HALSEY'S GANG OF YOUNG ROBBERS ARE CAUGHT

Roy Hayes, aged 18, and Robert Ramsey, aged 15, members of a half way gang of young robbers, were arrested in Portland yesterday afternoon by Detective Joseph P. Kelly...

The two lads, together with half a dozen more youths of that locality have been in the habit of looting merchants and confectioners stores in the vicinity of Albany and Halsey for several months, and were not caught until Detective Kelly rounded up the two boys yesterday and they confessed to numerous depredations...

When asked why they had embarked on a career of crime, the lads said that they needed money and could not get work, so took the easiest way of satisfying their craving. In addition to Ramsey and Hayes, several more youths will be arrested at Albany and Halsey.

Among the places robbed by the boys, according to the admissions of the two lads in custody, were Dick's, McWilliams' general merchandise store, Koontz' merchandise store and Perry's confectionery store at Halsey, in addition to a freight car.

Good for Everybody.

Mr. Norman Coulter, a prominent architect in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner, and builds up the system." Electric Bitters is the best aperitif medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50 cents at W. A. Kayceval's drug store.

THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean? It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound. Is it a purely vegetable compound made from roots and herbs—without drugs?

Come and See.

Do the women of America continually use as much of it as we are told? Come and See.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write? Come and See.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential? Come and See.

Have they really got letters from over one million, one hundred thousand women correspondents? Come and See.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women? Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.
