DRUG THIEF CAUGHT BY A CLEVER SCHEME

(Special Correspondence.) Cottage Grove, April 23.—A little incident occurred in Cottage Grove that was amusing to some, but to others not so pleasant. The proprietor of the New Era drug store, Harry Brehant, for some time past has been missing various articles from his store, including medicines, toilet goods, etc., and the loss became alarming. Now Harry is an ingenious chap, and to find the thief he attached a thread to a number of pill boxes and placed them on the shelf case so that if a man picked up one and put it in his pocket and started to walk away it would pull all the others off the case and to the floor. This happened yesterday, when a man sprung the trap and was caught. The man of whom we speak was once before the Lane county court for practicing medicine without a license.

ELMIRA LUMBER CO.'S MILL REFITTED

The Elmira Lumber Company's teams took out the last two loads of machinery today that will complete the refitting of their mill. The large new boiler has been installed and is now running the planer, which is turning out some fine dressed lumber. The flooring and ceiling from this mill has an excellent reputation, both in this and some of the Eastern markets. The new head blocks and set works that arrived today are of the latest and most improved pattern, which will insure an even and satisfactory cut in the lumber. This is a most important factor in the manufacture of lumber and is always appreciated by the contractor, as a time saver where a force of men are on a contract. The headblocks will be put in place this week and by the first of next week the mill will be in full operation.

DEADWOOD ITEMS

(Special Correspondence.) Deadwood, April 22.—Herman Steinhauer, of Greenleaf, made a trip to Upper Indian creek, returning by way of Mapleton, the other day. J. A. Burnett is home from Eugene where he went on business. It is reported that there are several cases of smallpox at Blachley. It is hoped by all around here that the contagion will not get strated in these parts. Ross Myers bought a fine horse on Indian creek last week. One more phone on the Alpha line saying hello, besides several other new members that will get phones as soon as possible. Several of the Lake Creek school children are sick with sore throat, which seems to be quite prevalent. A Reed gave an order for lumber from the Deadwood sawmill. He expects to build on the forty acres he bought at this place. We had quite a lot of rain with some very heavy wind last week. The early gardens hereabouts look very nice for this time of the year. C. Wilcutt is going to move to his ranch at this place this week with his family. Several of the neighbors visited at Joe Slammann's Sunday. C. Burnett expects to go to Eugene this week on business. It is thought that there will be more cream shipped from the Sinalaw and tributaries this season than there was last. Some very fine specimens of quartz are being picked up hereabouts. It looks very encouraging. Mrs. Downing, of Greenleaf, was quite sick last week, we are sorry to hear. The range cattle and dairy cows look fine in this neighborhood for this time of the year.

PLEASANT HILL NEWS

Pleasant Hill, April 22.—Beautiful weather, but too dry to suit the farmers.

J. M. Cornelius has sold his farm to Squire Ennis, late from Missouri, who arrived here with his family this week. Mr. Cornelius has gone to Oregon City to look for a new home.

Shelby Teeters and mother, of Cottage Grove, visited with Ellen Mitchell and family last week.

Rev. E. S. Handwerker and wife, of Corvallis, are visiting relatives here at present.

Mrs. Linton, who has been seriously ill, is now improving.

Harry Mitchell has gone to Astoria, where he will take charge of a logging camp. His wife and children will go in a few days and may remain for a year or two.

William Miller and mother went to Eugene today to attend the Reed-Barbour wedding.

Miss Irene Robinette stole a march on her friends last Sunday by going to Eugene to be married, but they wish her long life and much happiness just the same.

MAY PURCHASE BIG INTERESTS OF O. R. & N. CO.

Oscar J. Smith, of Reno, Nev., J. H. Ware, of Chicago, and H. F. Collett, of San Francisco, who have been on Coos Bay for three or four days investigating the holdings of the Oregon Coal and Navigation Company, left this afternoon for San Francisco, where a deal will probably be closed for the purchase of the property, says the Coos Bay Times. The Oregon Coal & Navigation Company's holdings include the steamship M. P. Plant, which plies between Coos Bay and San Francisco, the Libby Coal mine, waterfront property in Marshfield and Empire and several thousand acres of land near this city. It is understood that about \$500,000 is involved in the deal. Just before leaving today Mr. Smith said he had no statement to give out. He said that the deal was simply on, and that nothing except premature news could be made public now. Mr. Collett is a mining engineer and spent most of his time inspecting the Libby mine and coal property. "I am very favorably impressed with this country," said Mr. Smith, for whom this was the second visit to Coos Bay. "It is going to develop very rapidly from now on and I am anxious to get in on it. What we will do will depend upon the conclusion reached after a discussion of the investigation. I am already convinced that Coos Bay, on account of its resources and location, has a great future." The Oregon Coal and Navigation Company has headquarters in San Francisco. No one here knew of the deal until the investigation of the Libby mine property aroused suspicions.

ADVANCED VAUDEVILLE TUESDAY APRIL 28

The big vaudeville show which Sullivan & Considine bring direct from the Grand theatre, Portland, will be the attraction at the Eugene theatre next Tuesday evening. This program consists of comedy, music, singing, dancing, sketches, both dramatic and humorous, and other features. Halton & Pullen present "Election Bets," a sketch written by Geo. M. Cohan, author of "Little Johnny Jones," "Forty-five Minutes from Broadway" and other successes. Leo Cooper and company appear in "The Price of Power," which is a powerful little dramatic, tabloid which captured the Portland public and critics. The two Roses are pretty young girls in musical selections; Wesson, Walters & Wesson have a snappy sketch; Naomi Ethardo is a woman equilibrist, and Conners and Aldert are black-face singers and dancers.

IF WOMEN ONLY KNEW.

What a Heap of Happiness It Would Bring to Eugene Homes.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains come from sick kidneys.

"Would save much endless woe. Doan's Kidney Pills cure sick kidneys.

Eugene people endorse this: Mrs. S. Y. Abbott, of 484 Pearl St., Eugene, Ore., says: "Last winter I was taken down with a bad spell of sickness and kidney complaint. There was hardly ever a time when I could not attend to my housework, but this time I was completely laid up. My back was so weak I could scarcely move without pain. I started doctoring and took several prescriptions but without much benefit as far as I could see. Doan's Kidney Pills were recommended to me and I got a box. I continued taking the remedy and the pains and weakness left me. My kidneys seemed to gain strength until I was entirely well again. I can now do my work without the least annoyance."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

GET BERTHS EARLY

Those who intend going to the fleet celebration at San Francisco May 2, 3 and 4 are requested to apply for berths at once so that they will be able to get them. If enough signify their intention of going from Eugene a Pullman car will probably be set out here so that those going may retire early and save the trouble of getting up in the middle of the night to catch the train.
