

# COOPER TELLS REPORTER WHY HE ACCOMPLISHES SO MUCH

No man in recent years has been more successful in restoring human health than L. T. Cooper. During his stay in Chicago, and while he was meeting thousands of people daily, he gave the following reason for the remarkable demand for his medicine to a reporter.

Mr. Cooper said: "My New Discovery is successful because it corrects the stomach. My theory is that few can be sick if the digestive apparatus so common now-a-days have half-sick stomachs. Put the stomach in shape and nature does the rest. The result is general good health. My medicine does this. That is why fifty thousand people here in Chicago are using it who never heard of me until a month ago."

Among the fifty thousand mentioned by Mr. Cooper who used his medicine in Chicago is Mrs. Hilda Pfleger, living at 1267 Chicago Avenue. This is the statement made by her concerning her experience with the medicine:

"I have been sick for six years with stomach trouble. I was always

hungry, but did not dare eat too much, as I had severe pains in my stomach, and also through my body. I could not sleep at night and was very restless. I was also very nervous, and would have severe headaches. I was constipated and always felt bloated after eating."

"I had tried many remedies, but could secure no relief until one day I noticed in the newspapers what wonderful results Cooper's medicine were accomplishing in Chicago. I decided to try them, and shortly after commencing the treatment I began to feel better. I did not have those severe pains in my stomach, and I could sleep at night; my appetite improved, and I can now eat well. I am feeling like a new woman."

"I am very thankful to Mr. Cooper for what his remedies have done for me. They have restored me to good health, and I would advise any one who suffers as I did to try Cooper's medicine. It is the most celebrated preparation ever introduced in this country, growing in popularity daily."

## University of Oregon News

In just one week the first competitive track meet of the season will be held in the Columbia University gymnasium at Portland. The trials for the Oregon team will be held tomorrow afternoon, the hammer and discus being omitted, and instead the hundred yard dash and fifty yard sprint will be run.

Oregon will be proportionately stronger than her strongest opponent is considered, because the hammer and discus events are not on the program.

Other institutions and clubs which will be entered are Pacific University, Multnomah Club, and the Y. M. C. A. of Portland. There will also be held a scholastic meet, in which the Eugene High School will take part.

**College Statistics.**  
According to the World Almanac, the University of Oregon has 734 students, the Oregon Agricultural College, 1150, and the University of Washington, 1520. In the library, the U. of O. has 21,000 volumes, O. A. C. 5,000 volumes, and U. of W. 25,000.

The expense of living at O. A. C. is \$35.00 and at Oregon \$175 to \$450. At the University of Oregon, O. A. C. for the college is \$99.01; at Oregon, \$95.00.

The oldest Alumnus of O. A. C. is James K. P. Orrin, of Cottage Grove, and of Oregon the oldest Alumnus is R. S. Beau, of Salem. Mrs. Ellen C. McGonack and Matthew Wallis, Eugene.

Oregon has 1,109 alumni, O. A. C., 543.

**Young Ladies at Work.**  
The Y. M. C. A. convention which is being held in Willard Hall will have by tomorrow about 150 delegates present from 1300 and Oregon. The larger number come from Portland and the schools and colleges of the two states.

This morning the convention got well underway for work, the chief addresses of the day being by President P. L. Campbell on "Place of the Association in College Life," Miss Valentine Pritchard on "Settlement Work," and Mrs. Jessie Honeyman on "Social Economics."

Tonight Dr. Benjamin F. Young, of Portland will speak on the man "Nazareth" at the Methodist church. He is said to be a very fluent and persuasive talker.

Dr. Wm. F. Coburn of New York, will have charge of the Bible Study work each day and will speak on Sunday afternoon at 3:30. Other interesting speakers will be Miss Constance MacCorkle, Secretary of the City Association of Portland; Miss Maude Ewing Ross, Student Secretary for Oregon, Washington and Idaho; Miss Frances Gaze, General Secretary, and Mrs. Jessie M. Honeyman, State President of Y. W. C. A.

The meetings will be closed by the convention sermon, delivered by Dr. George H. VanWaters, rector of St. David's Episcopal church of Portland Sunday night at the Methodist church.

are attending the meetings. The visitors are being shown the attractions of the town, and as well as receiving much good, seem to be having a royal good time.

**Denmore Here.**  
Harvey Denmore, the first Rhodes Scholar from Oregon, and formerly a student here, visited his parents this week. Denmore made an enviable record while at Oxford, taking up classic work. He is now instructor in Latin at the University of Washington.

**Civil Service Opportunities.**  
Examinations will be held here for Junior Engineer of the geological survey on May 6 and 7. The engineer may take up three lines of work, first, testing of structural materials, second, test of fuels, and third, investigations of mining.

On April 23 an examination of applications for magnetic observer of the geological survey will be held by the U. S. Civil Commission. This position is only temporary, but puts a man in line for others.

**Russell of New York.**  
Dr. James Russell, dean of teachers at Columbia University of New York, spoke to the students of the University yesterday at the regular assembly hour on "The Conduct of Life." His address was in the form of an appeal to the young men and women to take life with a more serious purpose. He showed the wide field of activity open to industrious young men and in emphasizing their opportunities, he dwelt upon the comparative infancy of the larger development of all industries, trades and professions.

In speaking to the young women, he warned them against forgetting, in their efforts for higher culture, the ultimate purpose of every woman, the raising of a family, and he condemned the spirit prevalent among college girls which tended to neglect this purpose. It is said that one-half of the college women graduates never marry.

Dr. Russell was the guest of President Campbell. He was given a banquet at the Smeede.

**University Day.**  
The date of University day has been changed from May 8 to May 22, as that is the date of the O. A. C. Oregon meet which is to be held in Eugene this year. The following day will be junior day and a base ball game will be played that afternoon.

The "junior week end" as the two days are called, is a new departure for the university, and it is proposed to make them the most enjoyable days of the school year. On the evening of May 23, the juniors are planning to give a big dance.

The program for University day will be the same as formerly. In the morning all of the men will work around the campus laying cement walks or doing other necessary work while the young ladies prepare a dairy luncheon at the dormitory. University day has proven very popular here and with the addition of junior day will be greatly appreciated by all.

organization in the execution of the work.

**A Rubbing List.**  
A rubbing table has been established for the track athletes to get them in shape for the Columbia meet, a week from Saturday. Trainer Hayward has passed a temporary rubbing list of the following twenty men: Moore, Kiltz, Houston, Moore, Lowell, Sievers, Wood, Kuykendall, Moulton, Zacharias, Robinson, Roberts, McIntyre, Moon, Reid, Platts, Downs, Obersteuffer, Dodson and May. The tryout for the Columbia meet will be held Saturday afternoon, rain or shine. In case of a tie in any of the events, the event will be given the man who has done the most consistent training. McIntyre, Moulton and Zacharias all show up exceptionally well in practice with the shot, as does Gordon Moore in the sprints.

**Campus Notes.**  
Miss Jessie Bacon has left college, having been called to her home in Portland on account of the sickness of her brother Ralph, '06.

Harvey Stackpole and Dean Hayes made a week end trip to Portland Saturday night, returning last night.

Mr. William Noon and Mr. William Kiltz visited in Portland last week.

Miss McCormick, ex '05, visited student friends here this week.

Mr. and Mrs. Zera Snow of Portland, visited their son Max, the first of the week.

A. A. Anderson is a candidate for joint representative from Multnomah county on the Republican ticket. His home is now in Portland, but was formerly in Astoria.

Senator Fulton visited the campus yesterday afternoon.

Prof. F. S. Dunn went Saturday to Albany and Oregon City on O. E. S. business.

Prof. E. H. McCallister, dean of the engineering department, made a trip to Blue River Saturday.

Superintendent Alderman and County Superintendent Dillard made a trip to Pleasant Hill, where among other business matters, they explained the University situation.

Mrs. A. J. Johnson, of Creswell, visited her son, T. H. Johnson, the steward, this week.

A trip will be made to Sefto Tuesday by Supt. Alderman in the interests of the Varsity.

**Plenty of Trouble.**  
Is caused by stagnation of the liver and bowels. To get rid of it and headache and biliousness, and the poison that brings jaundice, take Dr. King's New Life Pills, the reliable purifiers that do the work without grinding or griping. 25c at W. A. Kuykendall's drug store.

**WOOD! WOOD!**  
Maple, body and second growth fir and tie.  
WILLIAMS TRANSFER CO.  
Phone Black 1141.

**MERRY WIDOW SAILORS**  
A new line of Merry Widow sailors just received at Colvin & Russell's, 84 East Ninth street.

J. M. Howe is still selling best tailored suits on the coast from Continental Tailoring Company, of Chicago, at 542 Willamette street.

# OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

If Old Sores were due to outside influences, or if the cause was confined strictly to the diseased flesh around the ulcer, then external treatment and simple cleanliness would cure them. But the trouble is in the blood, which has become unhealthy and diseased, and keeps the sore open by continually discharging into it the impurities and poisons with which the circulation is filled. This poisonous condition of the blood may be the remains of some constitutional trouble; the effect of a long spell of sickness, or because the natural refuse of the body, which should pass off through the proper avenues, has been left in the system and absorbed into the blood. Again, the cause may be hereditary; but it does not matter how the poison becomes introduced in the blood, the fact that the sore will not heal is evidence of a deep underlying cause. Salves, washes, lotions, etc., may cause the place to scab over temporarily, but the blood is not made any purer by such treatment, and soon the old inflammation and discharge will return and the sore be as bad or worse than before. S. S. S. goes down to the very bottom of the trouble, cleanses and purifies the blood, and makes a permanent cure. S. S. S. enriches and freshens the circulation so that instead of discharging unhealthy matter into the place, it carries rich, tissue-building, flesh-healing blood to the diseased parts and in every way assists in a natural cure of the sore. Book on Sores and Ulcers and any medical advice free to all who write.
