HON. H. M. CAKE SPEAKS AT THE THEATRE TONIGHT

In attending the meeting at the Eugene theatre this evening both Republicans and Democrats will have an opportunity of hearing H. M. Cake, the Republican nominee for United States senator from Oregon. Mr. Cake is said to be a pleasing and impressive speaker, refraining absolutely from personalities and dealing only with the big issues of the day. "Yes, I have heard that my opponent has used my name and alleged facts in connection with my candidacy in his addresses," said Mr. Cake today, "but I shall positively refuse to be drawn into any personal discussion. I shall make no charges against him of any kind, but shall certainly not tolerate any charges against me."

JONES AND CRAIG ARE BOUND OVER

Harvey (St) Jones and Fred Craig, the two young men who were caught at Heppner a few days ago and arrested on a warrant from the Eugene Justice court, charging them with contributing to the delinquency of Addie Watts, a minor girl, now an inmate of the Boys' and Girls' Aid Society at Portland, were given an examination before Judge Bryson, of the justice court, this morning. The boys thought they could get off and were endeavoring to do so with prospects of success, late this afternoon.

'VARSITY AND HIGH SCHOOL WILL PLAY

A few months ago, when word was passed around among the local fans that the high school was to put out a baseball team, many shook their heads dubiously, thinking doubtless of the fact that for two years past the high school has had no representative baseball team and reasoning from this that it would be a difficult task to develop in a month a team that would be a worthy competitor of the more experienced teams of other high schools and colleges of the state. Others reckoned on the spirit that has ever been displayed by our local high school in any branch of athletics that she cared to take up. That spirit that though often defeated and disappointed, never quits, but ever rises again to meet the next opponent with the same courageous dash and gritty endurance that characterized their first attempt. Now I say those who reckoned upon this spirit trusted that eventually the high school would win, and although it must needs go up against far stronger teams it would ever acquit itself honorably.

So far the high school has proven itself worthy of this trust. They have so far played five games and all of them with the stronger amateur teams. Although three of these have been defeats, those who watched closely saw in our local team the material of a winning bunch. Each game has been closer than the one before and now the hopes of the high school are soaring high and they are believing that, although no championship banner can be won this year that baseball will be given such an impetus that it will never again die out in the high school.

On tomorrow afternoon the high school's regular first team will line up against the varsity regular first team. The other game was unaccountably lost, neither team showed its normal strength, but tomorrow they will both be in good shape and the lovers of the great American game who wish to see an exhibition of skill, of half-pounding baseball had better be on hand at Resurrection Park tomorrow (Wednesday) at 2:30 sharp, with 25 cents in their jeans, or they will miss one of the finest exhibitions that it will ever be their good fortune to have a chance to see.
