

## DRINK-CRAZED PLUMBER COMMITTS AWFUL CRIME

San Francisco, May 19.—William Hanna, a well-to-do plumber, residing at 1114 Tennessee street, cut the throats of his baby son, Burton, and his daughter, aged two years, with a razor early today. Both will probably die. He then invaded the apartment occupied by his wife and two other children, two girls and a boy, aged respectively four, five and six, and announced:

"I have killed the two babies and now going to kill you."

Mrs. Hanna jumped from bed and applied with the armed maniac, and in the struggle to prevent his trying to hold her husband, she managed to hold her husband in their robes, fled to the street. She followed them.

Hanna then locked himself in the room with his two victims, and when the police broke in they found him dragging the boy up by one leg in the act of drawing a razor across his

throat. Hanna was overpowered and handcuffed.

He was crazed by drink.

## MISS MAE WOOD CONTINUES STORY IN DIVORCE CASE

New York, May 19.—Mae Wood continued her testimony today in her suit for divorce from Senator Platt. Counsel for Platt concluded his cross examination, questioning her about a release she gave Abraham Hummel, the former lawyer, in 1903, in which she agreed to accept \$30,000 in settlement of her claims against Platt. Miss Wood declared yesterday that the release was secured under duress, but that she said she accepted some of the money. Although Miss Wood had signed the release and declared in an accompanying affidavit that she gave the alleged Platt letters to Hummel as her attorney, she denied today that she had retained Hummel as counsel but said she could have obtained \$50,000 for the letters. She asserted today that she was paid \$7500 for the letters, but she did not know where the money came from.

## MRS. GUNNESS' TEETH FOUND IN DEBRIS OF BURNED HOME

La Porte, May 19.—Just before noon today the upper and lower plates, which came from Mrs. Guinness' mouth, both containing her false teeth, were recovered through the slicing of the ashes of the Guinness' home. They have been positively identified by the dentist who made them.

LaPorte, May 19.—The issuing of a death certificate for Jennie Olson and turning the body over to relatives in Chicago puts the official stamp of identification upon one of the bodies found on the Guinness farm, regarding which there has been so much controversy. Although identified by her brother, many refuse to believe that the girl is dead.

In this connection the story of Earl Greening, who worked on the farm for Mrs. Guinness in the fall of 1904, is interesting. He says that on a Friday in September a man

came to the house and that night Mrs. Guinness asked Mr. Greening to sleep in the barn, as the couple, whom she said were the professor and his wife from the Los Angeles college which Jennie was attending, would spend the night at the house and would require Mr. Greening's bedroom. In the morning Mr. Greening saw nothing of Jennie nor the professor nor his wife, but he was informed by Mrs. Guinness that they left on the early train, taking Jennie along.

This body, which is now declared to be that of a young woman, was taken from the same hole as was that of Jennie Olson, and in that hole were also the bodies of Ole Budsberg, of Iola, Wis., and the remains of a male person. All the bodies were dismembered, but the trunks of the four were such that it was possible to identify the bodies of Jennie Olson and Budsberg. It is evident that three murders occurred in one night.

Other Bodies Buried.  
Seven unidentified bodies, including one female, were buried in the Potter's field today.

## BOOSTER HARTOG WAS INJURED IN STAGE ACCIDENT

DRIVER ATTEMPTS TO DODGE  
MUD HOLE IN ROAD AND VEHICLE  
GOES OVER EMBANKMENT  
—EUGENE'S BOOSTER BRUISED  
AND CUT, BUT NOT SERIOUSLY HURT

A special telephone message to The Guard from Hale this morning brought the information that the westbound Eugene-Mapleton stage went over an embankment seven miles east of Mapleton last evening, and the passengers, John H. Hartog, W. W. Calkins and L. E. Bean, all of Eugene, were carried down with the vehicle. Mr. Hartog, who was on his way to Florence to deliver the principal address at the rhododendron fiesta there, was pretty badly bruised and cut about the head and legs, but the injuries are not considered serious. Messrs. Calkins and Bean, who were also on their way to Florence to attend the fiesta and incidentally to do a little campaigning (they are candidates for the legislature), escaped practically unscathed. The driver was also uninjured.

Mr. Hartog, being unable to proceed on account of his injuries, was taken back to Swiss Home, where he spent the night and was taken on to Mapleton this morning in a buggy. Messrs. Calkins and Bean walked on to Mapleton last night with the driver, one of the horses, while being extricated from the mix-up, having run away.

The accident was caused by the driver trying to dodge a deep mud-hole in the road. He went too far, and the wheels of the stage slipped over the edge of the precipice, which, however, was not very deep, or there might have been several fatalities to record.

Princeton, May 19.—Dissatisfaction is shown by some of the authorities of Mercer and Middlesex counties over the decision of the coroner of the latter county that Miss Bertha Vanderbilt was accidentally drowned, and this is creating new interest in the case. A second examination of the body by Dr. Sydan confirms the opinion of the coroner that death was accidental and the parents of the girl are satisfied with the verdict.
