

EDWARD MARTIN, ALLEGED MURDERER OF NATHAN WOLFF

Portland, May 5.—A warrant has been issued for the arrest of Edward Martin, the alleged murderer of Nathan Wolff, so brutally murdered in his jewelry and pawnbroker's shop Friday night. Martin is 33 years of age, an employe of the city engineer's office, and an alleged cocaine fiend. He has been missing from home and his usual haunts since Sunday night, and yesterday the police discovered a bloody shirt in a heap of debris in the rear of a cheap lodging house on second street. The collar band conformed to the size of the bloody collar found in Wolff's shop and the laundry marks gave the police the clue which led to the issuance of the warrant for Martin's arrest.

All the detectives of the department are searching the city and suburbs for Martin, who disappeared from his home on the East Side Sunday evening and has not been seen since by his people. Never before has he been suspected of any crime, but several months ago was arrested for having opium in his possession, but was released when he was recognized as an employe of the city.

Martin is the son of wealthy parents, now traveling in Europe, is a graduate of West Point, Fordham University, the New York Law College, and took one year's tuition in the medical class of the University of Oregon.

His wife saw him the last time on Sunday, when Martin went to church in the morning apparently unconcerned over his crime, if he is indeed guilty of it.

MARTIN ARRESTED IN LODGING HOUSE

Portland, May 5.—Edward H. Martin, suspected of the murder of Nathan Wolff, was arrested by Detectives Jones and Tichenor at 2 o'clock this afternoon in a lodging house on Union avenue and taken to the police station. He had visited a number of friends this morning and was traced to the lodging house. A large crowd gathered at the station, but no hostile demonstration was made. Martin in his statement to the police denies he killed Wolff, and a deep wound in his forehead he says was made by an axe in his own hands a week ago, and scratches on his neck by a cat. He is being sweated by the police.

UNION PACIFIC WANTS MONEY TO BUILD NEW LINES

Salt Lake, May 5.—The Union Pacific stockholders today authorized the directors to issue \$100,000,000 of bonds. Mr. Harriman said: "The financial requirements of the Union Pacific have been much exaggerated. The maximum amount needed at this time to put the company in funds does not exceed \$25,000,000, but we want to resume development and put our people to work. In no event, however, will over \$50,000,000 of the bonds be issued against properties now owned. Instead of mortgaging new lines as constructed or acquired, and thus having separate mortgages on different divisions, it is deemed best to provide in one mortgage for future extensions and new lines. The meeting is a preliminary step to put the company in a position to take advantage of the favorable opportunities to raise additional capital to the best advantage."

PRUNES BADLY DAMAGED BY RECENT FROST

W. G. ALLEN THINKS THERE WILL NOT BE MORE THAN A FOURTH OF CROP—ALL OTHER FRUITS SEEM TO HAVE ESCAPED AND PROMISE USUAL LARGE CROP

W. G. Allen, manager of the Allen Fruit Company's cannery in this city, today told a Guard reporter that he thought the prune crop in Lane county this year would be only about 25 per cent of a full yield on account of the killing frost which occurred on the night of Friday, April 24. Mr. Allen has visited several prune orchards in the vicinity of Eugene and finds in each a very poor outlook. Some have been affected worse than others, and he says his own orchard below the city looks about as bad or worse than any he has seen. He thinks his crop will be less than 10 per cent of a full yield.

"The frost seemed to catch the prune blossoms in their tenderest stage and played great havoc with them," said Mr. Allen. "Every prune orchard that I have examined shows up very poorly and I think I am safe in saying that there will not be more than a fourth of a crop this year." While the prunes have suffered severely, Mr. Allen thinks there was no damage to any other fruit crop. The apple blossoms were not far enough along to hurt and the peach blossoms were too far advanced to be affected. The cherries are all right, Mr. Allen thinks, and there ought to be a bumper crop, although in one of two places, it is reported, they were nipped slightly. It was

The records which Judge Rosalsky ordered filed with the court of general sessions are those of the grand jury which investigated the affairs of the Metropolitan Street Railway Company's system last November. The effect of filing the minutes with the clerk will be to make them public.

WILSON MAY PARDON POWERS

Frankfort, May 5.—Governor Wilson was unable to complete the reading of all the papers in the Caleb Powers pardon application in time to announce his decision today, and it may be several days before the decision is announced. Powers was a former secretary of state, and has four times been tried for conspiracy in connection with the assassination of Governor Goebel January 30, 1900. He was three times convicted, the jury disagreeing at the last trial.

GROVER CLEVELAND RAPIDLY IMPROVING

Lakewood, N. J., May 3.—That former President Cleveland is not so seriously ill as published reports during the week have declared him to be was the assurance given to the Associated Press tonight. The informant, who are in a position to speak, state that if the contrary were true at least two persons who are now attending to business as usual would be with Cleveland. A sudden attack of acute indigestion was experienced during the present week, but Mrs. Cleveland, who gave out a formal statement today, insists her husband is rapidly convalescing and his condition is no more serious now than it was when his illness originated last September.

HOPE DIAMOND REPORTED SOLD FOR \$400,000

Paris, May 5.—The famous Hope diamond, latterly owned by Joseph Frankels, Sons & Company, of New York, was sold here, it is reported, for \$400,000. It is believed to have been bought for the sultan of Turkey. The Hope diamond is a sapphire blue brilliant weighing 44 1/2 carats. At one time it was owned by H. T. Hope, and is supposed to have been cut from a large blue diamond weighing 112 1/4 carats in the rough and sold by Tavernier to Louis XIV.

PROSECUTION PRESENTS TESTIMONY AGAINST RUEF

San Francisco, May 4.—The prosecution this afternoon in the trial of Abraham Ruef, charged with offering a bribe to Supervisor Jennings J. Phillips in connection with a trolley franchise for the Parkside Realty Company, one of 117 indictments against him, dismissed the indictments against W. I. Brobeck and G. H. Umisen, who with J. E. Green were jointly indicted with Ruef 14 times in the Parkside matter. This followed the action last Friday of Assistant District Attorney Francis J. Honey in dismissing the same number of indictments against Green after he had refused to testify on the ground that he was a co-defendant. Brobeck has already given his testimony, and Umisen will follow Green on the stand, testifying for the state now that the indictments against him have been dismissed.

Green, who is president of the Realty Company, again took the stand this afternoon and told of employing Ruef as an attorney with a fee of \$30,000 to get a franchise from the board of supervisors, after other means to get the special committee to which it had been referred to take some action upon the application had failed.
