### SEVERAL MORE NEW BRICKS ARE IN SIGHT

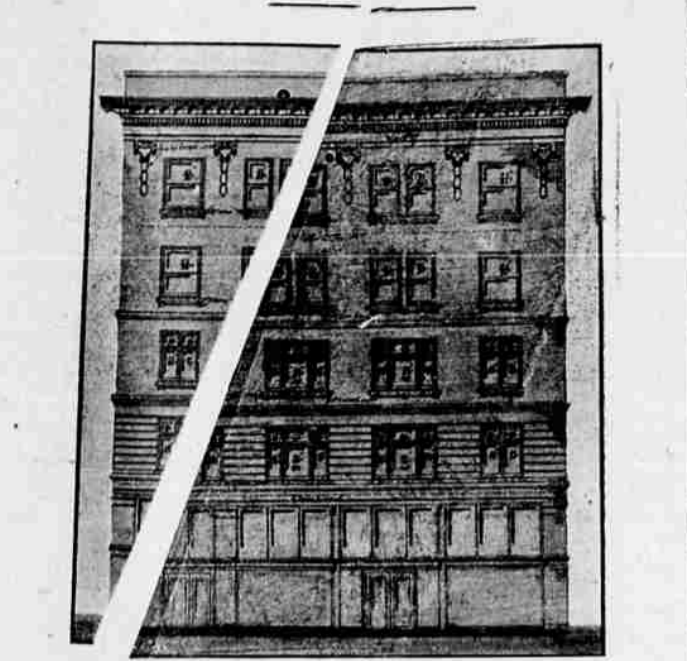

The Guard from time to time during the winter and spring has mentioned prospective brick buildings and nearly all of those mentioned have already materialized or will in the near future. Among the latest talked of is a 100x100 foot two-story block on the Campbell lot at the corner of West Ninth and Olive streets. It is said that it is quite definitely settled that the building will go up either during the summer or fall. The name of the person who expects to put up the building is not announced. It is also said that A. W. Haskell has almost decided to build on the corner across the street south from the Campbell lot. With the Potts and Flanagan buildings, which are now over half completed, and these proposed new buildings, Olive street will be one of the most important business thoroughfares of the city.

### CENSUS TO BE TAKEN MONDAY, APRIL 20

CITY DIVIDED INTO FOUR DISTRICTS — ONE ENUMERATOR TO EACH BLOCK

The census of the city of Eugene, under the direction of the Commercial Club, will be taken on Monday, April 20. The plan proposed by G. W. Griffin, to appoint one man for each block as enumerator, has been adopted and the city has been divided into four districts, which have the same boundaries as the four wards. J. M. Williams will have charge of the census in the first district, and he has the plat of that part of the city at his office in the Cokerline & Wetherbee building. R. McMurphy will have charge of the second district, the plat being in his real estate office in the Matlock building. W. Griffin will have charge of the third district and the plat is found at the Griffin Hardware company's store. F. M. Wilk is to be in charge of the fourth district, the plat may be found at the Linn Drug Company's store. Any one wishing to take the census may find the plat at the places named and the person in charge will give procedure.

### ODD FELLOWS' PROPOSED FIVE-STORY BRICK BLOCK

FRONT OF ODD FELLOWS' NEW BUILDING AS IT WILL LOOK WHEN COMPLETED

The Odd Fellows herewith presents to its members a plan of a five-story brick block to be erected at one corner of East Ninth and Oak streets. The cut was made from the architect's drawings. Geo. T. Hall, Sr., has purchased the old frame building which stands on the lot to be occupied by the new building, and will move it away just as soon as the occupants can vacate.

### CITY NEWS

The health department store received a carload of sugar this morning.

Mrs. Hoyt Pierce was operated on at the Eugene Hospital yesterday for appendicitis by Dr. Scaife.

The first automobile of the spring was seen on the street today. It was Webster Kincaid's machine.

Mrs. S. E. Patterson is building a neat 5-room bungalow at the corner of East Fifteenth and Pearl streets.

J. A. Ham has begun the erection of a fine two-story residence on High street, just across the street from where he lives.

Increase of pension has been granted Klie Jackson, of Cottage Grove, to \$20, and John Byers, of Junction City, to \$15.

The Eugene Lumber Company will start a full crew to work at the mill Monday, the log drive having arrived down the river.

A marriage license was issued this afternoon to Solomon F. Barnes, aged 27 years, and Miss Emma E. Pyburn, aged 18.

S. B. Finnegan, the blacksmith, expects to occupy his new brick building on Olive street some time during the fore part of May.

H. Snook, the well-known Salem contractor, was here yesterday looking over the plans for Eugene's government postoffice building with a view of bidding on it.

At the meeting of the band last night it was decided to resume the open air concerts on the evening of April 24. They will be held every Friday evening after that.

Miss Helen Johnson, daughter of E. M. Johnson, fell off a horse yesterday evening about 5 o'clock and was severely injured, but not seriously. Dr. Studley attended her.

The University track team went to Portland today to take part in the meet at Columbia University tomorrow afternoon. Trainer Hayward, Manager Bean and 16 athletes went down.

J. F. Hard returned today from a trip to his mining properties in the Bohemia district. He reports lots of snow at the mines and says he was compelled to come out on snow shoes for several miles.

The Willamette Valley Company has sold six acres in the south end of the Gross addition to H. Reed, of Roseburg, for \$200 an acre. The Eugene Real Estate & Investment Company made the deal.

Invitations for the marriage of Dr. Salathiel Daniel Reed and Miss Ethelyn Martha Barbour, both of this city, have been issued by Miss Barbour's parents, Mr. and Mrs. William Carey Barbour, to take place at their residence Wednesday afternoon, April 23, at 4 o'clock.

There were no hobos in the city jail last night, although the night before there were 15. Chief of Police Farrington says he thinks Eugene is bothered less by hobos than any other town in Western Oregon for the reason that they are not fed by the city authorities here and the police keep them moving.

William Hempy, recently from Kansas, has bought of H. F. Kilborn a block of land on Fairmount boulevard, near Hendricks' park, and will erect a fine bungalow there at once. Mr. Hempy is a carpenter and contractor, and will engage in that business here. The sale was made

through the Garrett real estate agency.

George T. Hall, Sr., who purchased the old frame building on the Odd Fellows' new lot, as mentioned in yesterday's Guard, will move it to a lot adjoining his warehouse on the depot grounds and will use it for warehouse purposes, the storage room now at his command being inadequate to accommodate all the business that offers.

In the divorce suit of Juliette A. Bainbridge vs. William E. Bainbridge the defendant today, through his attorney, W. G. Martin, filed an answer to the complaint, denying each and every allegation of the plaintiff and filing a cross complaint, asking for a divorce on the ground of cruel and inhuman treatment.

The divorce complaint in the case of Bertha E. Williams vs. Howard E. Williams, mentioned a few days ago by The Guard, was returned to the county clerk's office today. The couple were married at Albany June 21, 1899, and have one minor child, Beryl Lee Williams, aged 8 years. Description is the alleged ground for a legal separation. The plaintiff asks for the care and custody of the child.

Chief of Police Farrington and Street Commissioner Turner will start out next week to make an inspection of all the sidewalks in the city, and where new walks are needed they will be ordered. Commissioner Turner says the walks are in worse shape now than they have been for years, and much rebuilding will have to be done. A great deal of it will be in the cement district.

Rev. Glasco, of Spokane, superintendent of missions for the Norwegian Lutheran church, spent the past two days in Eugene, leaving on the afternoon train for Glendale. From there he will go to Colorado. He held services at the church of that denomination in Eugene yesterday and last evening a social was held at which the members of the congregation had the privilege of meeting the reverend gentleman.

The street commissioner's force yesterday found a lot of roots from maple trees in the sewer near the old people's home which had clogged the sewer so that the flow of water through it was stopped. The roots had grown through the tiling and spread out in great bunches inside the pipe. This has been a source of great annoyance for a long time and it keeps the street and sewer force pretty busy cleaning out the sewer.

The Stevens & Hull piano house has just closed a second deal with S. A. Range, proprietor of the Electric theatre, for another Peerless electric piano for his new theatre to be opened tomorrow one door south of the Hotel Smeed. A smaller size Peerless player will be used until the arrival of the large piano, which will be a duplicate of the one now in use at the Electric theatre in the Hodges building and which has proven highly satisfactory.

### REAL ESTATE OF WATER CO. IS VALUABLE

Our attention has been called to the fact that the estimate now being published of the value of the Willamette Valley Company's plant proposed to be sold to the city for \$140,000 does not include the value of real estate. The real estate that goes with the plant includes the Skinner's Butte property, about 60 acres in extent, the well grounds across the river, about 7 acres in extent, and the land on which the pumping station stands. The value of Skinner's Butte, lying as it does in the very heart of the city and so available for park purposes, was one of the chief features which led the common council to submit the offer to the people. Good business men have estimated the value of this property to the city as equaling fully one-third of the whole purchase price. Others speak of it as a rock pile. But each voter is at liberty to make his own estimate. It seems to us, however, that in the hands of the city, with the city's reservoir on top of it, from which water could be gotten for irrigation, it could be made a public ground of unparalleled beauty, a wonderfully attractive feature to our own people, and to every stranger who lands at the depot, or even passes through on the cars.

### POOR LITTLE SUFFERER.

Hist! List! What is that and And mournful tone That comes sighing On the breeze, So full of pathetic appeal, Like the low, hopeless pleadings Of the ancient officeholder For a pass? That appears to come From a heart So brimming with sorrow That not another drop Of sorrow Could be loaded on Without breaking its back, If hearts have backs, No; it is not some child Crying because It has been spanked; It is not a woman! Weeping weep weeps Because no leap year victim appeareth. What then? Ah, what? Listen! It is the great Unlabeled thirst In the new prohibition belt Calling for the water, Mid winter of sand, Beneath a merciless sky And taunted by the mirage: The mariner On the painted sea, With water, water everywhere And not a drop For quibbling purposes, Is in no more appalling condition Than the great Unlabeled thirst That hasn't as yet Adapted itself To the new order.

### In Estimating the Safety

of a bank, it is always well to remember that the Capital and Surplus, in other words, the bank's own money, is that which gives security to the depositors.  
The recently increased capital of this bank, now \$100,000, fully paid, is exceeded by but three banks in the state of Oregon, and is twice the amount required by the state banking law for cities of this size or larger.  
This Capital and the Surplus forms a fund of \$125,000.00 that insures absolute security to those who entrust their money to us.  
We always have on hand a large reserve for the accommodation of customers desiring loans and now carry 70 per cent of our demand deposits in available cash, being more than four times the reserve required by law!  
Sixteen years of experience and usefulness to the people of this county, prove that this bank deserves your patronage.

### HIGH SCHOOL AHEAD AT END OF FOURTH

At the conclusion of the fourth inning in the baseball game between the University and high school teams at Recreation park this afternoon the score was 5 to 2 in favor of the high school. The varsity made their runs in the final inning on two hits and that day's score. The high school team scored two in the third on a couple of brilliantly executed squeeze plays and three more in the fourth on a bunch of errors by the varsity team. DeNeffe and King is the battery for the school, and Hurd and Eskrimo started in for the varsity, but were replaced by Dixon and Noon.

### THE SINS OF THAT OTHER FELLOW
