.

The high school beat the second team here the same day by the score of 16 to 1.

Johnson Chosen. The faculty met this week and by unanimous vote decided that Wistar W. Johnson, who graduated from the University in 1907, was their choice for the Rhodes scholarship this year, which means there were no applicants for the examination this year from other colleges. Johnson was the choice last year, but was outvoted by the Oregon college council and the place given to E. J. Winans, of Willamette University. This does not bar Mr. Lyons or Mr. Hamble, both of the University of Oregon, for the future. Johnson is the youngest son of the late J. W. Johnson, first president of the University, and he is a very popular man. In correspondence with a friend in Eugene he signified his willingness to take the scholarship. He spent the last six months at the Boston School of Technology, taking a course in mining engineering.

Local and Personal. S. C. Bartrum, superintendent of forest reserves, arrived last night and as well as attending to business, visited his son, Forest, who is a college student.

an alumnus of the University, is visiting his parents, Mr. and Mrs. Samuel Handaker, this week.

C. M. and G. D. Stackland and mother, of Cove, Union county, who are growers and shippers of fruit, have gone to Astoria to attend a horticulturists' meeting. They stopped on at Eugene to take in the city, and especially the University this week. They believe the appropriation for the University will be endorsed by nine-tenths of the farmers, and say it is only the illiterate and ignorant class throughout the state that want to give it a black eye.

Professor F. G. Young went to Portland last Saturday. His assembly address of a week ago was published in the Oregonian, using three columns of space.

Miss Mary Watson, '09, is a recent visitor to Portland.

Scholarships to young ladies at the University have been offered for 1908-09 by the Oregon branch of the Association of College Alumni and the Portland Federation of Women's Clubs.

Augusto Hidalgo, ex-'10, and a sophomore at the University of Wisconsin, in the department of chemical engineering, and Raphael H. Aguilar, a freshman in the same institution, who prepared last year in the Eugene high school, are well satisfied with the big college in the Middle West. Both are full blooded Filipinos, Hidalgo being a Togalo and Aguilar a Pompageo. Hidalgo is president of a Filipino club consisting of a score of students from the Philippines at Madison.

The University office has just issued a bulletin containing a short historical sketch of the institution, the name of all the regents with their term of service, a similar chart of the officers of administration and instruction, and the names, residences and occupations of all the alumni of the college.

Holena Hughes, '10, enjoyed a visit from her parents Sunday.

THE MUSICAL FESTIVAL NEXT MONTH

The grand musical festival to be given at Villard hall on April 14 and 15 will be a fitting climax to the number of high class musical attractions brought to Eugene this season. This magnificent offering will consist of the famous Chicago Symphony Orchestra of 64 musicians under the direction of Adolph Rosenbecker, together with four vocal soloists and as many more instrumental soloists in the orchestra, all of which, combined with the Eugene Oratorio Society's splendid chorus of 175 voices, will be by far the most pretentious musical affair ever undertaken in the Northwest by any city of the size of Eugene. Tuesday evening, April 14, an orchestral prelude and Gault's wonderfully impressive oratorio, "The Holy City," will be given by the combined chorus, orchestra and soloists, and will be peculiarly appropriate to the religious significance that attaches to the last week of Lent. Wednesday afternoon, the program is one that will prove especially attractive to all lovers of orchestral music—a grand symphony concert given by the orchestra and its soloists.

On Wednesday evening, April 15, the climax of the festival will be reached when the combined chorus, orchestra and soloists—after an orchestral prelude—will render the thrilling musical setting, conceived by Dudley Buck, of scenes from Longfellow's "Golden Legend," that depicts with great dramatic fervor the struggle between the powers of good and those of evil for the mastery of a human soul. The magnificent chorus at the conclusion, celebrating the triumph of holiness over its enemies, is a musical composition of tremendous power. Season tickets are now selling at Burden & Graham's store, on Willamette street. The box office for the festival will be located there and will be in charge of Mr. Darrel Bristol. Seats may be reserved by season ticket holders from April 1st to April 6th. On April 6th the sale will be thrown open to the public. Season tickets for the three concerts, \$3. Single tickets to single concert, \$1.50.

Best Healer in the World.

Rev. F. Starbird, of East Raymond, Maine, says: "I have used Bucklen's Arnica Salve for several years, on my old army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25 cents at W. A. Kuykendall's drug store.

PARASITES THAT SAP LIFE EXPELLED BY NEW METHOD

The interest created in leading cities during the past year by young Mr. Cooper with his new preparation, is largely accounted for by a peculiar quality possessed by this medicine, which he calls his New Discovery, that internal parasites, or tapeworms, are responsible for much ill health, and it is an undoubted fact that his medicine has expelled immense numbers of these creatures in various cities visited by him. The young man also believes that stomach trouble is the main cause of ill health. He claims that few can have poor health with a good digestion. He further claims that his New Discovery medicine does nothing but tone up the stomach, yet it not only expels the parasites, but relieves many other ailments not as a rule associated with stomach trouble.

Little Jessie Birdsall, daughter of Mrs. Ida Birdsall, living at 2138 Carroll Avenue, Chicago, is among many relieved of a large parasite by Mr. Cooper's preparation during his stay in that city. In speaking of the matter to Mr. Cooper, the mother said: "My child, Jessie, who is fourteen years old, has been suffering with this trouble for seven years. Until this morning we did not know what

the trouble was. She was extremely nervous; the least little thing would upset her; her tongue was coated and at times she would have a good appetite, then again could not eat the slightest food; she was nervous, nervous, had a bad breath, expelling everything to relieve her. We met with no success. We were on the point of giving up trying to cure her, when we began to use Mr. Cooper's New Discovery. Seven days ago we purchased this medicine and this morning this parasite had her system. I don't wonder that she has always felt bad, and now she would give her seemed to enjoy her better each day, and only when I feel sure that she will be healthy. Mr. Cooper, your medicine is worth a thousand times more than you charge for it. I know of a number of people troubled the same way as Jessie has been, and I can't expect to tell them personally to buy your medicine."

We would advise anyone who has been troubled for some time with general poor health to try this medicine. We are agent for its sale in this city. Hull's Red Cross Drug Store.
