Pure Blood

Is certain if you take Hood's Sarsaparilla. This great medicine cures those eruptions, pimples and boils that appear at all seasons; cures scrofula sores, salt rheum or eczema; adapts itself equally well to, and also cures, dyspepsia and all stomach troubles; cures rheumatism and catarrh; cures nervous troubles, debility and that tired feeling.

Sarsaparilla—For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in chocolate tablets called Sarsatabs as well as in the usual liquid form. Sarsatabs are identical with the same curative properties as the liquid form, besides accuracy of dose, convenience, economy and loss by evaporation, leakage or leakage. Druggists or promptly mail. REDUCING THE WAIST
LINE IN BOTH SEXES

Men and women with pendulous abdomens who wish to reduce them quickly and safely are usually advised to go in for certain tiresome twisting and bending exercises that, as a matter of fact, they should carefully avoid as being dangerous rather than beneficial.

A far better plan is to use the following three siphon household remedies, which can be obtained of any druggist at small cost, viz: 1-2 oz. Marmola, 1-2 ounce Fluid Extract Cascaro, Armatia, and 1-2 ounce Srup Stimlex. These are mixed together at home and taken a teaspoonful after meals and at bedtime.

These three make a mixture that is not only perfectly harmless, but actually beneficial to the system, regulating the digestion, purifying the blood, and clearing the complexion of pimples and blotches. Its chief and surprising benefit is the rapid removal of fat which it reduces to fat person to the normal, assisting him of a fine physique, it having been known to cause the absorption of as much as a pound of fat a day. Moreover, it does it symmetrically, so that no wrinkles or flabby skin are left behind. Strange to say, neither fasting nor exercise are advised when this simple home-recipe is being used, for it will produce results, indeed, pendulous of either and so the patient is instructed to eat whatever he or she fancies, and is also permitted to take things easy.

CANDIDATES ANSWER QUESTIONS SUBMITTED

To the editor:—The following letter has been submitted to the candidates for the office of sheriff: Dear Sir:—You are a candidate for the office of sheriff of Lane county at the coming election. As electors of Lane county we desire to know your sentiments on the following questions: 1. Are you in favor of the Local Option law of this state? 2. If elected to the office of sheriff, will you use your best efforts for the rigid enforcement of this law? Please answer yes or no to these questions. Two of the candidates, Harry Bown and F. H. Snodgrass subscribed "yes" to both questions, and expressed themselves in favor of the rigid and impartial enforcement of all laws. Mr. Griffin answered "yes" to the second question, and that he was in favor of the enforcement of all laws. In regard to question No. 1 he stated that he was not familiar with the Local Option law. Mr. Nicklin's reply is as follows: "I am a firm believer in the strict enforcement of all laws. If nominated and elected sheriff of Lane county I promise a full and faithful performance of my duty relative to the Local Option law as well as other laws in force." Very respectfully, G. F. HURD, Geo. A. DYSON, Committee.

The Giraffe's Neck.

Lamarck thought that the giraffe obtained its long neck by transmission of parental stretching to reach the leaves of trees and that each new generation literally "began where the last left off." I say literally because the young giraffe was conceived, so to speak, as continuing at the branches which its parents could just reach and then stretching its neck to reach leaves inaccessible to the parents. So to say, it began eating where the parents left off.—Pall Mall Gazette.

Important to Him.

Banking By Mail

It is simply the application to the use of individual depositors of the system in vogue among banks. It is perfectly safe. In the enormous daily exchange between banks of different cities, amounting to millions of dollars, there is never a dollar lost. This method of banking is convenient, private and time-saving. It is an especial advantage to persons living in the country or smaller towns who want the satisfaction of dealing with an absolutely safe bank. To persons in the city, not so situated that they can conveniently visit the bank in person. When you send your first deposit, you will receive notice of credit and check-book. Your money is perfectly safe when deposited in this old bank with a large capital and surplus.
