

RHEUMATISM CAN NOT BE RUBBED AWAY

Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism, but such remedies do not reach the CAUSE of the disease, and are therefore in no sense curative. Rheumatism is due to an excess of uric acid in the blood, brought about by indigestion, poor bowel action, weak kidneys, and a general sluggish condition of the system. The circulation deposits this irritating poison in the different muscles, nerves, tissues and joints of the body, and soon the painful symptoms of Rheumatism are produced. The pains at first may be wandering and slight; but as the blood becomes more fully saturated with the uric acid poison, the disease grows worse and after awhile gets to be chronic. The slight, wandering pains now become sharp and cutting, at the least exposure to dampness or night air, or any constitutional irregularity, the bones ache, the muscles are not as free in action as before, and where the acid poison is allowed to remain in the blood the joints often become so clogged with corrosive substances that they are left permanently stiff and useless. Rheumatism can never be rubbed away, nor can it be conquered and driven from the system until the acid-laden blood has been cleansed and purified. No other medicine does this so effectually as S. S. S. It dissolves and removes the impurities and sends a stream of rich, strong blood to the affected parts, which soothes the irritated nerves, inflamed muscles and flesh, and the sufferer obtains relief that is permanent because the real cause of the disease has been removed. Special book on Rheumatism and any medical advice desired free.

Regular course of lectures by the faculty and practical training in the hospital. The medical and surgical staff of the hospital constitutes the faculty. For rates or information address W. KUYKENDALL, M.D., Supt.

LOGGING OPERATIONS ON UPPER RIVER

CAMPS RUNNING STEADILY ON WILLAMETTE—NEWS OF LOWELL AND VICINITY

(Special Correspondence.)
Lowell, April 30.—We are having warm days and cool nights. Since the refreshing showers of last week vegetation of all kinds is making good growth and the prospects for a good crop are encouraging.

The logging camps of Rush Island are making up for lost time by increasing their forces, as Joe Hills expects to start a drive of four million feet or more by the second week in June.

The forest rangers are preparing to make things hum this coming summer by erecting cottages and telephone lines from Lowell to the Cascade reserve by way of the military road up the Middle Fork, and there is another thing they should do—improve this road bed, which is in a bad shape and only a few settlers along the line to fix it. The road tax along this line does not keep the holes fixed up and there is never a time the road is in good shape.

Victor Sharp, who has been under the care of the doctor for some time, is recovering slowly.

Floyd Kelsay made a trip to relatives on the Mohawk last week.

A man representing himself as a S. P. railroad man passed Lowell en route to Salt creek to post notices for a water right filed some time ago.

Professor Richardson will exhibit a moving picture show at Lowell Saturday evening, May 2.

County School Superintendent W. B. Dillard is visiting the Rush Island and Middle Fork districts.

Thomas Blakeley has started a logging camp and will continue putting in logs until the drive starts in June. Joe Blakeley is also logging some.

Corn planting is being carried on among the farmers, the ground being in fine condition.

The political pot begins to simmer and voters are beginning to talk about their favorite candidates.

HARRISBURG NOTES LOCAL AND PERSONAL.

Mr. and Mrs. W. L. Wright paid friends and relatives at Coburg a visit Sunday last.

Mrs. I. M. Wood, of Coburg, visited with numerous friends and relatives in this section Sunday last.

J. W. Seary of Eugene, was here Monday last taking in a small lot of hops which he purchased.

Mr. and Mrs. Hugo Hallin, of Coburg, spent Sunday at the home of Mr. and Mrs. J. M. Hochdanner.

James Douglas returned Sunday last from Springfield and Eugene, where he had been for a visit with relatives and friends.

Mr. and Mrs. L. Ham of Eugene, were here Saturday last, calling on friends, and were the guests of Mr. and Mrs. L. Boggs.

Miss Pauline May came up from Portland last Saturday evening for a week's visit with her brother, Barney May, and other relatives and friends. While here she is the guest of Mrs. Geo. J. Wilhelm.

Miss Minnie Evans of Eugene, spent Sunday visiting with relatives and friends in this city. She was for ten years one of the teachers in the public schools in this city, and has a host of friends here who were pleased to see her again.

One of Mr. and Mrs. W. N. Bucknum's little daughters of Coburg, was quite severely burned at their home yesterday evening. No details were obtainable other than the children had been playing with matches and in some way the clothing of one of the little ones caught fire, and before the flames were extinguished, the child received some very serious burns. Medical aid was summoned from Eugene.

The opening game of base ball was played at Coburg Sunday last, between the team from that city and the Pleasant Hill nine, and resulted in favor of the Coburg nine by a score of 5 to 2. Chas. Morris pitched the game for the Coburg team. Quite a number from this city witnessed the game, and all say that it was a fast game from start to finish. It is quite likely that there will be some interesting games played at Coburg this season, as they purpose to have a stronger team than they did last year.—Balslev.

Those who intend going to the fleet celebration at San Francisco May 2, 3 and 4 are requested to apply for berths at once so that they will be able to get them. If enough signify their intention of going from Eugene a Pullman car will probably be set out here so that those going may retire early and save the trouble of getting up in the middle of the night to catch the train.

A. J. GILLETTE,
Agent S. P. Co.

INFORMATION BUREAU

A Buggy especially safe for women and children. Will turn clear around in 16-foot space. Do you realize what this means. If your horse gets scared at the street car you can turn in 16 feet without tipping. Accidents reduced to a minimum when

The Short Turn Buggy

comes into general use which will be in a short time. We have a full stock in the latest styles and finishes. We are Leaders in New Departures

Chambers Hardware Co. SOLE AGENTS

"MERRY WIDOW" HATS ARE NOT POPULAR

San Francisco, April 30.—Travelling to the "Merry Widow" hat—so far as the board of public works, other city officials and the street car company are concerned.

This style of headgear has been doomed to exile, sure enough. The theatres have already made their complaints, and now the street car and railroad companies and the city officials are having their innings. This is the cruelest cut yet. The board of public works has put its foot down with much firmness, and declared that it would positively not enlarge the doors of the city hall to admit blushing prospective brides wearing "Merry Widows." This is not all. The street car and railroad officials are said to have joined hands, and willingly, too, to establish a new rule classing the hats as dogs.

GOVERNOR JOHN SPARKS IS BADLY PARALYZED

Reno, Nev., April 30.—Governor John Sparks, who has for the last three weeks been in San Francisco, visiting his daughter, returned to Reno today, suffering from a stroke of paralysis. Grave fears are entertained of his ever regaining his strength. He is absolutely unable to move with the exception of his hands. His speech, however, is not impaired.

Lieutenant-Governor D. S. Dickerson has been acting as governor ever since the legislature adjourned.
