ELECTRIC ROAD EXTENSION GOOD NEWS FOR VALLEY

(Special Correspondence.)
Portland, Or., April 27, 1908.—No announcement made in years has been more interesting to the state at large than the publication of the plans of the Oregon Electric Railway Company, which mean a system aggregating three hundred and eighty-one miles in length, and reaching the principal towns of the entire Willamette Valley, with an extension to the coast as well. McMinnville, Newberg, Dallas, Eugene, Albany, Cascadia, Hillsboro and Tillamook, with innumerable other communities are included. The line between Portland and Salem has received such excellent patronage that on several different occasions it has been necessary to revise the schedule to accommodate additional trains. In the Eastern states the multiplication of trolley lines has decreased the passenger traffic on the steam roads, but the latter have felt so marked an increase in freight traffic that the passenger loss has been more than compensated in earnings.

A very large delegation from Albany visited Portland last week for a double purpose. First, the City Council came to investigate the subject of paving, and as a result Albany will immediately begin the permanent improvement of her main streets. Then the committee representing the Albany Commercial Club completed arrangements with Bury I. Dasset to take charge of the city's publicity work as Manager of the Club, May 1st. Mr. Dasset is now Advertising Manager of the Portland Railway, Light and Power Company, Secretary of the Rose Festival Association, and Secretary of the Pacific Coast Advertising Men's Association, and his experience will make his work effective.

The greatest success has attended the Oregon Development League meetings throughout the Eastern part of the state. LaGrande raised \$3300 in a few minutes, besides adding greatly to the membership of its Commercial Club—they will complete a fund of \$6000. Elgin business men subscribed \$600 to advertise their city; The Dalles will continue their publicity work on an even more liberal scale than heretofore; Baker City, is alive to the value of similar work.

Headquarters of the Rose Festival Association look like an immense Valentine shop now-a-days. Thousands of beautifully engraved invitations are being sent out in rose-garlanded envelopes—prose poems in accord with the occasion. "The queen of flowers will have a perfumed whisper of welcome for you, and her sweet hospitalities humored for your tarrying" closes the message.

THOUGHT FROST DID LITTLE DAMAGE

Although the thermometer dropped to the freezing point and below in many parts of the valley Friday night diligent inquiry among the growers indicates that the damage to all classes of fruit, if any, will be very slight. Strawberries, cherries and other small fruits are farther advanced than prunes, plums, apples, pears, etc., and all growers communicated with say they have made a close examination. The sky was heavily overcast with clouds when the sun came up, however, and the salvation of the fruit crop is due to this fact. It will be two or three days yet before the exact conditions will be definitely known. To date there is a promise of a bumper crop of all varieties of fruits in this section.

SAYS MANY HIGH SCHOOL GIRLS SMOKE CIGARETTES

Seattle, Wash., April 25.—That the cigarette habit is becoming alarmingly prevalent among the high school girls of this country was the statement of Rev. Lyman Beecher Sperry, who has been giving a series of lectures under the auspices of the Y. M. C. A., and who spoke today before the meeting of the Puget Sound Schoolmasters' Club, at which 200 educators were present.

"In one city," said Dr. Sperry, "I found 60 per cent of the girls were addicted to the habit. I do not know what the percentage is in Seattle, but it is a fact that it is a great deal more prevalent than is generally supposed. Parents are, in many instances, unable to correct these tendencies because they are too lazy or leading questionable lives and are afraid of their children."

W. H. Lucas, a local educator, startled the meeting by advocating that parents give their children the Bible to read only after it had been expurgated. He declared that he would not, under any circumstances, allow the youth of the country to read the entire Bible.

WORLD'S POLE VAULT RECORD IS BROKEN

Philadelphia, April 25.—The feature of the performance of hundreds of athletes at the annual relay and field sports held on Franklin field today under the auspices of the University of Pennsylvania, were of the highest order. One world's record, that for the pole vault, was broken by W. R. Dray, of Yale (12 feet 6 1/2 inches.) Dray tried to clear 12 feet 10 inches, but was too tired. The University of Pennsylvania won the blue ribbon event of the meet, the mile relay, for the championship of the United States. Her only opponent was Chicago, who ran Pennsylvania to a sensational finish.

Hard to do housework with an aching back.
Brings you hours of misery at leisure or at work.
If women only knew the cause—that Backache pains come from sick kidneys,
Doan's Kidney Pills cure sick kidneys.
Eugene people endorse this:
Mrs. S. Y. Abbott, of 484 Pearl St., Eugene, Ore., says: "Last winter I was taken down with a bad spell of sickness and kidney complaint. There was hardly ever a time when I could not attend to my housework, but this time I was completely laid up. My back was so weak I could scarcely move without pain. I started doctoring and took several prescriptions but without much benefit as far as I could see. Doan's Kidney Pills were recommended to me and I got a box. I continued taking the remedy and the pains and weakness left me. My kidneys seemed to gain strength until I was entirely well again. I can now do my work without the least annoyance."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
