BOYS OF PUBLIC SCHOOL MARCH THROUGH BUSINESS SECTION OF THE CITY IN MILITARY FORMATION—AFTERNOON SPENT AT DRILL AND RECREATION

Between two and three hundred of the nation's future defenders—the boys of the Eugene public schools—marched down Willamette street this afternoon about 2:30 o'clock in military formation to the time of a big bass drum, and on out to the Young pasture across the river, where the afternoon is being spent in drill and recreation. Shortly after 1 o'clock this afternoon the companies from the Geary and Patterson schools marched to the Central school, where a review was held before Superintendent Alderman. The boys executed the maneuvers very well, and those who witnessed them were much impressed. The march through the city was then commenced. The column of squads, or "battalions," as we used to call them,

L. R. ALDERMAN Superintendent of Eugene public schools, who has established a course of military instruction for school boys.

was headed by the national colors and a school pennant, and the beating of a bass drum kept the boys in step. Each company was officered from the ranks of the pupils and each officer seemed to know his duty well. Military instruction in the public schools is a new venture and was begun only a few weeks ago at the suggestion of Superintendent Alderman. The work of drilling the boys has been under the direction of Sergeant R. S. Huston, of Company A, O. N. G. He has done his work well, as evidenced by the manner in which the boys execute the different commands.

The cribbing for the concrete walls of the new Beckwith block is being built and the work of laying the concrete will begin soon. Z. I. Brown, of Indianola, Ia., and O. H. Brown, of Portland, are in Eugene looking over the surrounding country with a view of locating. On nearly every northbound train there are several cars loaded with scrap iron from the San Francisco fire ruins. The supply seems to be inexhaustible. On all freight trains going north a large number of hobo, bound from California points to Portland and Seattle, are seen. The trainmen do not attempt to molest them. A heavy wind this afternoon made the dust on the new pavement on Eighth street intolerable. There should be some system of street sprinkling inaugurated at once. W. B. Green is expecting a number of his friends from Phoenix, Ariz., to spend the summer in Eugene. G. L. Wilky and family, who spent last summer in Eugene, are very homesick to get back. The work of tearing down the east wall of the Rhodes block preparatory to the erection of the Odd Fellows five-story brick at the corner of East Ninth and Oak streets, will begin in the morning. The Lane county delegates to the state Sunday school convention at Forest Grove have returned home and all report one of the best conventions ever held on the Pacific coast. Mrs. M. D. Mitchell, J. M. Morris and Mrs. G. S. O. Hamberg were the delegates from Eugene who attended. Mrs. Hamberg will report on the convention at a meeting to be held at the Baptist church next Sunday afternoon. The public is invited to attend and listen to the account of the work done at the convention. Be sure and see the new short turn buge before buying. CHAMBERS HARDWARE CO. FOR SALE—A \$50 upright piano, mahogany case, good as new; will sell for \$250. Address O.V.V. care Guard.

CITY COUNCIL WILL INSPECT RITCHIE CREEK

The members of the city council and several civil engineers will leave tomorrow morning about 5:30 o'clock for Ritchie creek, a tributary of the McKenzie, above Leaburg, to examine the stream with a view of securing the water supply for the proposed municipal water works from it. It is said that a majority of the councilmen favor this stream above all others for this purpose and it is more than likely, after this visit is made, that a definite decision as to the source of supply will be reached in a very short time. The party will return late in the afternoon.

MUCH MONEY FOR FOREST RESERVES

OVER TWENTY THOUSAND FOR WILLAMETTE DIVISION OF CASCADE RESERVE SET ASIDE FOR 1908.

Since the creation of the Willamette division of the Cascade forest reserve, under Supervisor C. R. Seitz, whose headquarters are in this city, his office has become quite an important one and there is a force of several persons, including stenographers and draftsmen, employed in the office, which is located in the Beckwith block. Supervisor Seitz not only has charge of the Willamette division of the Cascade reserve but he is supervisor of the entire Tillamook and Umpqua reserves. The department of agriculture has recently set aside \$21,000 for this division of the Cascade reserve and \$12,000 for the Tillamook and Umpqua reserves to be expended under Mr. Seitz's direction during 1908. The money will be used in building trails, telephone lines and bridges to facilitate the work of the rangers and guards. A large portion of this amount will be expended in Lan county.
