BACKWARD STEP SUICIDAL.

The University of Oregon reserves the loyal support of every voter in Oregon. If the state of Oregon needs a University, it goes without question that the people of Oregon should see that it is one worthy of the position we occupy in the great sisterhood of states.

STEPHEN JEWELL.

County Judge, Josephine Co.

AL EFFORT FOR RELIEF OF MANKIND

The University of Chicago has been a crusade for common-sense oratory, in which buncombe shall be banished, to give place to sane discussion, and in consequence of this form has had grave differences with adjacent institutions of learning, leading to a valued exchange.

Plans have often been made,

says Cassier's magazine, to develop the power of the tides, but in most cases these have failed of commercial success. Now, however, a project is well advanced to harness the power of the tides on the coast of Maine.

AN OLD, OLD STORY.

A few weeks ago a very handsome St. Louis woman left a good husband because she was "tired of him" and ran away with a rake.

Notwithstanding indorsement

by the governors' conference and passage by the house with only two dissenting votes of the Inland Waterways Commission bill, the senate bosses have declared that the bill shall not pass that body, simply because Roosevelt wants it.

And the postal savings bank bill

has been tucked away in the closet already filled to overflowing with good intentions postponed until after election. Meanwhile old stockings and such contain a lot of money that ought to be circulating.

Eugene Debs has been nominated

for president for the third time, and no hoisting is being done by anybody about it. In this country a presidential nomination is always open to any man who can control a national convention.

The campaign will close tomorrow

but the real battle will be made this afternoon with the election of the candidates. The people generally have all agreed to elect Debs.

General Nelson A. Miles says

"we are not a candidate for the

legislature from Lane county, entered the race late at the earnest solicitation of friends, and is not a seeker for office in the ordinary sense. During his residence of twenty-two years in the county he has resided mainly at Mapleton and Bohemia and has been engaged in various pursuits, winning in that time many friends by his straightforward business methods and standing high in the estimation of the people among whom he has lived.

A UNITED STATES MONITOR AS A TARGET.

A modern monitor which cost \$1,000,000 is a rather expensive target, but that is the use the Florida, built in 1901, has been turned to by our navy. The idea of the navy officials in using the Florida as a target was to test the effect of heavy shells fired against her gun turret, the accuracy of torpedoes when directed at a real war vessel and the effect of shots on a spiral military mast.

MR. BEAN CONFIDENT OF TICKET'S SUCCESS

Louis E. Bean, republican candidate for the legislature, has returned from the picnic at Junction, where he made an address to the voters yesterday, along with other candidates for county offices.

Valued Same as Gold.

R. G. Stewart, a merchant of Cedar View, Minn., says: "I tell my customers when they buy a box of New Life Pills that they get the worth of that much gold in weight, it affluited with constipation, malaria or biliousness." Sold under guarantee by W. Kuykendall, druggist, 250

Agents of the society for the prevention
