**APPROPRIATION MONEY WILL BE WELL SPENT**

**IMMEDIATE NECESSITIES WILL TAKE UP NEW SURPLUS FOR YEARS—NEW BUILDINGS WILL GO UP, NEW MEN WILL BE HIRED AND APPARATUS WILL BE BOUGHT**

Since the people of Oregon have shown by their votes they are heartily in favor of the appropriation for the State University at Eugene, they may desire to know specifically how this appropriation of \$125,000 annually will be used. For the past several years the University has been receiving an annual appropriation of \$17,000, which, together with incidental fees and the interest from the Villard fund and special appropriations from time to time, has made up about \$75,000 annually; and for the several years just past the 'varsity has been run and was run this year on a \$75,000 basis. The new annual appropriation of \$125,000 merges all the special appropriations into one.

As the University has more than doubled in attendance in the past two years, the present running basis is insufficient. All the buildings and apparatus are far too small and few. The new library building and the small cottage for the women of the University, both of which are badly needed, could not be furnished nor heated this year owing to lack of funds. Both these buildings must be furnished at once. The library, which touches all departments of the University alike, needs an annual expenditure of \$10,000 for several years to bring it up to even an ordinary standard of efficiency. Additional instructors are needed in several of the departments, whose salaries will amount to \$10,000 or \$15,000 yearly. A woman's dormitory and boarding hall must be put in at once. It is estimated that this will cost about \$50,000. Another building is needed for class, laboratory and recitation purposes, which will cost about \$75,000, and the power and water plant, which has been greatly overtaxed, will take \$10,000 or \$15,000 to meet the demands upon it for heating, lighting and fire protection. The campus should be enlarged at once, for it is now too small and crowded. The land which borders upon it and which the University considers buying as soon as funds are available, is growing in value every year, and buying it now will mean saving considerable money.

These improvements will cost from \$125,000 to \$150,000, enough to absorb the amount above the annual running expense for several years. When the state legislature passed the \$125,000 appropriation this year of course it did not make any special appropriations, and when the \$125,000 was held up by the referendum the University was forced, as it were, to run an \$80,000 business on \$55,000. This could only be done by cutting down expenses wherever possible, and for three months last fall no member of the faculty received a cent's remuneration, taking notes for his money and relying upon the people of the state to support the appropriation and thus make the notes good. The University will close this year without a cent of money on hand, and it will require careful handling and scheming to make the \$125,000 do the work the University needs it to do. All expenditures are paid by the University steward, who is under heavy bonds. The bill, however, must have been "O. K.'d" by the steward, president, and finally by the board of regents before it is paid, so there is little chance for any money to go astray.

**DEXTER ITEMS**

(Special Correspondence.)

Dexter, June 1—Hay and grain are growing fine since the last rain.

Rev. D. E. Baker preached three very interesting discourses at the school house Sunday. After the afternoon sermon there were two candidates presented themselves for baptism.

Rev. Kelly, of Saginaw, also spent Sunday here and intends to stay over and visit some this week with friends.

Mr. and Mrs. Turvel Truelson had the sad misfortune to lose their little two-year-old daughter, the little one being sick only ten days. The many friends of Mr. and Mrs. Truelson extend their sincere sympathy.

E. T. Templeman, the road supervisor in this section, is doing quite a lot of work on the roads between here and Trent.

The last news from Mr. and Mrs. T. H. Hunsaker since they started for Klamath Falls is from Medford, where they are visiting friends for a few days before resuming their journey. Several years ago Mr. Hunsaker owned a blacksmith shop at that place.

Mrs. J. V. Stewart, of Goshen, visited relatives at Dexter a few days last week.

J. C. Vincent, H. M. Parvin and W. F. Tate will all be seen taking a sail in their new carriages and buggies as soon as the mud dries a little.

Mrs. R. L. Jacobs is losing quite a number of lambs from her flock by coyotes and cougars. Says there is a chance to show your skill at hunting.

**JASPER ITEMS**

(Special Correspondence.)

Jasper, June 2—The election passed off very quietly.

Mrs. Bessie Garrett of Brownsville and Miss Vera Laird, of Garfield, Wash., who had been visiting relatives at Natron and Jasper, went to Eugene last Saturday for a two-days' visit with relatives before starting for their homes.

The ball game at Jasper Sunday between Thurston and Jasper teams stood 12 to 6 in favor of Jasper. Our Jasper team is doing well for amateurs.

The Woodmen of the World, Camp No. 572, will unveil a monument at the Mt. Vernon cemetery next Sunday, June 7, at 2 p. m., in honor of Neighbor W. H. Jones, deceased. All are invited to attend.

Chill and Web Walsh are home from the loggin' camp on the Willamette for a few days only.

Seattle, Wash., June 2.—Mrs. Leonard E. Smith is prostrated with grief over the death of her three-year-old daughter who died Sunday morning after eating match heads. The child ate the heads off all the matches in a large box and suffered for more than 12 hours before she died.

Thinks It Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery for years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung troubles, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has been at the head of throat and lung remedies. As a preventative of pneumonia and healer of weak lungs it has no equal. Sold under guarantee at W. A.
