

SENATOR BILL BORAH DEFENDS PRESIDENT AND ROASTS NEGROES

WILLIAM E. BORAH.

Washington, April 20.—Senator Borah of Idaho, who as special counsel for that state conducted the prosecution of W. D. Haywood, secretary of the Western Federation of Miners, was on the charge of murdering former Governor Steunenberg at a wide attention last year, today found opportunity to express his approval of any effort to secure justice for Harry Orchard, the self-accused thrower of the bomb which caused Steunenberg's death. The utterance was a part of a speech by the senator on the Brownsville affair, and was made in connection with a condemnation of all efforts to compromise the offense at Brownsville.

Twenty-fifth regiment shot up the town, and he gave a careful analysis of the evidence in the case. An unusually large number of senators was present on both sides of the chamber and carefully followed the arguments presented by Borah.

The Idaho senator said:

"A cold-blooded, insidious, inhuman devil blows to pieces an ex-governor upon the doorstep of his home, is caught and confesses, and before the grave of the man, who died a martyr to law and order, is green, sentimentalism puts a halo on the brow of the blackest spirit that ever escaped the crypts of hell. Men wearing the uniform of a soldier of the Union, the insignia of government and the symbol of law and order, in the quiet of night, when homes are defenseless, assault and attempt to murder whole families and finally succeed in committing one murder. To compromise with such an act or

such a deed is cowardice; it is betrayal of government; it is an insult to every intelligent and right-thinking negro, for it presupposes he is a

LOS ANGELES ENTERTAINS MEN OF EVANS' FLEET

Los Angeles, April 20.—This city today began its week's entertainment of the Atlantic fleet and nearly every hour of time is arranged for. A four days' program for the sailors began at Chutes Park this morning, when three thousand sailors were given their liberty and were escorted from the beach cities in trolley cars. A varied program of sporting events has been arranged, including more than fifty three-round boxing contests. James J. Jeffries, champion heavyweight pugilist of the world, will be master of athletic exercises and will referee the boxing bouts.

At noon today a typical Spanish barbecue was served, four hundred women of the various patriotic societies serving the sailors.

The sight was one of the most novel ever seen in the city.

In the afternoon the entire crowd of sailors and thousands of citizens went to the Wild West show at the Agricultural Park.

The Japanese colony participated in the welcome to the sailors and throughout the Japanese quarters were costly decorations. A number of Japanese business men will be guests at the banquet to be given the officers tonight.

The idea was suggested at Newport and Albany is taking it up. It is planned to have the commercial clubs of Albany and other valley cities attempt to secure this through the Oregon delegation in Congress. If arrangements are made as planned the fleet will come as close to the shore as possible off Yaquina bay and stop for possibly an hour. In the event that arrangements are made, big excursions will be run from Albany, Corvallis and other towns to Newport, and boats will take crowds out to view the fleet.
