LEASED FARM FOR TWENTY YEARS

GRIGGS PLACE NEAR COMSTOCK IN HANDS OF PORTLAND PARTIES, WHO WILL DEVELOP COAL AND BUILDING STONE PROSPECTS—COTTAGE GROVE FIRM INCORPORATES

An important deal is being consummated this week that no doubt marks an important epoch in the development of this section of Oregon. The scene of action is in Douglas county some twelve miles south of this city, at Comstock. Here is located the J. A. Griggs farm. For some years it has been known that a bountiful supply of sandstone and coal deposits were to be found on the place, which consists of some 300 acres.

This week the papers are being drawn up between Mr. Griggs, as party of the first part, and R. G. and W. T. Bodley, of Portland, parties of the second part, for a lease onthe entire holdings for a period of twenty years. The consideration is $18,000.

The Bodley brothers are in Portland this week closing up the deal. It is understood that while it is conceded that a heavy deposit of coal will be uncovered when the time is ripe, the present operators will first develop the sandstone deposite.

This is simply the beginning of this kind of development. In a few years more this section of the state will be recognized as a great coal and building stone producer.

One of the recent incorporations concerning Cottage Grove is that of the Burkholder-Woods Company. This corporation absorbs the C. H. Burkholder general merchandising business, which has for many years been one of the leading firms of the city, corner Main and Third streets. Mr. Burkholder has been in active business here for the past twelve years, and in that time has been most successful. Something like a year ago LeRoy Woods, who for a number of years previously was engaged in merchandising here, became identified with the C. H. Burkholder business, with the result that these gentlemen have incorporated a general merchandising business under the name of the Burkholder-Woods Co. The company will occupy the new building which will be erected some time this summer on the same ground now owned by the firm, with some twenty-five feet added, taking in the Benson building now occupied by the Modern Pharmacy.—Cottage Grove Western Oregon.

DEPOSIT OF CALCITE FOUND IN BOHEMIA

"Bohemia" Sharp, the pioneer miner, was in town this week exhibiting some fine large specimens of a new mineral which he has discovered on his place in the Bohemia mining district, on the mail route, and only three miles from the railroad.

The new find comprises a large ledge of what is known in mining circles as calc-spar, or pure calcite, which in plain English is pure, unadulterated lime. The specimens exhibited are almost transparent and break into rombric form. When subjected to intense heat this cacite is reduced to a snow white sacked lime substance—in fact becomes a high grade of lime. It is valuable for various purposes, and Mr. Sharp will no doubt receive good returns from his new discovery, which he surely deserves, as he has spent a life time in seeking the hidden treasure of old Bohemia. Chicago and other Eastern parties are in correspondence with him regafding this new find.

Dr. W. W. Oglesby passed the 71st mile stone in life's journey Sunday and is still hale and hearty and well-preserved physically, for a man who has weathered so many hardships incident to pioneer days and the settlement of Oregon's early Indian troubles. He also figured conspicuously in the opening of some of the state's best mining camps, including the Bohemia gold mines. The doctor received the congratulations of many friends on this occasion, and from all appearances he is good for many more birthday anniversaries. He is still actively engaged in the practice of medicine and stands well up in the profession.

The entertainment to be given by the Woman's Club at the armory, which was announced for May 8, has been postponed until May 15. This entertainment is given to raise money to pay for flower seeds which were distributed to the school children this spring. Over two hundred generous packages were distributed. It is also desired that the club may have funds with which to carry out several plans in the way of civic improvements.—Cottage Grove Leader.

The World's Best Climate

is not entirely free from disease. On the high elevations fevers prevail, while on the low levels malaria is encountered to a greater or lesser extent, according to altitude. To overcome climatic affections, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness and insomnia. Sold under guarantee at W. Kuykendall's drug store. Price 50 cents.

I am booking orders for for chrysanthemums for delivery in May. Orders taken until May 15th.

Leave orders for cut flowers and designs with R. Rae, florist, 595 Willamette St.

NEWS NOTES FROM BUSY SPRINGFIELD

The new Odd Fellows' temple at Springfield, one of the finest of its size in the state, was dedicated to the work of the order last Saturday night before nearly 400 Odd Fellows and Rebekahs. A large number were present from Eugene, Coburg, Irving, Goshen and Crow. The ceremony was complete and impressive, as is characteristic of the order. Hon. J. M. Williams, of Eugene, was grand marshal of the dedication services, and W. F. Walker ,of the local order, was deputy grand master. The address of welcome was delivered by J. J. Bryan and was responded to by George Drury, of Coburg. After the dedication services Rev. D. H. Trimble, pastor of the Eugene Methodist church, delivered the address of the evening on "Immortality." The drill by Canton Hovey, of Eugene, and the solos of Miss Nellie Gilbert helped to furnish entertainment for the evening. At the conclusion of the regular program a light supper was given those present in the banquet room, after which speeches and toasts ended the dedication of the new home of the Springfield Odd Fellows.

The little five-yera-old daughter of Mr. and Mrs. Bert Harper, living east of Springfield, died Saturday night from heart failure. About three weeks ago the little one was sick with chicken pox, but had so recovered that she was able to be about. On Wednesday she was swinging in the yard when she fell, bruising one of her limbs, but not enough to cause any alarm. Later she was suddenly taken worse and the doctor was called, but he could give no assistance, as her heart was so weak that she gradually grew worse until the end came. It was reported that the fall fro mthe swing ported that the fall from the swing the dictors deny.

A corload of timbers has arrived and been delivered to Judkins' Point where the men are at work on the trolley line. It is said that they will start driving the piling today and that the road will be finished as they go. Cars are expected to be running over the road within ninety days.

J. L. Clark sod a bill of goods to a man giving Goshen as his home last Saturday, amounting to something over $14. The check was given on the First National Bank of Salem. He later went to the flour mill, where he purchased feed, also giving a check, but this time on a Eugene bank. He gave a different name at both places. A warrant is out for his arrest, but so far no trace of him has been obtained.

A baseball game will be played between the local team and either Albany or Salem next Sunday, at the Springfield baseball park. The Springfield line-up consists mostly of local boys, and it is hoped that Chas. Tallafero will again occupy the mound, as it is understood that he has agreed to be with the locals for one game, if not permanently. The game will be a good one and is deserving of good patronage.

Robert and Lewis Dixon and Felix and Bob Bettelheim left Springfield last Friday evening for San Francisco to see the Pacific fleet come in. The lads were all very jubilant over the trip, as it was their first journey so far from home. The Dixon boys will remain away but a week, while Felix and Bob will remain in 'Frisco for a month or more visiting relatives.

Born—To Mr. and Mrs. Thomas A. Billings, Sunday, May 3, 1908, at the Springfield, a nine-pound son.—News.

GOULD LIVERY, FEED AND SALES STABLES

Having purchased the Gilbert feed stables on West Fifth street, near Willamette, we intend to conduct a first-class livery, feed and sales stable. We are prepared to furnish good teams and ladies' saddle horses on short notice.

Our prices will be found reasonable and our treatment of the public courteous and obliging.

Having had much experience in the livery business we know how to conduct such an establishment in a first-class manner. We respectfully solicit a share of your patronage.
