NO. 140

OVER FIVE HUNDRED DELEGATES ARE SURE FOR OHIO MAN

Chicago, June 11.—With a majority of the contests wiped off the books and Taft delegates accredited to the number of 504, much of the interest in the meeting of the National Republican committee today centered in the make-up of the committee.

Last night Illinois and Ohio affairs held the centre of the stage. It is asserted that A. L. Vorys is to succeed Myron T. Herrick as a member of the national committee, but neither of these members would discuss the report.

The Illinois contest is between the Illinois contest is between Con and Frederick W. Upham, who has been chief worker in arranging for the convention and in raising funds for Chicago's part in entertaining the delegates. Upham has the endorsement of many commercial interests

of the city and supporters among the party leaders.

Preparations are well under way for the reception of the "bosses" of the various legislatures. The Rock managers announce that a "flood" of delegates will be here to vote on the "bosses" of the various legislatures. Among the "bosses" will be Governor Aldy, who is said to have visited several new ideas. The Foraker, LaFollette and Hughes camps are also preparing to turn out en masse, but their plans are more or less secret.

Portland Unchanged
Portland, June 11.—Wheat is unchanged.

Yesterday's baseball scores: Portland, 13; Oakland, 2; Los Angeles, 4; San Francisco, 5.

FLOOD CONDITION RAPIDLY IMPROVES AT KANSAS CITY

Kansas City, June 11.—Flood conditions here are better on the whole this morning. The Kaw river began falling immediately before daylight, and the water receded steadily from the buildings along the Missouri river, but it is not yet clear whether it will do no material damage at this point, and from now on it is predicted that the situation around Kansas City will improve. All railroads are in operation in and out of Kansas City this morning except the Union Pacific and the Missouri Pacific, whose bridges are under water, and the Santa Fe. These three roads are using the "Pike" tracks.

Despite the fact that thousands are homeless in Armourdale and Argentine, there is no actual distress, as the people of Kansas City are taking care of all who are needy.

LOSS AT TOPEKA IS ONLY NOMINAL

Topeka, June 11.—Normal conditions prevail, except in some of the lower portions of the town, which

are still under water, and business is rapidly being resumed. Aside from the cost of moving out and in and cleaning up, the loss will not aggregate more than \$99. This, of course, does not include the loss of the Union Pacific bridge.

FIGHTING HARD TO SAVE BILLEK FROM SCAFFOLD

Springfield, Ill., June 11.—Because Billek's application to the supreme court to take up the question of its unfavorable decision so that the case might be sent back to the circuit court for a new trial, was denied today, the supreme court ruling its previous decision was final.

O'Callaghan Still Fights
Chicago, June 11.—During today Father O'Callaghan will hold a series of meetings throughout the city in what he calls a "whirlwind finish of his campaign for justice for an innocent man" in an effort to arouse public sentiment against the hanging of the man.

Chicago, June 11.—Judge Landis, in the United States district court, after listening to the arguments in the plea for a writ of habeas corpus, in behalf of Herman Billek, denied the plea. The attorneys then made a motion for an appeal and arguments on this were made at length.

Judge Landis declined to enter an order of appeal which would in any way interfere with the carrying out of the death sentence.

REPAIRING BREAKS IN MONTANA ROADS

Butte, June 11.—The break on the Oregon Short Line at Buxton near Silver Bow was repaired by noon today and traffic resumed. The Northern Pacific will not be opened before tomorrow, and the Great Northern gives no promise as to the Montana Central branch, and may be out of commission for a week or more.

PASSENGER VESSEL IN DISTRESS

San Francisco, June 11.—Advisors have been received by the Merchants Exchange that a large passenger steamer, carrying red lights, passed Point Arguello, 200 miles south of here, today. Shipping men are unable to identify the vessel.

OFFICERS ELECTED

Portland, June 11.—Officers were elected and a mass of routine business was transacted by the grand jury of Oregon, A. P. M. M., which opened its 25th annual communication yesterday in the Masonic Temple, West Park and Vanhill streets. The following officers were chosen for the ensuing year: Grand master, Edward E. Kiddle, Island City; deputy grand master, Norris R. Cox, Portland; senior grand warden, Charles E. Wolverson, Portland; junior grand warden, T. M. Baldwin, Klamath Falls; secretary, W. A. Cleland, Forest; grand secretary, James F. Robinson, Portland.

GOVERNOR HUGHES WINS FIGHT AGAINST TRACK GAMBLING

CHARLES EVANS HUGHES.

Albany, June 11.—A test vote in the senate this morning showed 26

for abolishment and 25 against the abolishment of gambling. The test came on an amendment which would have killed the pending bill. Senator Foelker voted with the majority.

The Bills Passed.
According to arrangements made last night the senate today voted on the anti-race track gambling bills, and they passed them both by a vote of 26 for and 25 against. Both bills passed the assembly yesterday. Senator Foelker, whose illness constituted an element of doubt as to the outcome of Governor Hughes' fight to make race-track gambling a crime, was better this morning and able to be present. He voted in support of the bills.

Senator Grady attacked Hughes' course in demanding legislation against race track gambling while only asking for a commission to investigate stock speculation.

Senator Cassidy, who at a regular session cast what was regarded as the deciding vote against the bills, argued for regulation rather than suppression of the evils.

"Neither prison bars nor waste wealth can make people virtuous," he said.

Governor Hughes has signed both racing bills and they went into effect from the moment the governor signed them.

STILL HUNTING FOR SLAYER OF MRS. MORRISON

Bellingham, Wash., June 11.—Papers are still scouring the country on both sides of the international boundary line for the man who attacked and murdered Mrs. Elizabeth

CAR DYNAMITED IN CLEVELAND INJURING MANY

Cleveland, June 11.—The police of Euclid Heights, a suburb of Cleveland, where a street car was dynamited early this morning, are bending every effort today to run down the interloper who placed the explosive on the car tracks. Seven passengers were injured, none fatally, as a result of the explosion. The car was running slowly when the front wheels struck the explosive.

The explosion was heard for a mile and the floor of the car was lifted upward and the passengers thrown to a back-splash into the floor. The car was lifted clear from the track and within a short distance of an embankment of the road.

Two large sticks of dynamite were found on the track where they had been placed with the intention of blowing up the car going in the opposite direction.

SENIOR PLAY AT HIGH SCHOOL TONIGHT

Instead of at the theatre, as inadvertently stated in The Guard last evening, the senior play, "Mark Twain," will be given at the high school assembly room this evening.

Arriving and the child is being held for examination by Canadian officers. Search is now being prosecuted for a child who appears to be the description of the kidnaper given by the witnesses of the killing. He has been traced to this city from Illinois, says a dispatch from Chicago.

Miss Kate Smith has returned to Oregon from Burns, where she has been teaching school.

ACTOR HITCHCOCK AGAIN ACQUITTED OF GRAVE CHARGE

New York, June 11.—Raymond Hitchcock, the actor, who has been for several days on trial on charges preferred by several young girls, was acquitted by the jury today. He

RAYMOND HITCHCOCK.

was acquitted on the charge of seducing a girl, but was convicted on the charge of seducing a girl under 16 years of age. He was sentenced to 30 days in jail.

At the hearing he was what would be called a "wild man" in the eyes of the jury. He was wearing a white shirt and a white tie, and was looking at the girls in a very suggestive manner.

J. J. Smith, returned home this morning to Napleton.
