

FINDING OF TOOTH POINTS TO MRS. GUNNESS' DEATH

LaPorte, May 12.—A gold crown tooth was found in the debris of the Guinness home today. It is believed to be from the head of Mrs. Belle Guinness, indicating that she was one of the victims of the fire.

knives, two of a surgical character and the third unmistakably a dirk. In the absence of evidence to the contrary it is believed the dirk may have been the chief weapon employed in the series of murders. The knives and scissors are thought to have been used in dismembering the bodies.

Further Mystery

Further mystery in the Guinness case is revealed by the report of Dr. J. Lucius Gray, who performed the autopsy on the body which the authorities steadfastly claimed to be that of Mrs. Belle Guinness. Dr. Gray tells of three rings found on the right hand, hitherto declared to be missing, is still in existence. The two rings bear the inscription "P. S. to J. S., Aug. 22, '94," and the other "P. G. to J. S., March 5, '95." Mrs. Guinness' husband was Peter Guinness but the identity of "J. S." is a puzzle which the authorities are apparently unable to explain.

HUGHES WOULD SERVE IF ELECTED VICE PRESIDENT

New York, May 12.—Governor Hughes will not accept the nomination for the vice presidency. In a letter to General Stewart L. Woodford Hughes says:

"For reasons which are controlling and which leave no room for discussion, and though I would be deeply sensible of the honor thereby conferred, I should not be able to accept, and will not, in any contingency, accept the nomination for the vice presidency, and even were I elected I could not serve."

WANTS ROOSEVELT TO STOP KNOCKS

Washington, D. C., May 11.—Insisting that the president "let up" on the railroads and that no opposition be made to the proposed increase in rates, representatives of the "Pros-

perity League" called on the president this morning.

Although the committee declared that it represented the most influential merchants of both east and west, it is believed here that the railroads influenced the movement to create sentiment in favor of higher rates.

IDaho STALWARTS ARE FOR BIG BILL

Spokane, May 12.—A special dispatch to the Chronicle from Wallace, Idaho, says the town is a mass of color today in celebration of the Republican state convention. About 300 delegates arrived this morning, and the general sentiment is in favor of Taft, no other candidate having been mentioned.

B. F. O'Neil, of Wallace, president of the State Bank of Commerce, and J. H. Brady, of Pocatello, candidate for governor, are the only two names mentioned as yet of the six to be chosen delegates to the national convention.

STATE GRANGE BEGINS SESSIONS THIS FORENOON UNDER AUSPICIOUS CIRCUMSTANCES

ALL DELEGATES PRESENT EXCEPT ELEVEN AT OPENING MEETING, AND FOUR OF THEM ARRIVED THIS AFTERNOON—VISITORS WELL PLEASED WITH EUGENE'S RECEPTION

The 35th annual convention of the Oregon State Grange convened in the I. O. O. F. hall in Eugene this forenoon with all the delegates in attendance except eleven, four of whom were announced to arrive on this afternoon's train. The hall was well crowded with the 75 or more grangers present, but not over-crowded, and the visitors are well pleased with their meeting place. In fact, the visitors are well pleased with everything they have encountered since their arrival in Eugene yesterday. The local committee from the Commercial Club and the county granges had ample accommodations for all, and there is no complaint from any source in that regard. The delegates are accorded every privilege and are being royally entertained by the city, the citizens vying with one another in endeavoring to make the visitors feel that they are welcome and that the people of this city are interested in their order and its splendid work.

Immediately preceding the opening session this forenoon the Commercial Club sent the Eugene Military band to the hall to play a couple of selections. This was highly appreciated and was a surprise to the grangers.

A good part of the forenoon was spent in organizing the convention, and listening to reports of committees. Mrs. Abigail Scott Duniway, the pioneer in the equal suffrage

EXPRESS MESSENGER BEATEN AND ROBBED

Seattle, May 12.—E. J. Perrine, express messenger on the Great Northern train which left Seattle at 10 this morning for Vancouver, B. C., was beaten into insensibility by a man who entered the express car, presumably at Seattle. He did not recover consciousness until after the train left the city limits, when he gave the alarm and the train backed to Ballard, where the injured messenger was given medical attention. Whether the highwaymen obtained any plunder and if so how much, is not ascertained. Later details are to the effect that Perrine was beaten over the head with his own gun and tied hand and foot by two men who, after overpowering the messenger, looted the strong box of money estimated from \$1000 to \$10,000, when the robbers escaped.

The men were dressed in brakemen's uniforms, and boarded the train as it was pulling out of the King street station in Seattle. Perrine paid little attention to them, supposing them to be train hands. As he was stooping over the strong box, which was unlocked, one of the men snatched Perrine's revolver from his pocket and struck him over the head. He did not lose consciousness, but was beaten until powerless, and was not discovered until the train was two miles out of Ballard, when brakeman Latham entered the car and found the bound messenger.

The brakeman's cap worn by one of the robbers, with the name Anderson written in ink inside, was found in the car. It is presumed the robber stole it.

The robbers were young men. A man saw the two robbers leave the train, hide their sack and take a street car into the city. The man later recovered the sack, which contained 200 nickels.

PUBLISHERS SLOW IN TESTIFYING AGAINST COMBINE

Washington, May 12.—In connection with the wood pulp tariff investigation Chairman Mann, of the house committee, today made a sharp complaint because the newspaper publishers fail to come forward and supply evidence to back up their charges. He said this may result in preventing the committee from reporting at this session of congress.

ROBBERS ATTACK PAWNBROKERS OF PORTLAND

Portland, May 12.—Just before noon today two Norris & Rowe circus employees went to the store of H. Neuman, second hand man and pawnbroker, at Second and Couch streets, and found him lying on the floor. He had been badly beaten with some blunt instrument and was bleeding from the nose and mouth. He was removed to a hospital and is thought to be fatally injured.

Last night a pawnbroker named Max Herman, at 267 Couch street, was badly beaten by a man bent on robbery and is in the hospital as a result of his wounds.

A stranger named C. W. Wagner, who claims to be a railroad man, has been arrested for the crime, but denies his guilt.

Both cases bear a strong resemblance to the Wolff murder in the character of the assault made.

Portland, May 12.—At 1 o'clock today Neuman was still on the operating table at the hospital, and the physicians were unable to say whether he will recover. The two assaults took place in the same vicinity on well-travelled streets, but no one has been found who is able to throw any light on the attempted murder. The police are unable to obtain any evidence against Wagner.

The victims are second-hand men, not pawnbrokers.

FATAL ACCIDENT AT JUNCTION CITY

Junction City, Or., May 11.—Bert Trip, 31-year-old son of Mr. and Mrs. William Trip, was killed here Sunday by falling from the top of a large tree. A large number of boys were out in the grove near town climbing trees. Bert had reached a height of about 60 feet. Then he treated a small limb that gave way. As the result of the unbroken fall to the ground, one of his legs, three of his ribs and his collar-bone were broken and the side of his head crushed. He died an hour afterward.

QUAKER STATE GRAFTERS AGAIN PLACED ON TRIAL
