

HARRY THAW MUST REMAIN IN ASYLUM

Poughkeepsie, May 25.—Harry K. Thaw, slayer of Stanford White, will not be released from the lunatic asylum. This decision was rendered by Justice Morschauser, of the supreme court, in an opinion filed early this morning in the matter of Thaw's application for release on a writ of habeas corpus.

He did not do. He should have known that the adjudication of the court would follow a verdict of guilty by reason of insanity; he was represented by able counsel who urged the jury before he was tried upon a charge of homicide to acquit him because of his insanity.

The court said: "There was no violation of Article Section 6, of the constitution of the state of New York, or of Article XIV of the United States constitution. Thaw had the opportunity on the trial to introduce evidence of his mental condition at that time, which

should declare in the first instance a statute unconstitutional unless its unconstitutionality is plain, and especially when the statute has been long in force and its constitutionality has never been questioned. This may well be the rule when the effect of a declaration of unconstitutionality would be to free from needful restraint a number of persons of unsound mind of whom it has been adjudged by competent courts that their going at large would be dangerous to the public peace or safety.

"The relator claims that the state does not provide a method by which Thaw can be discharged.

"Section 99 of the insanity law provides: 'Any inmate, not a convict, held upon an order or court or justice in a criminal proceeding may be discharged therefrom upon the superintendent's certificate of recovery, made to and approved by such court or judge.'

"I believe no injustice has been done to Thaw or will be done to him by depriving him of his liberty until such time as he can be discharged by the method prescribed by law.

"Bearing in mind that the usual punishment for the act which led up to the detention of Thaw is death, or a long term of imprisonment, and that said Thaw escaped the consequences of such act solely by reason of his existing mental condition, I do not deem it proper to allow Thaw his freedom, suffering as he is from

FEDERAL SUIT IS BROUGHT AGAINST MILLIONAIRE SMITH

Portland, May 25.—To recover 2,280 acres of the best timber land in Oregon, valued at approximately \$1,000,000, now in possession of C. A. Smith, a millionaire lumberman of Minneapolis, United States District Attorney John McCourt today filed bills of complaint in a suit in equity. The defendants named are Smith, his financial agent, Frederick A. Kribbs, the Meely Brothers, who are alleged to have secured "dummy" entrymen, and the entrymen themselves. ALLEGED THAT MRS. GUNNESS IS STILL ALIVE

La Porte, May 25.—Attorneys for the defense in the case of Ray Lamphere, charged with the murder of Mrs. Belle Guinness and her three children, are in receipt of a letter from a man in Arkansas, whose identity they refuse to divulge, but who formerly lived in Marshall county, this state, who states that Mrs. Guinness escaped in man's clothing, and that May 6, five days after it is alleged that she was burned to death, he received a letter from her. He says he will produce this letter and give other evidence. That the body of Mrs. May O'Reilly, who disappeared from Rochester, N. Y., last fall, was substituted by Mrs. Guinness for her own in the fire is the latest theory of the attorneys for Lamphere, who claim they have evidence to substantiate such a conclusion.

SERIOUS FLOODS ON TEXAS RIVERS

Dallas, Texas, May 25.—A sudden and record-breaking rise of Trinity river threatens a destructive flood at this point. One life has been lost and many families on low-lying spots have been driven from their homes. At 2 o'clock the flood had reached 51.3 feet, the highest ever known, and the situation is growing worse every hour. It is now estimated that two thousand are homeless in Dallas, and the city will be in darkness tonight. The mayor has issued a call for a conference of business men. Trinity river is a raging torrent. Bridges in several directions have been washed out, and it is reported a number of persons have been drowned. A section of the Texas & Pacific bridge was washed out and fifteen men were thrown into the river, six being drowned. The city is without water, the mains probably being broken by the force of the flood.
