WINTER HAS BEEN MILD AND DRY

Following is a summary of weather conditions in Oregon during the winter, as prepared by the weather bureau at Portland.

The weather during the last six months was on the whole, mild and dry, with no severe cold spells and less than the usual amount of snow in the valleys. There were three rainy days near the end of October, but the seasonal rains did not really begin until the second decade in November, and they continued thereafter intermittently until the end of March. During December there was a marked excess in precipitation between the Coast and Cascade ranges of mountains, and on moderate cool spells from the 16th to the 21st, when the temperatures in the western counties were slightly below the freezing point and in the eastern counties from 10 to 20 degrees lower than the freezing point, but only two stations reported zero temperatures. Notwithstanding rains occurred almost daily in January, the total amount was small and by the end of the month there was a deficiency of nearly two inches, which was proportionally greatest in the eastern counties.

The coldest weather of the season occurred during the first three days in February, when zero temperatures were reported in nearly every eastern county, and temperatures from 20 to 30 degrees above zero in the western counties. This cold spell was of short duration and followed by mild weather during the remainder of the month. The February precipitation was deficient in all counties, and hardly any snow fell in the cultivated valleys. About the middle of March there were three or four days with heavy rains and mild temperatures, which caused all rivers to run bank full and numerous washouts occurred along the railroads in the eastern district. Frequent light frosts occurred in March, and in the higher sections there were a number of killing frosts.

EUGENE WILL BE REPRESENTED AT ROSE FESTIVAL

A meeting of the board of governors of the Commercial club was held last night. It was decided that the next number of Nobody's Magazine be devoted to the University of Oregon, and a number of new pictures of the buildings of the institution will be printed, together with articles written by members of the faculty.

At a regular meeting of the club, after the board of governors adjourned, the matter of Eugene being represented at the Portland rose festival was taken up and thoroughly discussed. George B. Thomas, representing the festival committee from the Portland Commercial club, was present and urged the club to take action. It was decided to expend several hundred dollars in some manner that will attract attention. The members of the club were not altogether in favor of a float, but a parade of Eugene girls on horseback and of members of the Commercial club uniformly dressed in white seemed to be favored. David Linn, Frank McAllister and W. A. Bell were appointed as a committee on the matter.

Resolutions thanking the Thimble club and the Thursday Afternoon club for the street pennants were passed and resolutions on the paving of the streets around the park squares were adopted. They are as follows:

Whereas, the city of Eugene is now engaged in improving and paving several of its thoroughfares and, whereas, this improvement is the greatest advertisement that Lane county and Eugene, its county seat, could have, and

Whereas, the streets surrounding the county park, partly owned by the county of Lane, if unpaved, will be a detriment to the adjoining streets, therefore, be it

Resolved, That the Eugene Commercial club, in meeting assembled, is emphatically in favor of seeing the streets surrounding said park paved and so notify the county court of Lane county.

A Twenty-Year Sentence.

"I have just completed a twenty-year health sentence, imposed by Bucklen's Arnica Salve, which cured me of bleeding piles just twenty years ago," writes O. S. Woollever, of Leitchville, N. Y. YOUNG MOTHERS

A mother who is in good physical condition transmits to her child the blessing of a good constitution; sickly, ailing mothers, the reverse. The tiny babe brings to her a living responsibility. At such a time too great care cannot be taken to build up the mother's general constitution, and restore her feminine system to a healthy, normal condition. The greatest assistance that any woman can have in accomplishing this all-important work is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. M. Gilmer, of West Union, S. C., writes to Mrs. Pinkham, Lynn, Mass.

"I was greatly run down in health, suffering from a weakness peculiar to my sex. I began to take Lydia E. Pinkham's Vegetable Compound, and I was not only restored to health but am the proud mother of a fine baby girl. I wish every sick and ailing woman would give Lydia E. Pinkham's Vegetable Compound a trial."

Mrs. Paul Oliver, of St. Martinville, La., writes to Mrs. Pinkham:

"For years I suffered from the worst form of female troubles, and the doctor said I could not get well without an operation. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I have the sweetest little baby girl. I will never cease to praise Lydia E. Pinkham's medicine."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with the worst forms. Why don't you try it?

He Got What He Needed.

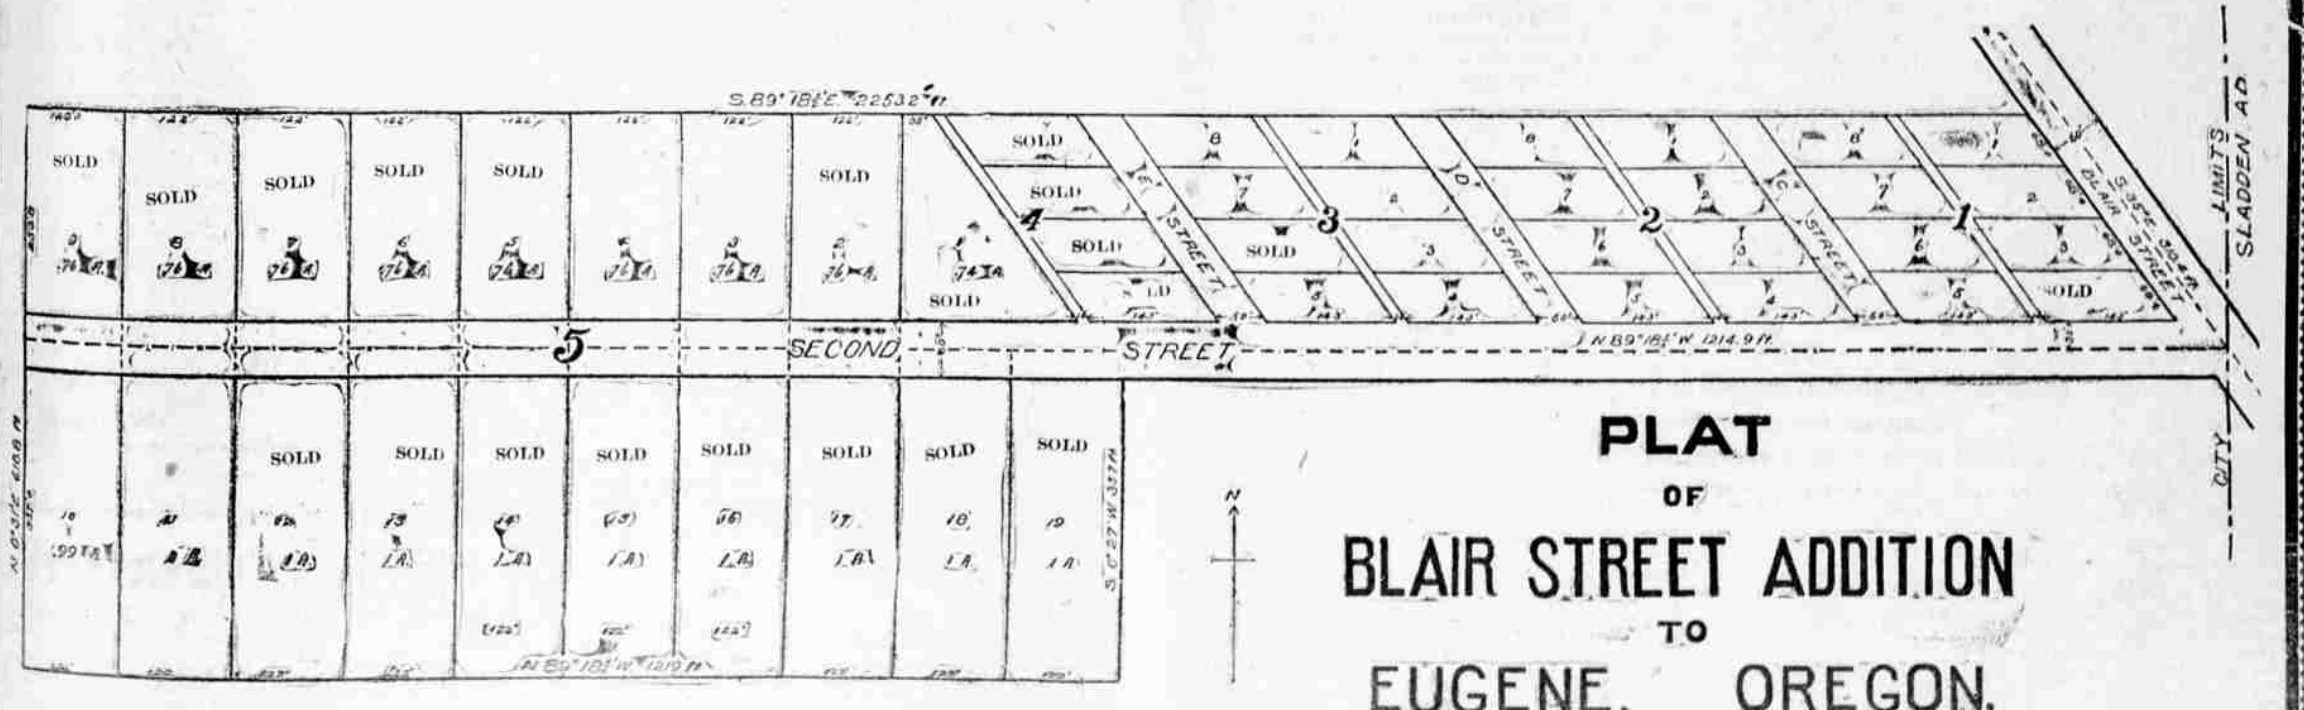

"Nine years ago it looked as if my time had come," says C. Farthing, of Mill Creek, Ind. Ter. "I was so run down that life hung on a very slender thread. It was then that my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at W. A. Kuykendall's drug store. 50c.

ACRE TRACTS IN BLAIR STREET ADDITION ARE NEARLY ALL SOLD

IF YOU WANT ONE YOU'LL HAVE TO HURRY

Only two of the acre tracts and two of the three-quarter acre tracts remain unsold, and there has been a good sale of lots. Several houses will be built in the addition this spring and summer, and other purchasers will set out shade and fruit trees. The property was priced very reasonable to start with; and rapid sale and improvements made and contemplated justify an **Advance of 10 Per Cent.** on all unsold lots and tracts on April 15th. Blair Street Addition property will double in value in two years. It is at present prices the best investment in Eugene, because it is situated where the town must expand over it.

Just as sure as water runs down hill Eugene must grow down the main valley roads, where the electric roads will come up from Portland, and where the largest part of the city's business will always come from. If you want a home or wish to save money by investing it on easy installments in desirable real estate, you can't miss it in **BLAIR STREET ADDITION.** Small Cash Payment, and your **own Terms on Balance.**

Second street will be graded through the addition this spring—the time to buy one or more of the large lots, 68 1/2 x 143 feet, is **NOW**—before the price is advanced.
