SEVERAL REAL ESTATE SALES AT PLEASANT HILL.

PROPERTY BEING TRANSFERRED BY SEVERAL RESIDENTS—OTHER ITEMS OF INTEREST

(Special Correspondence.) Pleasant Hill, May 25.—Ed Dangler, of Springfield, has taken charge of the Statzer blacksmith shop, and it is safe to say will restore the popularity of the same.

Several changes in real estate have taken place in the last few days, and more are likely to occur in the near future. Mrs. Whitney has sold her home to Nick Morehouse, of Jasper; John Elliott sold 15 acres of the residence portion of his farm to Phil Sylvester, of Jasper, who will move as soon as Mr. E. can build a new house; and Robert Sherman has sold his fine large farm to a Mr. Bailey, of Woodburn.

Mr. Sherman will move to Woodburn in a week or two. Aunt Katie Basket has returned to her home near Salem after several weeks' visit with her sister, Aunt Polly Callison.

Miss Ada Davis is home from Spokane, Wash., for a short visit with her parents. P. N. Shelley is up from Portland and will go to the springs as soon as the weather is suitable. His health is not much improved.

The cemetery board has bought wire fencing and will all the help it can get to put it up next Thursday (the 28th). The ladies will furnish dinner for all. Come and bring post augers, hammers, grubbing hoes and drawing knives. Not enough money has been raised, but it is believed more will be sent in.

Don't forget the big picnic June 6th. The usual attractions will be present, ice cream and confectionery stands, lunch counters, and a ball game between the Santa Clara and Pleasant Hill teams.

DR. CLARENCE TRUE WILSON ON WOMAN SUFFRAGE.

(Rev. Clarence True Wilson.) The question is not whether the women have a right to vote, but it is whether we have a right to compel them all to vote at the dictation of a very small minority of their own number.

It is certain the vast majority of our women do not wish the ballot. The laws for the protection of women are improving steadily with the years and every interest of hers is as well safeguarded as that of any man. If you wish to protect the rights of women ask yourself today, does my wife want to vote, does my sister, does my mother claim it to be her privilege? If they do not, what right have I to compel them to do it by my ballot?

But it is said we need the ballot of woman to aid us in government. But is it expedient? Will society be improved by the granting of the ballot to women? Will the better element of women come to the front as political workers and fill our offices, or will the worse? Which is the better element of women? The quiet and unassuming queens of our homes, our mothers, sisters, wives and sweethearts; or will politics be controlled by the clubwomen? This is not an untried experiment. Four states have given the ballot to women unconditionally, and after 30 years of women's voting, politics has not arrived at the moral standard of our own state, in Wyoming, Colorado, Idaho or Utah. But you say, "There are not as many women as men in Wyoming." Yes, but in Utah women are so plentiful that seven or eight of them club together and keep one husband between them, and with this numerous company they have not closed the saloons, or closed the brothels, or prevented gambling dens, or purified politics. Indeed, there are not four states in our Union where politics is so corrupt as in the four states where women vote.

It is a sad picture where a man, for the sake of office, will sell his integrity, but it is sadder, and a common sight, in the state where women vote, to see women sell their virtue for offices.

Can Give Specific Incidents. I can give specific incidents with names, places and dates, where women, desiring to be assistant county clerks, etc., are sent from the candidates' office to the political boss to there offer her all at the shrine of a man, who, but for politics, would not be allowed to enter her home. In every woman's suffrage state, the proverb has had a double emphasis that "Politics make strange companions."

If you wish to prevent such conditions in Oregon, vote "No" on the woman suffrage amendment on June 1st.

The matter of paving West Eighth street from Charnelton to Blair street was deferred until another meeting because of a remonstrance against the improvement. Several other remonstrances were read, but no action was taken on any of them.

The width of the paving on Tenth street was left to the street committee to investigate and report to the city attorney before he draws the ordinance.

The question of paving West Ninth street from Olive street west to Lincoln was ordered deferred until the next meeting.

Miscellaneous Matters. The petition for a sewer on Second street, from High street to the river, was granted and the survey and specifications ordered.

The question of removing the trees in front of the government postoffice site was referred to the city attorney to report on the legal status of the case. The street committee was empowered to tear up the old sidewalk and fill in with gravel and surface with decomposed granite.

The street commissioner was authorized to consult with the city attorney and take immediate steps to remove the obstructions on Oak street in the shape of the two old buildings now standing in the center of it, and which are being moved very slowly to a new location.

The matter of grading and graveling Twelfth street between Oak and Pearl streets was ordered.

The matter of putting in an arc light at the corner of East Twelfth and Oak streets was referred to the fire and water committee.

A contract was let for the construction of a sewer 220 feet in length in the alley between Pearl and High streets, north of East Twelfth. The contract was given to Thomas Solheim, at \$145.50, his bid being the lowest.

The other bid was that of E. R. Mumney at \$150.

The ordinance prescribing the duties of driver and assistant driver of the fire team, which was passed at the last meeting, was reconsidered and another ordinance was passed which was the same as the first one except that the driver and assistant driver be selected by the fire and water committee, leaving out the chief engineer.

Another meeting will be held next Monday evening.

STEVE PUTER'S BOOK HAS BEEN PUBLISHED

"Don't shoot, Steve; for God's sake, don't shoot!" This is the way that the noted detective, W. J. Burns, pleaded with S. A. D. Puter when the latter covered him with a revolver at the time of Puter's arrest in Boston, according to the noted land frauder's book, "The Looting of the Public Domain," which is just off the press.

Puter wrote the book while in jail serving out sentence for land fraud conspiracy.

Puter's account of his arrest by Burns in Boston, his escape and re-arrest in Oakland, Cal., differ materially from the story as told by other writers on this subject.

Puter's book reveals a number of sensational incidents in relation to the land fraud game in the Pacific Northwest. A number of these alleged grabs took place in Idaho and Washington, as well as Oregon. Names are mentioned in every instance.

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking.
