**FRESHMEN HAZED AT THE O. A. G.**  
Thirty freshmen of the Oregon Agricultural College were given the hazing degree yesterday afternoon at Corvallis by the upper class men. The freshmen were seized, overpowered and dragged down the main street of the city, and taken to a barber shop, where the hair on the top of each freshman's head was shaved off. Stowell Dawson, of this city, was among the number of freshmen reported to the hazing process. He says the freshmen for the most part took the hazing in good spirit.—Albany Herald.

**CASTRO'S WORDS AMAZING TO U. S. OFFICIALS**  
Washington, April 8.—Administration officials today expressed amazement over statements in President Castro's organ, El Constitucional, having as their basis the Tacoma mail pouch opening incident. The editorial received the greatest attention, and mingled with the feeling of amazement over the sentiments of President Castro is one of regret and mystification over the whole course which Venezuela has pursued in dealing with the United States.  
"The United States has been a good friend to Venezuela," said a high official of the state department today. "Twice within the last 10 years we have gone to Venezuela's aid when that country needed assistance."  
For this reason he could not understand why Venezuela has acted as it has. During President Cleveland's second term, when Great Britain was threatening her territory, Mr. Cleveland sent a message to congress that had the result of referring the question to the King of Holland for impartial settlement.  
Several years later, when the allied powers were threatening a blockade of Venezuelan ports to compel payment of her foreign obligations, the United States, through Minister Bowen, stepped in and averted such a move. Again the question was referred to Holland.

**LOWELL ITEMS**  
(Special Correspondence.)  
Lowell, April 10.—The quarterly conference of the U. B. church was held at the Rush Island school house Sunday and was largely attended. The presiding elder, Rev. A. R. Landy, of Salem, and A. E. Wheeler were present. The former preached some forceful sermons and there were several conversions and one baptism.  
Logs are being rolled into the river at a rapid rate at the Hills and Me-Bee camps near Rush Island.  
Mr. Delp reports a large crowd and a fine time at the rink Saturday night.  
Roy Humphrey, of Unity, will put in several hundred feet (board measure) of logs for Mac Crow the next few weeks. Mac is making preparations to slash the brush and clear the land as soon as possible.  
Bert Hebert, of Hazel Dell, is deputy assessor, and is now near Rush Island looking after the assessable property of the Middle Fork district.

**DR. ANDREW TAYLOR STILL IMMORTAL**  
For the ailments peculiar to women, Osteopathy is simply incomparable. It uses no drugs, seldom has recourse to the knife, and so the body is preserved intact and normal; it corrects adjustments, removing every obstruction to proper blood flow, proper drainage to parts, and adequate nerve supply. Thus it restores natural conditions which mean health. It has often been declared by prominent women well qualified to speak, that Osteopathy, even had it no other application than to the ills of woman, would have made Dr. A. T. Still immortal. As local treatments is not often necessary the system is much less embarrassing to women than are other methods.
