The world's best climate is not entirely free from disease. On the high elevations fevers prevail, while on the low levels malaria is encountered to a greater or lesser extent, according to altitude. To overcome climatic affections, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier, the antidote for every form of bodily weakness, nervousness and insomnia. Sold under guarantee at W. Kuykendall's drug store. Price 50 cents.

The baseball game which was to have been played between the Eugene high school and Columbia University teams yesterday afternoon in Portland had to be called off on account of rain. While it cleared up in the afternoon somewhat, the Vaughn street grounds were covered with water and it was impossible to play there. It was decided to play on the Columbia diamond, but before the teams returned from the professional grounds it had commenced to rain again, so that the game was postponed indefinitely. It was a keen disappointment to the Eugene boys, who had made the trip from Eugene for this one game. They returned home last night.—Today's Oregonian.

## PAVING PETITIONS REFERRED TO COMMITTEE

PROPERTY OWNERS AND COUNCILMEN WANT SEVERAL MORE STREETS PAVED—A NUMBER OF ORDINANCES PASSED AT MEETING LAST NIGHT

As predicted by The Guard yesterday, petitions for the paving of several additional streets were presented at last night's city council meeting. First, a petition to pave West Eighth street from Charnelton west to Blair was presented. It was proposed by Councilman Harbaugh that the following streets be included in the paving to be done under the next contract: East Fifth street, from Willamette to Oak; East Sixth street, from Willamette to Oak; West Ninth street, from Olive to Lincoln; Tenth street, from Olive to Oak; West Eleventh street, from Willamette to Olive, and Olive street, from Tenth to Eleventh. After considerable discussion the matter was referred to the committee of the whole till next Monday night, when another meeting will be held. There is talk of enjoining the city from further paving if more contracts are let.

**Ordinances Passed**  
The judiciary committee reported on several ordinances which had been reported to them, as follows:  
To prohibit minors from frequenting billiard halls, poolrooms and card rooms without written permission from parents or guardians. The ordinance was unanimously passed.

Regulating weights and measures was presented and by motion referred to the judiciary committee and the city attorney.

To prohibit dogs from running at large and fixing the license at \$2.50 for male dogs and \$5 for female dogs per year was passed by a vote of six for and two votes against.

Regulating the cutting and removing of telephone, telegraph, electric or trolley wires in moving houses through the streets was unanimously passed after much discussion.

The fire and water committee reported on the ordinance prescribing the duties of drivers and assistant driver of the fire engine. It was unanimously passed.

The matter of theatre licenses was brought up by Attorney F. M. DeNeff, representing George H. Smith, proprietor of the Eugene theatre. He stated that the Orpheum and other similar places were not in the same class with the five-cent shows and should pay a higher license. The matter was referred to the finance committee.

The new sewer between West Fifth and West Sixth street from Jefferson to Blair was reported favorably and the one on High street from Second to the river was reported unfavorably.

## BIG CHIEF UMAPINE BUYS A BUBBLE

Pendleton, May 18.—Umapine, sub-chief of the Umatilla tribe and one of the wealthiest Indians on the reservation near this city, has ordered a motor buggy from a local firm, and so far as is known is the first Indian in the Northwest to take a fancy to the horseless carriage. Umapine is one of the most progressive Indians on the reservation, and for several weeks has been hanging around the automobile garages, looking anxiously at the big machines. He finally decided on a motor buggy valued at \$500. He will have a half-breed nephew for a chauffeur, it is said, and will use the buggy in making his daily trips to the city. He owns a large tract of wheat land and is very prosperous. Two years ago Umapine started local storekeepers by buying a \$40 alligator hand grip before starting for Washington, District of Columbia, to confer with the Indian commissioner. He is a full blood Walla Walla Indian, belonging to the Umatilla tribe.

## AMUSEMENTS

The Empire Stock Company, which has purchased the Orpheum theatre and which began an all-summer's engagement there last night, made good from the onset. The first performance was that of "The Millionaire," a breezy comedy-drama of the lighter order and well put on. The house was crowded to its capacity, and it is said that many were turned away, unable to obtain even standing room.

The cast of characters is good and includes Steve Burton, a Eugene boy, who is making good in his profession. He played the part of an Irish servant last night and his efforts were appreciated by his many friends who were in the audience. L. Brigham Percival, as the millionaire, was all that he is advertised to be and more, too. Miss Emily Holzer, the leading lady of the company, made a hit with the crowd and Miss Inez Brigham and Norman Gray sustained their respective roles well. Harry Hopkins, of this city, was the illustrated songster. He promises to become as popular as his brother, Frank, in that line of work.

## DEPOSED LEADER LOSES HIS TEMPER

Chicago, May 18.—William D. Haywood, deposed leader of the Western Federation of Miners, has again manifested his contempt for courts, judges and writs issued by them.

"To hell with the courts. To hell with injunctions! To hell with the judges that grant them," he shouted

WILLIAM D. HAYWOOD.

In addressing a gathering of socialists that had assembled to ratify the nomination of Eugene V. Debs as the presidential candidate of the socialist party.

An audience of 3000 listened to his vitriolic speech. Having scored the machinery of the law, Haywood bitterly criticized President Gompers, of the American Federation of Labor, and John Mitchell, former head of the miners' organization. In fact, he roundly grilled every labor leader who has failed to embrace the cause of Socialism. The speaker also denounced President Roosevelt as a coward for branding him and Meyer as "undesirable citizens."
