FRED CRAIG AND SI JONES ARRESTED AT HEPPNER

YOUNG MEN WANTED IN EUGENE FOR CONTRIBUTING TO DELINQUENCY OF MINOR GIRL APPREHENDED—SHERIFF FISK WILL BRING THEM BACK FOR TRIAL

Sheriff Fred Fisk this morning received a message from Sheriff Shutt at Heppner informing him that Fred Craig and Harvey (Si) Jones, who are wanted here on the charge of contributing to the delinquency of Addie Watts, a minor, a ward of the juvenile court of this city.

It will be remembered that a number of young men, Craig and Jones included, were accused several weeks ago of taking part in a carousal in which this girl and an older girl were the principals, with the result that warrants were issued for six of the men. Henry Jones and William Twilley were bound over to the circuit court, Jones giving bail, but Twilley is in the county jail, not being able to give bonds. Si Jones, Fred Craig and Maurice Woolwine, getting wind of the fact that arrests were to be made, left town. Shell Coffman was also arrested at the time, but he was discharged from custody, it being proven that he was not mixed up in the affair.

Sheriff Fisk will leave on this evening's train for Heppner, and will bring Jones and Craig back for examination before Judge Bryson, of the justice court, who this morning issued a warrant for their arrest, the same being wired to the sheriff at Heppner by Sheriff Fisk upon learning that the two men were there.

The officers have been on their trail ever since they left Eugene. They located them a few days after they left at Portland, and Policeman Harry Graham went down to arrest them, but it was learned that they had gone over to Vancouver, Wash., the same day. They were heard of again in Portland, and later learned that they had started for Eastern Oregon. Woolwine's whereabouts are as yet unknown.

MEDICAL SCHOOL HOLDS GRADUATING EXERCISES

President P. L. Campbell went to Portland this morning to attend the graduating exercises of the medical department of the University of Oregon in Portland. The exact number of the class is not known, but it is said to be about thirty.

The diplomas which the young doctors receive is not equivalent to a state examination, that test being taken later.
